	To:	September 30, 2021					
Statement of Purpose and Need:	This grant application from the California Office of Traffic Safety will fund 3.0 FTE Deputy District Attorney positions and related training costs to file and vertically prosecute alcohol and drug impaired driving cases throughout each step of the criminal process.						
Expected Grant Expenditures:	Salaries and benefits for 3 DDA's, travel expenses and DUI Drug Testing and Confirmation. The Department has received funding for 1 DDA since 2012. In this application we are requesting 3 DDA's instead of one. Should the department be awarded the 3 Deputy District Attorney's we will request to add two new DDA positions and make the necessary budget adjustments when we request Board approval to accept the award. If at anytime the funding is no longer available for the additional personnel the department will reassign staff to other vacant positions and the new positions will be inactivated.						
Collaborative Agencies and Roles, if any:	None						
Performance Measurement:	Statistical reports are provided to California Office of Traffic Safety on a quarterly basis to ensure proper performance of the program.
