1 (f) Revisions to the San Bernardino County Code are necessary because, as  
2 currently written, it is ambiguous if an individual, rescue group, or Animal Care employees  
3 that return a Community Cat to the outside area where it was originally collected would  
4 be in violation of the County's laws concerning control and abandonment of animals.

5 (g) The proposed ordinance would amend the County Code for the purpose of  
6 regulating how Community Cats are to be controlled and define when it is permissible to  
7 release them into the outside environment where they have already been living.

8
