It is therefore the intent of the Parties that any references to the "sale" of Products (including purchase terms and pricing) herein shall be construed in a manner that is consistent with NOTA and all other applicable laws, and that any price paid by Customer or a Participant for Tissue Products hereunder represents Stryker's cost associated with the collection, processing and storage of such Tissue Products as well as the provision of technical and other field support to health care providers with respect to such Tissue Products and not a sale of the material itself. For purposes hereof, the term "Tissue Products" means human bone and other human tissue materials that are procured and processed by or on behalf of Stryker and are intended for clinical use in certain orthopedic or other applications.
- 7. Reporting. Stryker, as supplier, hereby informs Customer, as buyer on behalf of itself and each purchasing Participant, of each Participant's obligation to make required reports (including reporting on net prices paid for items supplied hereunder) under the Federal Medicare and Medicaid Anti-Kickback Statute and the regulations thereunder (42 CFR Part 1001.952(h)).
