(Proposition 218 – CSA 70 S-3 Lytle Creek)**

Re: Written Objection to Proposed Sewer Service Rate Increase
County Service Area 70 S-3 (Lytle Creek)

Property Owner/ Customer Number: Ari Fallah / 505358
Service Address: 13939 Hazel Dr. Lytle Creek CA

Account Number: 731097

I. FORMAL OBJECTION

Pursuant to Article XIII D of the California Constitution (Proposition 218), I hereby submit this formal written objection to the proposed increases in sewer service rates for County Service Area 70 S-3 (Lytle Creek).

This objection is timely and intended to preserve all rights to challenge the proposed rates administratively and judicially.

II. FAILURE TO COMPLY WITH PROPOSITION 218

1. Lack of Demonstrated Cost Proportionality

The County has not sufficiently demonstrated that the proposed rates are proportional to the cost of providing sewer service attributable to my parcel.

2. Insufficient Transparency and Justification

The notice relies on generalized statements but fails to provide parcel-specific or class-

Ari Fallah 6711 Topaz St. Rancho Cucamonga CA 91711 Topaz91701@gmail.com

based cost allocation data.

3. Improper Revenue Structuring

The proposed increases appear to generate revenue beyond the immediate cost of service.

4. Failure to Adequately Disclose Supporting Data

The referenced Sewer Rate Study is not sufficiently detailed for meaningful evaluation.

III. PROCEDURAL DEFICIENCIES

1. Inadequate Notice Content

The notice does not clearly break down rate calculations or EDU assignments.

2. Barrier to Meaningful Objection

Requirements impose an unreasonable burden on property owners.

IV. REQUEST FOR ACTION

Reject the proposed increases or defer action until full compliance with Proposition 218 is demonstrated.

NOTICE OF PUBLIC HEARING

PROPOSITION 218 NOTICE OF PUBLIC HEARING PROPOSED INCREASES TO RATES FOR SEWER RATES For County Service Area 70 S-3 (Lytle Creek)

Dear Property Owner:

Notice is hereby given that pursuant to California state law (Proposition 218), the Board of Supervisors (Board), acting as the governing body of San Bernardino County, County Service Area 70 S-3 Lytle Creek (CSA 70 S-3), will conduct a public hearing on June 9, 2026, at 10:00 a.m. in the Covington Chambers, First Floor, 385 North Arrowhead Avenue, San Bernardino, California, as part of its regularly scheduled meeting, to consider proposed increases to rates charged for sewer services. If adopted, the proposed rate changes will become effective on August 1, 2026.

The purpose of this notice is to set forth the proposed updated charges for sewer service and to notify you of the public hearing. At the public hearing, the Board will consider all written objections, consider written and verbal comments, tabulate written protests, and if a majority protest is not received, consider adopting the updated sewer service charges. The procedures for submitting a written objection and/or a written protest are detailed in this notice.

Why is a Sewer Service Charge Adjustment Proposed?

While CSA 70 S-3 continually strives for cost efficiency and the maximization of assets, it also needs to keep pace with inflation, labor, material, and other operational cost increases including compliance with State imposed regulations. All revenue generated from customer sewer bills is used to pay for the regulatory changes, ongoing operation, maintenance, repair and replacement of the existing sewer system. The last rate increase was applied to CSA 70 S-3 in fiscal year 2023/2024 in the amount of 3.50% for three consecutive years. By State law, CSA 70 S-3 may not collect more revenue than is necessary to recover the costs of providing services. If approved, the proposed rate increase of 10% for year one and 7.50% for years two through five would commence August 1, 2026, and adjust annually thereafter for five consecutive years.

How Were the Proposed Charges Calculated?

A third-party consultant prepared a Sewer Rate Study Report for CSA 70 S-3 to determine the total revenue necessary to ensure there will be adequate funding to complete planned capital improvement projects, along with maintaining reserve funds, preparing for emerging regulatory requirements, and covering the cost of operation, maintenance, construction, and improvement of the facilities used for the collection, treatment, and disposal of wastewater. The rates recommended by this study are the proposed service charges set forth in this notice. The Sewer Rate Study Report may be found at: <https://specialdistricts.sbcounty.gov/ratestudies/>.

CSA 70 S-3 sewer rates are based on a fixed monthly sewer charge based on equivalent dwelling units (EDUs) regardless of the type of customer. The fee for multi-family residential and non-residential customers will be dependent on the number of EDUs associated with the property. The following table shows the proposed sewer rates over the next five years.

Re: Proposed Water and Sanitation Service Charge Adjustments

I, the undersigned property owner/customer of record, hereby submit this **formal written objection** to the proposed water and sewer rate increases.

Property Information:

Name: Gerald LOUSTAUNAU
Service Address: 444 Lytle Lane Lytle Creek CA 92358
APN (Assessor's Parcel Number): 0350-172-28-0-000

Grounds for Objection:

1. The proposed rate increases appear excessive and may exceed the reasonable cost of providing the service, in violation of Article XIII D.
2. The County has not provided sufficient transparency or detailed accounting of labor, third-party vendor costs, operating expenses, and capital expenditures to justify the increases.
3. The proposed multi-year increases (10% followed by annual increases) impose an unreasonable financial burden on residents, many of whom are on fixed incomes.
4. The rate structure lacks clear proportionality between cost of service and charges imposed on individual parcels.
5. Additional review and independent validation of the Rate Study is necessary before any increase is approved.

I respectfully request that the County **reject** the proposed rate increases unless and until full financial justification is provided and validated.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.
