

# Gaps, Barriers, and New Routes - Pedestrian Infrastructure

Proposed new sidewalks will close gaps in pedestrian infrastructure on commonly used routes that currently lack contiguous sidewalks. A proposed sidewalk on the west side of Perris Hill Park Road will complete a pedestrian route that currently only has a single sidewalk on the east side of the street, which forces all users on the same path, regardless of direction. Proposed sidewalks on north-south residential streets will allow safer pedestrian travel, separated from vehicular traffic.

# Gaps and Barriers - Safe Crossings and Accessible Infrastructure

Pacific Street is a four-lane roadway that pedestrian students must cross to access the Pacific High School campus's south-facing entry. Currently, there are no traffic-stopping features on Pacific Street between Barton Street and Conejo Drive. The only pedestrian crosswalks are painted on the road surface. A crossing guard at Perris Hill Road and Pacific Street assists pedestrians during peak rush hours.

The Project will **add ADA-compliant curbs** where they are missing at three corners to ensure accessibility for all sidewalk users. **Curb extensions** at current sites with narrow curbs will shorten the street and widen pedestrian space to reduce the time spent in the roadway and increase visibility for drivers.

Proposed improved signal timing at the intersection of Perris Hill Park Road and Pacific Street will **enhance crossing safety** by timing traffic stops. A HAWK signal at Perris Hill Road and Pacific Street, along with an **All-Way stop sign** will force traffic stops to improve safety at main crossings.

A wide-angle photograph of a football field under a clear blue sky. The field is green with white yard lines and numbers. In the foreground, the word "PERRIS" is written in large, white, outlined letters on a purple turf. A yellow rectangular frame is superimposed over the center of the field, centered on the 50-yard line. The background shows a dry, hilly landscape with some trees and a water tower on a hill.
