- vi. Monitoring activities administered by DBH may require Contractor to demonstrate documented capacity to offer services in threshold languages or contracted interpretation and translation services.
- vii. Contractor's written organizational procedures must be in place to determine multilingual and competency level(s).
- viii. The Office of Cultural Competence and Ethnic Services (OCCES) may be contacted for technical assistance and training offerings at cultural_competency@dbh.sbcounty.gov or by phone at (909) 386-8223.

VII. Annual Cost Report Settlement

A. Section 14705 (c) of the Welfare and Institutions Code (WIC) requires contractors to submit fiscal year-end cost reports. Contractor shall provide DBH with a complete and correct annual cost report not later than sixty (60) days at the end of each fiscal year and not later than sixty (60) days after the expiration date or termination of this Contract, unless otherwise notified by County.

- 1. Accurate and complete annual cost report shall be defined as a cost report which is completed on forms or in such formats as specified by the County and

consistent with such instructions as the County may issue and based on the best available data provided by the County.

- B. The cost report is a multiyear process consisting of a preliminary settlement, final settlement, and is subject to audit by DHCS pursuant to WIC 14170.
- C. These cost reports shall be the basis upon which both a preliminary and a final settlement will be made between the parties to this Agreement. In the event of termination of this Contract by Contractor pursuant to Duration and Termination Article, Paragraph C, the preliminary settlement will be based upon the most updated State Medi-Cal approvals and County claims information.
 - 1. Upon initiation and instruction by the State, County will perform the Short-Doyle/Medi-Cal Cost Report Reconciliation and Settlement with Contractor.
 - a. Such reconciliation and settlement will be subject to the terms and conditions of this Agreement and any other applicable State and/or Federal statutes, regulations, policies, procedures, and/or other requirements pertaining to cost reporting and settlements for Title XIX and/or Title XXI and other applicable Federal and/or State programs.
 - 2. Contractor shall submit an annual cost report for a preliminary cost settlement.  - 3. Contractor shall submit a reconciled cost report for a final settlement. The reconciled cost report shall be submitted approximately eighteen (18) months after the fiscal year-end. The eighteen (18) month timeline is an approximation as the final reconciliation process is initiated by the DHCS. The reconciliation process allows Contractor to add additional approved Medi-Cal units and reduce disallowed or denied units that have been corrected and approved subsequent to the initial cost report submission. Contractors are not permitted to increase total services or cost during this reconciliation process.
 - 4. Each Annual Cost Report shall be prepared by Contractor in accordance with the Centers for Medicare and Medicaid Services' Publications #15-1 and #15-02; "The Providers Reimbursement Manual Parts 1 and 2;" the State Cost and Financial Reporting Systems (CFRS) Instruction Manual; and any other written guidelines that shall be provided to Contractor at the Cost Report Training, to be conducted by County on or before October 15 of the fiscal year for which the annual cost report is to be prepared.

If Contractor does not submit the required cost report(s) when due and therefore no costs have been reported, the County may, at its option, request full payment of all funds paid Contractor under Provisional Payment Article of this Agreement. Contractor shall reimburse the full amount of all payments made by the County to Contractor within a period of time to be determined by the Director or designee.
 8. No claims for reimbursement will be accepted by the County after the cost report is submitted by the contractor. The total costs reported on the cost report must match the total of all the claims submitted to DBH by Contractor as of the end of the fiscal year which includes revised and/or final claims. Any variances between the total costs reported in the cost report and fiscal year claimed costs must be justified during the cost report process in order to be considered allowable.
 9. Annual Cost Report Reconciliation Settlement shall be subject to the limitations contained in this Agreement but not limited to:
 - a. Available Match Funds
 - b. Actual submitted and approved claims to those third-parties providing funds in support of specific funded programs.
- D. As part of its annual cost report settlement, County shall identify any amounts due to Contractor by the County or due from Contractor to the County.
1. Upon issuance of the County's annual cost report settlement, Contractor may, within fourteen (14) business days, submit a written request to the County for review of the annual cost report settlement.
 2. Upon receipt by the County of Contractor's written request, the County shall, within twenty (20) business days, meet with Contractor to review the annual cost report settlement and to consider any documentation or information presented by Contractor. Contractor may waive such meeting and elect to proceed based on written submission at its sole discretion.
 3. Within twenty (20) business days of the meeting specified above, the County shall issue a response to Contractor including confirming or adjusting any amounts due to Contractor by the County or due from Contractor to the County.
 4. In the event the Annual Cost Report Reconciliation Settlement indicates that Contractor is due payment from the County, the County shall initiate the payment process to Contractor before submitting the annual Cost report to DHCS or other State agencies.
 5. In the event the Annual Cost Report Reconciliation Settlement indicates that Contractor owes payments to the County, Contractor shall make payment to the

County in accordance with Paragraph E below (Method of Payments for Amounts Due to the County).

6. Regardless of any other provision of this Paragraph D, reimbursement to Contractor shall not exceed the maximum financial obligation by fiscal year, funding source, and service modalities as delineated on the DHCS IMD Rate.
- E. Method of Payments for Amounts Due to the County
1. Within fourteen (14) business days after written notification by the County to Contractor of any amount due by Contractor, Contractor shall notify the County as to which payment option will be utilized. Payment options for the amount to be recovered will be outlined in the settlement letter.
 2. If Contractor does not so notify the County within such fourteen (14) business days, or if Contractor fails to make payment of any such amount to the County as required, then recovery of such amount from Contractor will be deducted in its entirety from immediate future claim(s) until recovered in full.

1. To withhold payment, or any portion thereof, pending outcome of a termination audit to be conducted by County;

- Contractor agrees to indemnify, defend (with counsel reasonably approved by the County) and hold harmless the County and its authorized officers, employees, agents and volunteers from any and all claims, actions, losses, damages, and/or liability arising out of this Contract from any cause whatsoever, including the acts, errors or omissions of any person and for any costs or expenses incurred by the County on account of any claim except where such indemnification is prohibited by law. This indemnification provision shall apply regardless of the existence or degree of fault of indemnitees. - B. Additional Insured
- All policies, except for the Workers' Compensation, Errors and Omissions and Professional Liability policies, shall contain endorsements naming the County and its officers, employees, agents and volunteers as additional insured with respect to liabilities

F. Proof of Coverage

Contractor shall furnish Certificates of Insurance to the County Department administering the Contract evidencing the insurance coverage at the time the contract is executed. Additional endorsements, as required, shall be provided prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the Department, and Contractor shall maintain such insurance from the time Contractor commences performance of services hereunder until the completion of such services. J. Insurance Review

Insurance requirements are subject to periodic review by the County. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County's risk.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Contract. Contractor agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

There must be a documented patch management process which determines installation timeframe based on risk assessment and vendor recommendations. At a maximum, all applicable patches must be installed within thirty (30) days of vendor release. Applications and systems that cannot be patched within this time frame due to significant operational reasons must have compensatory controls implemented to minimize risk until the patches can be installed. Application and systems that cannot be patched must have compensatory controls implemented to minimize risk, where possible.
