COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES

Provide for the Safety, Health, and Social Service Needs of County Residents.

Pursue County Goals and Objectives by Working with Other Agencies and Stakeholders.

FINANCIAL IMPACT

Approval of this item will not result in the use of additional Discretionary General Funding (Net County Cost). Service deliverables will be fully funded by Medi-Cal Managed Care Plans (MCPs) directly to the Department of Public Health (DPH). Upon acceptance by the Board of Supervisors (Board), DPH will receive awards from the MCPs in the amounts of \$300,000 from the Inland Empire Health Plan (IEHP), \$215,000 from Kaiser Permanente, and \$150,000 from Molina Healthcare (Molina). Adequate appropriation and revenue have been included in DPH's 2024-25 budget and will be included in future recommended budgets.

BACKGROUND INFORMATION

**Funding and Confidentiality and Data Use Agreements for Collaboration,
Outreach, and Community Transformation with Medi-Cal Managed Care
Plans
June 10, 2025**

As part of the statewide California Advancing and Innovating Medi-Cal (CalAIM) initiative, the California Department of Healthcare Services (DHCS) requires all MCPs throughout California to collaborate with local health jurisdictions in the development and implementation of their Community Health Assessment (CHA) and Community Health Improvement Plan (CHIP). The CHA and CHIP are required for DPH to maintain national accreditation with the Public Health Accreditation Board. DHCS requires MCPs to contribute resources in the form of direct funding, in-kind staffing and data to promote a comprehensive understanding of the multiple factors contributing to community health outcomes. MCPs have agreed to provide funding to DPH during the first year, with future years subject to the availability of funding.

The funding from each MCP will allow DPH to increase foundational capabilities by using existing positions, three Health Educator Specialist I, two Health Educator Specialist II, and one Office Specialist, to staff a variety of community engagement events and ensure quality improvement during the CHIP implementation process. MCP funding will also cover costs for a short-term consultant contract that will be selected through competitive procurement to conduct stakeholder training and CHIP implementation evaluation and recommendations. Investment in these areas will drive lasting advances in public health capacity and systems to better serve and support those throughout the county. Each of the Funding and Confidentiality and Data Use agreements will have an initial term of May 20, 2025 through June 30, 2026.

DPH recommends the approval of the MCP agreements as it is necessary to formalize the partnership between DPH and each MCP, to meet DHCS requirements and to contribute to the success of the development and implementation of the CHA and CHIP.
