

**REPORT/RECOMMENDATION TO THE BOARD OF SUPERVISORS  
OF SAN BERNARDINO COUNTY  
AND RECORD OF ACTION**

**June 10, 2025**

**FROM**

**ANDREW GOLDFRACH, ARMC Chief Executive Officer, Arrowhead Regional Medical Center**

**SUBJECT**

Revenue Affiliation Agreement with Saint George's University Limited to Provide Clinical Training Medical Students

**RECOMMENDATION(S)**

Approve Revenue Affiliation **Agreement No. 25-362** with Saint George's University Limited, including non-standard terms, to provide medical students with clinical training and experience at Arrowhead Regional Medical Center under the supervision of the medical staff, for reimbursement in the amount \$2,261,400 for a three-year period from July 1, 2025 through June 30, 2028.

(Presenter: Andrew Goldfrach, ARMC Chief Executive Officer, 580-6150)

**COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES**

**Provide for the Safety, Health and Social Service Needs of County Residents.**

**FINANCIAL IMPACT**

Approval of this item will not result in the use of Discretionary General Funding (Net County Cost). Arrowhead Regional Medical Center (ARMC) will receive reimbursement from Saint George's University Limited (SGU) for the provision of teaching and support of medical students. SGU will reimburse ARMC \$450 per week for each third-year student rotation and \$300 per week for each fourth-year student rotation, which is utilized to pay the medical staff who provide the training to the medical students. Additionally, SGU will pay ARMC \$300,005 per academic year to support graduate medical education programs at ARMC. The reimbursement and payment from SGU under the Agreement for an estimated 300 to 500 students per year is anticipated to total approximately \$2,621,400 for the three-year term. Adequate appropriation and revenue have been included in the Arrowhead Regional Medical Center (ARMC) 2025-26 recommended budget and will be included in future recommended budgets.

**BACKGROUND INFORMATION**

This Agreement will allow ARMC to provide clinical training to SGU medical students which, as a result, will assist in the delivery of medical care to ARMC's patients. The clinical training will be in the fields of emergency medicine, family medicine, internal medicine, obstetrics/gynecology, pediatrics, and general surgery.

A key component of ARMC's mission is to provide education to students in a variety of disciplines. ARMC has agreements with universities and colleges, junior colleges, and technical

Provide Clinical Training Medical Students  
June 10, 2025**

and trade schools to provide on-site clinical training for students. This clinical training is necessary for students to obtain their degrees, licenses, and/or certifications.

The volume and patient mix at ARMC provide a comprehensive educational opportunity to students from SGU. This Agreement ensures medical students receive specialty clinical training and experience, and gain vital skills needed to obtain their medical degrees.

The Agreement has been negotiated by the parties and include the following non-standard contract terms:

1. The County must indemnify SGU for claims that arise out of the negligent acts or omissions of the County, its employees, and agents.
  - The County's standard contract does not require the County to indemnify the contractor under any circumstance.
  - Potential Impact: By agreeing to indemnify SGU, the County could be contractually waiving the protection of sovereign immunity. Claims that may otherwise be barred against the County, time limited, or expense limited could be brought against SGU without such limitations and the County would be responsible to defend and reimburse SGU for costs, expenses, and damages, which could exceed the total contract amount
2. SGU's indemnification obligation is limited to claims for injury or damages to the extent caused by the negligent acts or omissions of the University, its students, agents, and employees.
  - The County standard contract general indemnity provision requires the Contractor to indemnify, defend, and hold the County harmless from third party claims arising out of the acts, errors, or omissions of any person.
  - Potential Impact: SGU's indemnification obligation under the Agreement is more limited compared to the County standard indemnification obligation, meaning that if a claim arises that falls outside the scope of SGU's limited indemnification obligation, the County could be financially and solely liable for the defense of that claim and the payment of any resulting settlement/judgment.
3. Either party may terminate the Agreement by giving the other party 90 days' written notice, but such termination will not, at the discretion of the County, be effective as to any student who, at the time of notice, is participating in the clinical learning experience until the student completes the experience for the then academic term.
  - The County's standard contract permits either party to terminate the contract with at least 30 days written notice without any further obligation.
  - Potential Impact: ARMC must be mindful of this extended notice period and of its obligations as to students that may be conducting their clinical experience at ARMC at the time of termination.

ARMC recommends approval of this agreement, including the non-standard terms, to provide clinical training to SGU medical students who will assist in the delivery of medical care to County residents.
