Notwithstanding the foregoing, in the event that Region 4 ESC is made aware of any pricing being offered that is materially inconsistent with the pricing under this agreement, Region 4 ESC shall have the ability to conduct an extensive audit of Contractor's pricing at Contractor's sole cost and expense. An inventory of the stored materials must be provided to Region 4 ESC prior to payment. Such materials must be stored and protected in a secure location and be insured for their full value by the Contractor against loss and damage. Contractor agrees to provide proof of coverage and additionally insured upon request. Additionally, if stored offsite, the materials must also be clearly identified as property of Region 4 ESC and be separated from other materials. Region 4 ESC must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary. Until final acceptance by Region 4 ESC, it shall be the Contractor's responsibility to protect all materials and equipment. Contractor warrants and guarantees that title for all work, materials and equipment shall pass to Region 4 ESC upon final acceptance.
- 29) Funding Out Clause. A Contract for the acquisition, including lease, of real or personal property is a commitment of Region 4 ESC's current revenue only. - 30) Indemnity. Contractor shall protect, indemnify, and hold harmless both Region 4 ESC and its administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the Contractor, Contractor employees or subcontractors in the preparation of the solicitation and the later execution of the Contract. 4 Products/Pricing - Upload on Response Attachments Tab

Offerors shall provide pricing based on a discount from a manufacturer's price list, or fixed price, or a combination of both with indefinite quantities. Offeror may offer their complete product, and service offering as a balance of line. Prices listed will be used to establish the extent of a manufacturer's product lines, services, warranties, etc. that are available from Offeror and the pricing per item. Multiple percentage discounts are acceptable if, where different percentage discounts apply, the different percentages are specified. Additional pricing and/or discounts may be included. Products and services proposed are to be priced separately with all ineligible items identified. Offerors may elect to limit their proposals to any category or categories. The discount proposed shall remain the same throughout the term of the contract and at all renewal options. Price lists must contain the following: (if applicable)

- Manufacturer Part #
- Offeror's Part # (if different from manufacturer part #)
- Description
- Manufacturers Suggested List Price and Net Price
- Net price to Region 4 ESC (including freight)

5 Is pricing available for all products and services?

☐ Yes

☒ No

6 Additional Fees

Include any fees such as hardware/software, locations (on or off premise), equipment installation, delivery options, setup/cleaning, design/layout, special orders, etc. Include Onsite and Offsite Services Rates and additional fees for products and services offered.

All associated price points are included in the Price List. Kofile takes pride in providing pricing and scope with no hidden fees.

7 Equipment Offerings

Indicate any equipment offerings: New, Used, Parts, Accessories, Service and Repair, Trade-Ins, Leasing/Financing and providing pricing structure for each of these applicable items.

Not Applicable to Kofile's Services.

8 Minimum Quantities

Describe any minimums quantities.

Kofile does not have many offerings that are restricted by minimum order quantities. Kofile includes any minimum order quantities on its Price List. This includes bundled services that include a shelving unit, as the entity would need to purchase services for a minimum number of binders to cover the cost of the shelving unit. Another instance is micrographics creation (reels of film or fiche). Even though the particular service captures at a per image or frame rate, the minimum cost of the reel is required to account for cost of materials. Other instances include shredding or redaction services. Preservation of a volume requires a minimal charge to account for materials costs associated with the new binder and/or Mylar pockets.

9 Chain-of-custody

Describe chain-of-custody in setting up record locations (on or off premise). How do you ensure that materials remain secured from the moment of retrieval until service is complete?

Chain of Custody is comprised of several factors (1) Transportation of materials in conjunction with pickup/return of inventory and offsite services; (2) Offsite inventory control, security, and quality assurance; and (3) Onsite inventory control security, and quality assurance. Items are transported directly from the client to the location of work. The Kofile facilities are all locked down. Inventories are loaded directly into the buildings. Offsite Quality Assurance (QA) Plan An integral part of project management relates to the cataloguing of tracking incoming items (physical or digital). Kofile uses NetSuite as its enterprise resource planning system (ERP) to produce unique IDs via barcodes for each physical control unit (e.g., box, folder, volume, document, reel, digital image, index). This is a web-based service. Therefore, monitoring occurs in real-time. Inventory is entered into Kofile's production system at pickup or receipt. Upon arrival at the Kofile facility, an intake process ensures accuracy. This provides both inventory control and detailed information to guide each production step for each item. Each workstation has a tablet device that technicians use to check in and out work as it moves through production. This ERP provides the tools necessary to establish positive control of the project and continuously manage inventory (e.g., book, document, image, microfilm). Kofile can track the individual status of each item traveling through its system. ERP is also used for audit tracking purposes for each employee. NetSuite provides robust production tracking and tracks work completed at page level. Tracking page quantities at each step allows for full visibility and detailed project status updates. Multi-level checks are enabled for all quantities prior to invoicing. Kofile invested in and completed a NetSuite rollout to all its facilities in 2023, following the establishment of a dedicated Project Management Office (PMO) the previous year. While an immense training and adjustment process ensued, adjustments to this new system (which monitors each step of each project down to the item level) were challenging, it has revolutionized and streamlined communication between the Lab, Account Executive, and Client. Today, Account Executives are heralding its benefits to their projects and clients. Onsite Imaging Quality Assurance (QA) Plan Leveraging the existing client's infrastructure ensures the appropriate degree of security to protect the confidentiality of client records. The security and integrity of the imaging process, as with all other processes, even onsite, is of vital to Kofile. ? Controlling Access: Background and security clearance procedures, as required. A workflow tracker tracks who handles what at each step to ensure transparency and data security. ? Document Security Checklist: A checklist is maintained by supervisory personnel. In the morning, this ensures that all work is on the floor, and all work is complete at night. Carryover work is secured nightly. ? Confidentiality of Information: Information is segregated by type and media, and each step along the path is segregated. 1. Confidentiality Clause Inclusion/Explanation in employment agreements 2. Maintenance of secure work areas 3. Control data access and track confidential documents 4. Control access to all operational software and workstations—password change every thirty days All export files are created by a single technician to ensure accuracy and scope adherence. All prep and scan functions occur in a "batch" environment. Here, each box or stated "batch" is separate and distinct from other project batches. Each step of the paper scanning has a built in QA and security element. At times, this is the noting of the listing, the insertion of proper control sheets, or instructions.

10 Records Tracking

What is your ability to track varieties of physical records such as documents, books, maps, binders, boxes, containers, etc?

Kofile uses NetSuite as its enterprise resource planning system (ERP) to produce unique IDs via barcodes for each physical control unit (e.g., box, folder, volume, document, reel, image, index). This is a web-based service with monitoring in real-time. Inventory is entered into the production system at pickup or receipt. An initial intake ensures accuracy with inventory control and detailed information to guide each production step. Each workstation has a tablet to check in/out work. NetSuite provides robust production tracking at page level for each step. Allowing for full visibility and detailed project status updates. Multi-level checks are enabled for all quantities prior to invoicing. ERP is also used for audit tracking. A NetSuite rollout was completed for all facilities in 2023, following the establishment of a Project Management Office (PMO). While an immense training/adjustment process ensued, this streamlined communication between the Lab, Account Executive, and Client.

11 Destruction or disposal services

Kofile only provides destruction services in conjunction with other services, such as digital imaging or media conversion.

1 Shipping Costs

2 Describe any shipping charges, mileage, or fees.

The Price List does not include shipping as each item varies in dimension/weight. Shipping is discussed during the quote process, considering labor and mileage. Kofile prefers personalized pickup with its own vehicles and dedicated personnel. This is a standard for large inventories or Lab proximity (surrounding States). In these scenarios, Kofile does not charge for transportation. At times, Sales personally pickup small inventories (per schedule and distance). Otherwise, Kofile sends a packing kit (weatherproof and tracked with Apple Air Tags) for transport via approved LTL carrier, such as FedEx. These scenarios are billed per (1) a flat rate per item (to assist with budgeting); or (2) actual costs. Staggered batches are preferred, alternating pickup and delivery. Kofile's largest vehicle holds 400 12" boxes or 500-700 vols. Additional charges may apply for onerous turnarounds. For mass pickups, Kofile can operate a rented 53' tractor trailer (holds 1,250 boxes).

1 Verification of Contract Pricing

6 Describe how customers verify they are receiving Contract pricing.

Kofile does and has held multiple GSA Contracts, and CMAS and TXMAS. Kofile used a multi-factor process to introduce the contract to clients: (1) an online landing page was created to post information (including award date, contract term, ordering procedures, legality as a purchasing vehicle, frequent Q&As, checklists to identify a contract sale, links to the awarding entity, contact information, and the awarded Price List). (2) This information was compiled into two resources (a) a one-page PDF overview and (b) a detailed PDF with all necessary documents/information; (3) Kofile prepared PPTs and resources for training its sales team, with either regional workshops or one-on-one training. The contract was emphasized at the annual sales meeting with the opportunity for Q&A and success stories. (4) Kofile utilized the contract logos on its business cards, proposals, and conference exhibit booths. Proposals include information about the contract, links, and price list verification.

Kofile requires a quote and/or proposal for all orders. This is reviewed and approved by the Public Agency, with purchasing verified per the Public Agency's policy (e.g., approval by County Commissioners Court, Board of Supervisors, Judge) and is usually documented by the issuance of a Purchase Order by the entity's Purchasing Department or Auditor. Kofile requires a mutually signed agreement to verify project acceptance. Following receipt of a signed agreement, a Sales Order is written and released to schedule pickup/delivery and turnaround. For large scale projects involving either digital imaging, media conversion to film/digital, or indexing, Kofile requires a pilot run phase, for the client to approve the standard of service for deliverables. Any lettering/imprinting is verified in an approval process. All deliveries undergo an approval and receipt process. Billing is per the pre-arranged schedule and considers any limitations or exceptions set by State and local law.

Specific containers are weatherproof for added protection. In addition, all Kofile's client pick-up and deliveries are specifically tracked via tracking systems utilizing both Apple AirTags in the containers and a transport vehicle equipped with a GPS locator system. Also, Kofile pre-arranges packing procedures and frequency with its clients. This accounts for the time required to perform the specific service, as each can vary by days or months in complexity. For micrographics creation, receipt/delivery occurs on a set schedule, such as weekly, bi-weekly, monthly. Chain of Custody (COC) is always attained at point of pick-up and delivery of customer materials for added assurance.

Kofile can work on projects in batches, each requiring approximately 20-22 weeks upon entering the work queue. Indexing may require a longer. Creation of a binder, following approval of stamping, is a minimum of eight (8) weeks. With preservation, the work determines the schedule, response times, and completion date. Each job is individual and unique. Kofile can address the project materials at a high volume of materials. Usually, older records suffer from extreme deterioration and require more attention. As the age of the records decreases, production rate increases. All Labs save images and data to a local server. Each night, this server synchronizes with the cloud. Daily, a snapshot of all data occurs. All data is accessible in real-time via the cloud. The cloud provides multiple levels of redundancy and failover to various datacenters regionally situated across the U.S. Servers are locked and managed in a secure environment with temperature and moisture monitoring with access limited to only key personnel. For production, all data is kept in secure locations with controlled and limited access both physically and electronically. ? All production data (with the exception of specific projects) is copied to the primary site daily (nightly). ? All data at rest is encrypted. ? All data is restricted to a "need to access" basis. ? All data is nightly backed-up (with encryption). ? A secondary copy of this backup is copied offsite to a secure co-location over VPN tunnel. ? All data is both weekly and monthly backed-up to a tape archive. ? A copy of this archive is stored in the Media Vault (Dallas primary site). Kofile follows the backup and archive principle of 3->2->1: ? 3 copies of the data (and generally more); 2 Different media formats; 1 Copy offsite HIPPA, PHI, PPI, and CJIS Kofile is sensitive to data security and the variety of record types and data standards. Kofile's primary root companies: | Joseph J. Marotti Co., Inc. dates to 1961, and operated under that name for 48 years. | Brown's River Bindery dates to 1972, and operated under that name for 37 years. | Louisiana Binding Service, Inc. (LBS) dates to 1987, and operated under that name for 24 years. | Safeguard Imaging, LLC dates to 2009, and was purchased and renamed Kofile Solutions, Inc. in 2010, providing all digitization and indexing services for the Kofile Companies. In 2015, this company was merged into Kofile. | PFA, Inc. dates to 1969, and operated under that name for 50 years., then was purchased and renamed Kofile Services, Inc. In 2021, this company was merged into Kofile. In the early days, faced with mounting collections of deteriorating paper, local government officials turned to local binderies for assistance. Then, as now, these offices were either not financially equipped to maintain their historic records or did not know how. Many offices resorted to limiting public access. These local governments needed someone with experience and practical education to reverse the effects of time and use. The founders of Kofile educated themselves on the procedures that fragile documents require. They listened to the concerns of records custodians and constituents and spoke with leading conservators across the country. Throughout its history of mergers and acquisitions, and purchase in 2020, Kofile has continued to move forward with familiar faces remaining in key positions, such as Sales, Leadership, Management, and Technicians. Many of Kofile facilities' have vast relationships with local clients, spanning multiple decades. Each employee takes pride in this legacy. Today, with multiple regional locations and more than 500 employees, Kofile has the ability to deliver both large- and small-scale projects. However, Kofile's strength is not in the size of its staff or facility, but in its dedication and commitment to ensure the physical protection of America's public records. While the academic and professional community was limited to preserving documents related to national significance, it was the grassroots efforts of conservation facilities like Kofile that rallied for local records. Over the years, Kofile's persistence and standard of workmanship has not only allowed Kofile to continue promoting and contributing to the preservation and digitization of local records but also to attend to those of national significance, too. Several thousand local governments across the nation have worked with Kofile to secure, safeguard, and preserve irreplaceable historical records collections, each containing both manuscript and typescript records. This includes nearly every county clerk and district clerk in the State of Texas. These long-lasting partnerships have resulted in millions of documents preserved and digitally transformed. Kofile's vast history in working with local governments provide unique insight, understanding, and capabilities. Kofile is the trusted partner. Kofile establishes enduring professional relationships and remains loyal to each project. Kofile's professional services, proprietary technology, and patented materials provide constituents with a true cost-savings compared to the risk associated of losing this recorded data.

6 Describe any green or environmental initiatives or policies.

All products are archival quality, which means they are constructed to serve the client for multiple decades or hundreds of years. Kofile facilities have several practices in place to promote environmental and energy conservation. Labs recycle and repurpose shipping pallets, and capabilities for paper and apron recycling are being evaluated for future practice. All materials and equipment are safe for the environment and for employee use. Kofile utilizes Iron Mountain to destroy and recycle sensitive papers, with bins strategically placed throughout facilities. Kofile ensures that each laboratory is equipped to process chemical treatments correctly and safely. All solvents and necessary chemicals are handled in modern chemical fume hoods and HVAC systems. HVAC systems meet or exceed OSHA and other regulations. Chemical-resistant gloves, safety glasses, aprons, and explosion-proof face shields protect conservators and records from toxins. In the past couple of years, Kofile has implemented cloud security for its images and data. This practice supports Green Initiatives by eliminating reliance on the transport of data via physical mediums (e.g., hard drive, CD, DVD, jump drive), and gives the clients instant access to deliveries of data.

9** Describe how supplier differentiates itself from its competitors.

With Preservation, a client has access to Kofile's proprietary archival products—the Lay-Flat Archival Polyester Pocket™, and the Disaster Safe County Binder™ (DSB). Kofile holds the patent on both, and remains their sole source provider. Digitization services are not 'as-is' or 'scan it & forget it.' Images are the highest quality and are free of distortion and loss of information due to capture. Procedures were designed and implemented with the input of professional book and paper conservators. Kofile's services guarantee that materials are addressed according to their specific condition and fold endurance without blind, automatic feeds. Technicians are trained to handle fragile and historical documents. Kofile has experienced indexers to provide a full spectrum of services, including backfile, daily, and redaction. Kofile provides consistently keyed index fields to improve retrieval. Kofile blind re-keys each field to maintain accuracy. Kofile is known for providing the industry's most accurate indexes. Key differentiators include: **SECURE TRANSPORTATION** Kofile personnel pick up and transport records. Kofile operates its own climate-controlled vehicles. Kofile can provide solutions that address many aspects of a local government—from binders, preservation, restoration, imaging, image processing and enhancements, re-creation, re-indexing, index verification, film conversion, archival microfilm, microfilm duplication, complete document indexing, recording, workflow, imaging systems, data access, electronic recording, and archival storage systems. Kofile's objective is to provide local governments with the tools, technology, and services to effectively and efficiently record, secure, and access public records. Many counties face strained budgets and resources, legacy systems, and constantly changing statutory mandates. Counties choose Kofile as a partner, not a vendor. Kofile sets new standards for innovation, service, and support—driven by a commitment to its customers. Preservation (Restoration, Conservation, & Stabilization) Kofile regularly addresses historical and permanent documents, including manuscript, typescript, negative Photostat, micrographic, tri-fold, blueprint, re-creations, plats, and maps. Preservation services include conservation, restoration, and stabilization. For historical and permanent records, skilled conservators treat a range of media, and provide custom conservation, encapsulation, binding, and digitization services nationwide. As the largest supplier of public record encasement binders in the U.S., Kofile holds patents on many revolutionary archival products. Digitization Kofile digitization is implemented with the input of professional paper conservators. Kofile invests in the best scanning equipment and software. Digitization services include indexing, OCR, redaction of sensitive information (e.g., SSN), and formatting for system loads. Kofile maintains data integrity, order, and identification of records. All images produced are the highest quality, and free of distortion and loss of information due to capture failures. Many of Kofile's projects involve re-imaging collections that low-bid vendors already imaged. Kofile ensures the survival of the Best Original Image for the application of current and future technologies. Clients are assured that the original source is unharmed during scanning. For clients struggling with outdated legacy systems, incompatible data, and outdated media and systems, Kofile can convert virtually any digital data or media storage format. This includes migrating information between incompatible computer systems, media types, file structures and software packages. Indexing Kofile provides multiple indexing services, including historical/backfile and daily. Kofile also provides Restrictive Covenant Modification services. Micrographics Services include digital conversion and creation of microforms (including 16 mm and 35 mm microfilm, microfiche, aperture cards, etc.). Kofile's processing Lab also provides brown toning. Records Management Since its inception, Kofile pooled the nation's forerunning leaders in recording systems for local governments. In 2015, Kofile's leadership had the vision to build the first native cloud recording enterprise system. Kofile retains a foothold in software with its QUICKLINK® solution, first developed a decade ago after identifying a reduced cost solution and alternative to full indexing of manuscript records. Since, Kofile has improved the application and its features. Kofile expanded support to 24/7/365. Today, QUICKLINK® has public-facing applications active in six states and 73 local government offices. Today, this system remains proprietary to Kofile. It is a custom software solution that provides a digital search of Index Book images with links to the actual digitized Page. It expedites a county's digital imaging and indexing initiatives. It quickly gains popularity when introduced to a state. This system was initially developed for Real Property/Land Records. However, with its popularity, other records series and offices requested solutions too.

4** **Distribution**

Describe how supplier proposes to distribute the products/service nationwide. Include any states where products and services will not be offered under the Master Agreement, including U.S. Territories and Outlying Areas.

Kofile's services have been offered nationwide (including U.S. Territories and Outlying Areas) since its inception and beyond through its root companies, albeit the occurrences are rare.

5 Distribution**

Describe how Participating Agencies are ensured they will receive the Master Agreement pricing; include all distribution channels such as direct ordering, retail or in-store locations, through distributors, etc. Describe how Participating Agencies verify and audit pricing to ensure its compliance with the Master Agreement.

Over the past decade, Kofile has learned to start this process with the proposal, not after project acceptance. This ensures that the client (include the clerk or official, purchasing agent, and ruling body [such as the Judge Commissioners]) are all aware and in approval of the cooperative purchasing vehicle. Kofile will comply with the requirements of OMNIA Partners, and require the Master Agreement to be referenced in any Purchase Orders, signed Proposals, or Contract Agreements, so there is no question to its use. Kofile used a multi-factor process to introduce the contract to clients: (1) an online landing page was created to post information (including award date, contract term, ordering procedures, legality as a purchasing vehicle, frequent Q&As, checklists to identify a contract sale, links to the awarding entity, contact information, and the awarded Price List). (2) This information was compiled into two resources (a) a one-page PDF overview and (b) a detailed PDF with all necessary documents/information; (3) Kofile prepared PPTs and resources for training its sales team, with either regional workshops or one-on-one training. The contract was emphasized at the annual sales meeting with the opportunity for Q&A and success stories. (4) Kofile utilized the contract logos on its business cards, proposals, and conference exhibit booths. Proposals include information about the contract, links, and price list verification.

**8
6 Logistics**

Identify all other companies that will be involved in processing, handling or shipping the products/services to the end user.

When possible, Kofile prefers to utilize a personalized pickup with its own vehicles. This is a standard for large inventories (hundreds of volumes), or clients in proximity to a regional Lab. However, for small projects involving only a handful of items, Kofile sends a packing kit to the client. Kofile pre-arranges shipping charges for the project with the client. This is (1) a flat rate per item (this assists in scenarios in which the client needs a total price for budgeting purposes; or (2) actual shipping charges. Kofile selects the appropriate shipping service per history of performance, expediency, costs, and client preference. Approved LTL carriers, such as FedEx, are utilized for approved shipments.

For the last years of Kofile's GSA Schedule (2019-2022), Kofile totaled \$37.7M in sales reported (\$15.2M non-Texas customers). Kofile is excited to have a national COOP, with multiple opportunities poised to utilize the OMNIA Partners Master Agreement. Kofile promotes use of a COOP when the project exceeds state and/or local purchasing thresholds for competitive bidding. If the client has an existing contract, or active RFP award, Kofile will continue utilizing that it to the end of its term. The only COOP contract Kofile currently holds is TXMAS Contract No. TXMAS-23-92001. Use is limited to within Texas, and positioned as a primary COOP vehicle in Texas. Kofile has an existing customer base utilizing this contract. Kofile will honor any Texas customer requests to utilize OMNIA Partners as a purchasing vehicle. 9 Sales Force

5 Describe in detail how Supplier's national sales force is structured, including contact information for the highest-level executive in charge of the sales team.

Sales – Michael Hill, CRO, micheal.hill@kofile.com, 214-351-4800 The Kofile Sales Team currently has four regions, each with a Regional Vice President (including Northeast, Southeast, Central, and Western). Account Executives (AEs) within these regions are responsible for relationships with State, County, and Local Government officials. Many of these sales personnel hold ten to 40+ years of experience selling to local government entities in their regions.

9 Implementation

6 Explain in detail how the sales teams will work with the OMNIA Partners team to implement, grow and service the national program.

The Kofile Team has experience promoting use of an OMNIA Partners Contract through a relationship with DLT. Kofile will use the same deployment approach, but expedited as Kofile has projects waiting for this contract award. Kofile's Sales and Marketing Departments are available to support the Implementation of this project. As Kofile's primary customer (99% of projects) are all state and local governments, a cooperative purchasing vehicle available on a national scale has been greatly needed. In fact, Kofile contacted the TXMAS Program, asking if the State of Texas would give permission for entities from other states to piggyback, and it was concluded that the TXMAS Program would remain limited to Texas. Therefore, there is a great need to have a competitively awarded solicitation with piggyback capability for multiple projects across the nation. For several years, Kofile has maintained standing as the 2nd-3rd highest grossing vendor on TxSmartBuy. At the end of Kofile's GSA Contract, the last three years (2019-2022), saw \$35.4M in sales reported. Kofile is excited to have a cooperative purchasing vehicle to extend to its clients and sales team. Kofile looks forward to the cooperative approach that OMNIA Partners provides to its vendors. Kofile is looking to grow and expand and build strong customer bases in each State, so having a cooperative partner is crucial. Kofile does and has held multiple GSA Contracts, and CMAS and TXMAS. Kofile used a multi-factor process to introduce the contract to clients: (1) an online landing page was created to post information (including award date, contract term, ordering procedures, legality as a purchasing vehicle, frequent Q&As, checklists to identify a contract sale, links to the awarding entity, contact information, and the awarded Price List). (2) This information was compiled into two resources (a) a one-page PDF overview and (b) a detailed PDF with all necessary documents/information; (3) Kofile prepared PPTs and resources for training its sales team, with either regional workshops or one-on-one training. The contract was emphasized at the annual sales meeting with the opportunity for Q&A and success stories. (4) Kofile utilized the contract logos on its business cards, proposals, and conference exhibit booths. Proposals include information about the contract, links, and price list verification. With a strong Marketing Department, Kofile looks forward to building case studies and success stories to share across the nation with its OMNIA Partners.

97 Program Management

Explain in detail how Supplier will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, timely contract administration, etc.

Kofile will identify a Contract Manager to ensure compliance with Region 4 and OMNIA Partners. Kofile recommends individual Item Nos. to assist tracking price points associated with this award through proposal to NetSuite to invoicing. NetSuite and Project Acceptance will build identifiers to flag orders as OMNIA Partners/Region 4 Master Agreement projects.

98 Supplier's Customer List

State the amount of Supplier's Public Agency sales for the previous fiscal year. Provide a list of Supplier's top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.

99 System Capabilities and Limitations

Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

Kofile has heavily invested in its NetSuite system, as previously discussed. NetSuite integration provides real-time tracking for production efficiency and visibility of record and project status. This is the sole system used for project management and billing. This system offers the following components to order management. Customizable: tailor tracking to specific needs and preferences Flexible: adapt to changing needs and accommodate different tracking scenarios Scalable: handle increasing volumes of data tracking Kofile uses Salesforce for sales account management.

100 Projected Sales Year One

\$3000000

103 Not-to-exceed Pricing

Region 4 ESC requests pricing be submitted as not to exceed pricing. Unlike fixed pricing, the Contractor can adjust submitted pricing lower if needed but, cannot exceed original pricing submitted. Contractor must allow for lower pricing to be available for similar product and service purchases. Cost plus pricing as a primary pricing structure is not acceptable.

Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

- Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).
- If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.
- Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).
- If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

OMNIA PARTNERS EXHIBITS
EXHIBIT F – FEDERAL FUNDS CERTIFICATIONS

FEDERAL CERTIFICATIONS
ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non-Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. 6302–6305:

- (a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;
- (b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.
- (c) The term does not include:
 - (1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or
 - (2) An agreement that provides only:
 - (i) Direct United States Government cash assistance to an individual;
 - (ii) A subsidy;
 - (iii) A loan;
 - (iv) A loan guarantee; or
 - (v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non-Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

- (a)(1) The Federal financial assistance that a non-Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or
- (2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non-Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.
- (b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.
- (c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).
- (d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Non-Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

- (a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;
- (b) Is not organized primarily for profit; and

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

(c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non-Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non-Federal entity during the same or a future period.

Pass-through entity means a non-Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non-Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is \$250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Termination means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS

Awarded Supplier(s) (also referred to as Contractors) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA and Additional Federal Funding Special Conditions required by the Federal Emergency Management Agency (FEMA) and other federal entities.

"Contract" in the below pages under FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS is also referred to and defined as the "Master Agreement".

"Contractor" in the below pages under FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS is also referred to and defined as "Supplier" or "Awarded Supplier".

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an "apparent" conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency ("NFE") must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE's may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE's employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Notice of Legal Matters Affecting the Federal Government

In the event FTA or DOT funding is used by Participating Public Agency, Contractor agrees to:

- 1) The Contractor agrees that if a current or prospective legal matter that may affect the Federal Government emerges, the Contractor shall promptly notify the Participating Public Agency of the legal matter in accordance with 2 C.F.R. §§ 180.220 and 1200.220.

- 2) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.
- 3) The Contractor further agrees to include the above clause in each subcontract, at every tier, financed in whole or in part with Federal assistance provided by the FTA.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

- a. Equal opportunity and nondiscrimination laws
- b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7
- c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Bid Guarantee

For proposals that are to include construction/reconstruction/renovation and related services, bids must be accompanied by Certified or Cashier's Check or an approved Bid Bond in the amount of not less than five percent (5%) of the total bid. Surety shall provide a copy of the Power of Attorney authorizing the Executing Agent the authority to execute the bid bond documents and bind the surety to the bid bond conditions. The bid bond shall have a corporate Surety that is licensed to conduct business in the state of the lead agency and authorized to underwrite bonds in the amount of the bid bond.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

1. CONTRACT REMEDIES

Contracts for more than the federal simplified acquisition threshold (SAT), the dollar amount below which an NFE may purchase property or services using small purchase methods, currently set at \$250,000 for procurements made on or after June 20, 2018,⁴ must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms and must provide for sanctions and penalties as appropriate.

1.1 Applicability

This contract provision is required for contracts over the SAT, currently set at \$250,000 for procurements made on or after June 20, 2018. Although not required for contracts at or below the SAT, FEMA suggests including a remedies provision.

1.2 Additional Considerations

For FEMA's Assistance to Firefighters Grant (AFG) Program, recipients must include a penalty clause in all contracts for any AFG-funded vehicle, regardless of dollar amount. In that situation, the contract must include a clause addressing that non-delivery by the contract's specified date or other vendor nonperformance will require a penalty of no less than \$100 per day until such time that the vehicle, compliant with the terms of the contract, has been accepted by the recipient. This penalty clause should, however, account for force majeure or acts of God. AFG recipients should refer to the applicable year's Notice of Funding Opportunity (NOFO) for additional information, which can be accessed at FEMA.gov.

2. TERMINATION FOR CAUSE AND CONVENIENCE

- a. Standard. All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).
- b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

- a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60-1.4(b), in accordance with Executive Order 11246, *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).
- b. Key Definitions.
 - i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

- ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.
- c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.
- d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the

OMNIA PARTNERS EXHIBITS
EXHIBIT F – FEDERAL FUNDS CERTIFICATIONS

applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

- a. Standard. All prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.
- b. Applicability. The Davis-Bacon Act applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program.
- c. Requirements. If applicable, the non-federal entity must do the following:
 - i. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.
 - ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti-Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.
 - iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

- a. All transactions regarding this contract shall be done in

OMNIA PARTNERS EXHIBITS

compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.

- b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.
- c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

- a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").
- b. Applicability. This requirement applies to all contracts for construction or repair work above \$2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.
- c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

- a. Contractor. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

- c. **Breach.** A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12.”

6. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

- a. **Standard.** Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.
- b. **Applicability.** This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of \$100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
- c. **Suggested Language.** The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in suchworkweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

- a.** Standard. If the FEMA award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the non-Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).
- b.** Applicability. This requirement applies to “funding agreements,” but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of “funding agreement.”
- c.** Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines “funding agreement” as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

- a.** Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).
- b.** Applicability. This requirement applies to contracts awarded by a non-federal entity of

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

amounts in excess of \$150,000 under a federal grant.

- c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.
2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.
2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

- a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).
- b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.
- c. Requirements.
 - i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

- ii. In general, an “excluded” party cannot receive a Federal grant award or a contract within the meaning of a “covered transaction,” to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a “covered transaction,” which is any non-procurement transaction (unless excepted) at either a “primary” or “secondary” tier. Although “covered transactions” do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS’s implementing regulations, it does include some contracts awarded by recipients and subrecipients.
- iii. Specifically, a covered transaction includes the following contracts for goods or services:
 - 1. The contract is awarded by a recipient or subrecipient in the amount of at least \$25,000.
 - 2. The contract requires the approval of FEMA, regardless of amount.
 - 3. The contract is for federally-required audit services.
 - 4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of \$25,000.
- d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

- (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor’s principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
- (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.
- (3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

OMNIA PARTNERS EXHIBITS
EXHIBIT F – FEDERAL FUNDS CERTIFICATIONS

- (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

- a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.
- b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of \$100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.
- c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

- d. Required Certification. If applicable, contractors must sign and submit to the non-federal entity the following certification.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
 - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the “County PCD Forms” link on the Pay-to-Play web site at <http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12>. They will be updated from time-to-time as necessary.
 - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s).** As the forms are county-based, **they list all legislative districts in each county. Districts that do not represent the public agency should be removed from the lists.**
 - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
 - d. The form may be used “as-is”, subject to edits as described herein.
 - e. The “Contractor Instructions” sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
 - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a “Stockholder Disclosure Certification.” This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

A. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

Supplier shall require each Public Agency to register its participation in the OMNIA Partners program by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector) or executing a Master Intergovernmental Cooperative Purchasing Agreement prior to processing the Participating Public Agency's first sales order. Upon request, Supplier shall make available to interested Public Agencies a copy of the Master Agreement and such price lists or quotes as may be necessary for such Public Agencies to evaluate potential purchases.

11. Supplier shall provide such marketing and administrative support as set forth in the solicitation resulting in the Master Agreement, including assisting in development of marketing materials as reasonably requested by Principal Procurement Agency and OMNIA Partners. Both parties shall obtain approval from the other party prior to use of such party's Logo. Notwithstanding the

foregoing, the parties understand and agree that except as provided herein neither party shall have any right, title or interest in the other party's Logo. Upon termination of this Agreement, each party shall immediately cease use of the other party's Logo.

ADMINISTRATIVE FEE, REPORTING & PAYMENT

12. An "Administrative Fee" shall be defined and due to OMNIA Partners from Supplier in the amount of percent (%) ("**Administrative Fee Percentage**") multiplied by the total purchase amount paid to Supplier, less refunds and credits on returns, for the sale of products and/or services to Principal Procurement Agency and Participating Public Agencies pursuant to the Master Agreement (as amended from time to time and including any renewal thereof) ("**Contract Sales**"). From time to time the parties may mutually agree in writing to a lower Administrative Fee Percentage for a specifically identified Participating Public Agency's Contract Sales.

13. Supplier shall provide OMNIA Partners with an electronic accounting report monthly, in the format prescribed by OMNIA Partners, summarizing all Contract Sales for each calendar month. The Contract Sales reporting format is provided as Exhibit C ("**Contract Sales Report**"), attached hereto and incorporated herein by reference. Contract Sales Reports for each calendar month shall be provided by Supplier to OMNIA Partners by the 10th day of the following month. Failure to provide a Contract Sales Report within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion.

14. Administrative Fee payments are to be paid by Supplier to OMNIA Partners at the frequency and on the due date stated in Section 13, above, for Supplier's submission of corresponding Contract Sales Reports. Administrative Fee payments are to be made via Automated Clearing House (ACH) to the OMNIA Partners designated financial institution identified in Exhibit D. Failure to provide a payment of the Administrative Fee within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. OMNIA Partners, or its designee, in OMNIA Partners' sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date OMNIA Partners receives such report. In addition, OMNIA Partners may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by OMNIA Partners at the location designated by OMNIA Partners. In the event an underreporting of Contract Sales and a resulting material underpayment of Administrative Fees is revealed, OMNIA Partners will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to OMNIA Partners' reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of OMNIA Partners' costs and expenses related to such audit.

GENERAL PROVISIONS

16. This Agreement, the Master Agreement and the exhibits referenced herein supersede any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereto and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained or incorporated herein shall be valid or binding. In the event of any conflict between the provisions of this Agreement and the Master Agreement, as between OMNIA Partners and Supplier, the provisions of this Agreement shall prevail.
