- NOTE: Aircraft inbound to an incident will not proceed closer than 7 NAUTICAL MILES until CLEARANCE is received from the control aircraft.**

1. Upon arrival, the pilot shall present an FC-115, Pre-Hire Information, to a responsible CAL FIRE officer to complete a pre-hire inspection.
2. If the helicopter is immediately pressed into service without landing:
 - a. Current Hobbs meter time shall be relayed to the incident commander or air attack officer through the initial contact.
 - b. By the end of the first day the helicopter shall be formally checked in with the helicopter coordinator or responsible CAL FIRE officer who will determine;
 - 1) That the pilot and helicopter are properly carded and that the helicopter is equipped for the mission that it was dispatched for. FC-115, Pre-Hire Information, shall be used and completed by the CAL FIRE officer and returned to the pilot.
 - 2) A current copy of the FC-107RW and aircraft and pilot approval cards must be in the helicopter before the helicopter can be used or paid for.

THE HELICOPTER SHALL BE RETURNED HOME WITHOUT PAYMENT IF THE ABOVE ITEMS ARE NOT IN THE HELICOPTER.

3. If the helicopter does not meet all the requirements or does not have all the equipment that was ordered, it shall be released immediately, and no ferry time shall be paid. Note: CAL FIRE normally pays for ferry time.

D. OPERATIONAL PROCEDURES

1. The helicopter shall be operated in compliance with all CAL FIRE policies and procedures governing aircraft operations.
2. The service truck shall be operated in compliance with the operating procedures outlined in the Interagency specifications and in the California Cargo Tank Registration Program (CTRP) of the California Vehicle Code.
3. Helicopters shall have their landing lights on within five miles of and while working on the incident for collision avoidance. Forward facing pulsating lights may be substituted for landing lights. The pilot shall insure the light is turned off if landing in tall grass to prevent an accidental fire. If the landing light burns out, the operation may continue for the remainder of the day but must be replaced as soon as possible.
4. If the aircraft is involved in an accident or incident while working for CAL FIRE, the operator shall comply with all the appropriate federal aviation regulations, including PART 830, Notification and Reporting of Aircraft Accidents or Incidents. Immediate notification of an accident or incident shall also be made to CAL FIRE. The aircraft shall remain in the custody of CAL FIRE until the department has investigated the cause and released the aircraft back to the operator.
5. Helicopters shall not be hired for special missions, i.e. water drops unless they are approved and have the necessary associated equipment, i.e. waterbucket.

E. CHECK-OUT PROCESS

1. Check out with a responsible CAL FIRE officer. NOTE: An after-action report shall be filed on each helicopter used by CAL FIRE. If the services provided by the contractor are less than satisfactory, they may be removed from the CWN directory.
2. A pay document should be initiated by a CAL FIRE officer and signed by the pilot verifying flight time and rates.
3. When an aircraft is released from the Assigned Work Location, demobilization costs will be paid back to the original point-of-hire, provided that is the immediate destination after release. Should the aircraft not immediately return to the original point-of-hire, demobilization costs will only be paid as incurred.

F. PAYMENT PROCESS

1. Even though pay documents are initiated on location, they may not be completed until a later date. CAL FIRE pay documents are self invoicing, requiring no invoice.
2. However, if a pay document is not initiated on location and an invoice is required, the invoice shall be submitted, in triplicate, to the billing address indicated by the requesting facility at the time of hiring.
 - a. In the absence of a billing address, submit the invoice to the administrative unit indicated by the three-letter identifier of the order number you were ordered on. A listing of mailing addresses is provided.
 - b. A separate invoice shall be submitted for services provided to each of the administrative units identified by a three-letter identifier if more than one order number was used.
3. The invoice shall state the following information:
 - a. CAL FIRE order and request number and name of fire.
 - b. Beginning and ending Hobbs meter readings.
 - c. All flight rates are wet. If CAL FIRE provides fuel, it shall be listed on the pay document and charged back to the operator at a rate equal to CAL FIRE fuel price. Total cost of fuel provided to an operator's helicopter shall be subtracted from the total amount due the operator for services provided.
 - d. Foam shall be billed to CAL FIRE at the operator's cost plus 10 percent handling fee. Foam may be replaced at CAL FIRE's option.
 - e. Payment for specialized equipment shall also be listed; i.e. fixed retardant tank, FLIR equipment, per diem.
 - f. Stamp the invoice with a small business certification, if qualified, to insure timely payment.
4. Attached is an *excerpt* from a CAL FIRE Fiscal Management Directive to determine payment.

G. SUMMARY

The above requirements and operating procedures are the minimum standards CAL FIRE will accept for CWN helicopters and pilots.

An authorized representative of the operator and CAL FIRE shall sign this agreement. Only one agreement shall be completed for each operator regardless of the number of aircraft approved.

All insurance certificates are subject to approval by State of California Department of General Services. Contractor agrees to perform no work or services without approved

However, an individual who comes to perform a particular contract of short duration will be considered a nonresident.</p> <p>Payments to all nonresidents may be subject to withholding. Nonresident payees performing services in California or receiving rent, lease, or royalty payments from property (real or personal) located in California will have 7% of their total payments withheld for state income taxes.
