This order form ("Order Form") is incorporated by reference to the COPLINK Software License Service Agreement dated October 1, 2018 (the "**COPLINK Agreement**") made by and between Forensic Logic, LLC ("**FL**") and County of San Bernardino ("**Customer**"), FL and Customer hereby agrees to accept this Order Form for the purchase of a new term of Subscription Services.

1.1 COPLINK Cloud Subscription

Description	Quantity	Price	Start Date	End Date
COPLINK Detect Subscription includes: Visualizer, Map Analyzer, Adaptive Analytic Architecture (A3), Active Agent, FaceMatch, COPLINK Supervised Release & Monitor Alert (SRMA), Inbound/Outbound Connector for LEXS-SR, File Exporter for COPLINK IEPD*	3325	\$174,418.00	4/1/2023	3/31/2024
COPLINK Data Protect	1	\$18,962.00	4/1/2023	3/31/2024

1.1.1 COPLINK Data Protect; Included Agencies

COPLINK Data Protect is a Forensic Logic services subscription intended to replace upfront data integration costs to the agency. Data Protect covers the initial integration of an agency's data source(s) and acts as a safeguard for significant changes that may occur in an existing data source's structure and schema. This protection also includes a safeguard to future changes to an agency's chosen data source vendor.

Complete remaps of Data Sources will be limited to up to 2 full source remaps per calendar year. When this part is applied to a regional node the protection is extended to all agencies and data sources that are currently mapped and are feeding the regional deployment provided that the County or the individual agency covers any vendor fees. This is providing the agency and the vendor provide us with a full backup of their data and that we can reach agreement with the agency and the vendor on a standard connection method to COPLINK which does not require development work for Forensic Logic.

Future addition of data sources or agencies will be charged at our current pricing at time of integration based on scope and the level of effort specific to the particular data source. Depending on the number and complexity of added data sources, additional Data Protect subscription charges could incur.

For the San Bernardino COPLINK Node this protection will be extended for the following identified agencies and their currently mapped Data Sources. This is for Record Management Systems (RMS) unless specifically noted:
