All general or auto liability insurance coverage provided shall not prohibit the Contractor and Contractor's employees or agents from waiving the right of subrogation prior to a loss or claim. The Contractor hereby waives all rights of subrogation against the County.
4. **Policies Primary and Non-Contributory** – All policies required herein are to be primary and noncontributory with any insurance or self-insurance programs carried or administered by the County.
5. **Severability of Interests** – The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the County or between the County and any other insured or additional insured under the policy.

6. **Proof of Coverage** – The Contractor shall furnish Certificates of Insurance to the County Department administering the Contract evidencing the insurance coverage at the time the Contract is executed, additional endorsements, as required shall be provided prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the Department, and Contractor shall maintain such insurance from the time Contractor commences performance of services hereunder until the completion of such services. 10. **Insurance Review** – Insurance requirements are subject to periodic review by the County. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County’s risk.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this contract. Contractor agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

11. **Insurance Specifications** – The Contractor agrees to provide insurance set forth in accordance with the requirements herein. If the Contractor uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, the Contractor agrees to amend, supplement or endorse the existing coverage to do so.

This applies regardless of whether or not the couple resides in a jurisdiction that recognizes same sex marriage. However, this does not apply to registered domestic partnerships, civil unions or similar formal relationships recognized under the law of the jurisdiction of celebration as something other than a marriage. Accordingly, recipients must review and revise, as needed, any policies and procedures which interpret or apply federal statutory or regulatory references to such terms as "marriage," "spouse," "family," "household member" or similar references to familial relationships to reflect inclusion of same sex spouse and marriages. developmental process and incorporates at all levels the importance of culture, the assessment of cross cultural relations, vigilance towards the dynamics that result from cultural differences, the expansion of cultural knowledge, and the adaptation of services to meet culturally unique needs. Providing services in a culturally appropriate and responsive manner is fundamental in any effort to ensure success of high quality and cost effective health and human services. Offering those services in a manner that fails to achieve its intended result due to cultural and linguistic barriers does not reflect quality of care and is not cost effective.

- f. To ensure equal access to quality care for diverse populations, Contractors providing health and health care services may adopt the Federal Office of Minority Health Culturally and Linguistically Appropriate Services (CLAS) national standards.
- g. Upon request, Contractor will provide County Human Services evidence of adherence to requirements listed above.
