BACKGROUND INFORMATION

Priorities Program projects help promote the vision of a complete County by recognizing the unique traits of each Supervisorial District and, thereby, allow individual Board Districts to work with community partners through County services and contractual agreements to identify programs, projects, and initiatives that support the vision, meet a public purpose and provide services to residents that promote health, safety, economic well-being, education, recreation, and other public services that enhance quality of life and meet the needs of County residents.

Program

Projects under the Priorities Program are based on District Supervisor discretion and are presented by each District Supervisor for Board approval.

The recommended project will support Chino Post No. 299 American Legion Department of California (Chino Post) by providing funding for the renovation of its event hall consisting of upgraded lighting, interior painting, redesign of the beverage serving area, installation of new flooring, and the installation of new serving windows into the kitchen. These enhancements will modernize the facility and expand its capacity to host community events, veteran programs, and private rentals, which generate essential revenue to support the Chino Post's operations. This contract serves the public purpose of providing for the social needs of County residents and promoting the Countywide vision of ensuring development of a well-planned, balanced and sustainable County, and pursuing County goals and objectives by working with other agencies and stakeholders. Chino Post is a non-profit organization. Per County Policy 05-10, non-profit organizations are not required to provide a minimum 25% matching contribution to the projects.

- e. Does not alter the amount of compensation under the contract.

Board discretionary funding allocations under the Priorities Program with community partners must be for projects or services of \$10,000 or more as described in County Policy 05-10. Additionally, contracts that include non-profit organizations, government entities, or educational institutions are non-competitive. Contracts with community partners that include for-profit organizations are to be processed according to existing County procurement policies. Contracts with other government agencies or for-profit organizations require a matching contribution of at least 25% of the proposed projects.
