A physician or staff member at the Transferring Facility shall telephonically notify a physician at Receiving Facility of the need for transfer of the Patient and obtain consent from the Receiving Facility for the transfer. Except where otherwise provided by law, the Receiving Facility shall make the determination of whether to accept the Patient based on the Receiving Facility's capacity and capability to provide the higher level of care services to the Patient.
- C. Subject to the limitations of applicable laws, including, but not limited to the Emergency Medical Treatment and Labor Act (EMTALA), the decision of whether to accept a patient for transfer from Facility to Medical Center under this Agreement will be made by the Medical Center at its sole discretion, and may be based on Medical Center's admission criteria relating to appropriate bed, personnel and equipment, and Medical Center's determination of whether it has the capability and capacity to treat the patient proposed to be transferred for the higher level of care.
