FINANCIAL IMPACT

Approval of this item will not result in the use of additional Discretionary General Funding (Net County Cost). Approval of the temporary transfer of funds (TTF) to the Apple Valley Fire Protection District (District) will result in \$1,567,559 of pooled funds of the San Bernardino County (County) Treasury being unavailable for County use. The funds will be repaid, beginning with the first property tax apportionment, with interest, in November 2026, until the amount is paid in full, but no later than December 29, 2026.

BACKGROUND INFORMATION

The Auditor-Controller/Treasurer/Tax Collector (ATC) has received a request from the District for a TTF, in accordance with the provisions of Article XVI, Section 6, of the California Constitution and Section 23010 of the California Government Code. These provisions authorize the County Treasurer, upon approval by the Board of Supervisors (Board), to execute a TTF to allow a district to meet its obligations. The provisions require the District to pay interest on all funds borrowed at the same rate that the County applies to funds on deposit with the County, and to maintain its funds as they become available in the County's custody.

The District has requested a TTF in the amount of \$1,567,559, as listed on Attachment A. ATC has considered several factors, including the District's deepest projected cash deficit and the anticipated property tax revenue that will accrue to the District in arriving at its recommendation. Upon review of the District's cash needs, ATC finds the District to have satisfactorily demonstrated a reasonable need for a TTF and recommends a TTF totaling \$1,567,559, which represents 17% of the District's total property tax revenue anticipated for 2026-27. The District

has previously requested and received a TTF in the amount of \$1,781,055 for 2025-26. This request was approved by the Board on June 10, 2025 (Item No. 31), and the payment was made in full on December 4, 2025.

As required by Government Code Section 23010, the TTF does not exceed 85% of the District's anticipated property tax revenue for the year and shall be repaid before any other obligations of the District are paid. Repayment shall be made no later than December 29, 2026, from property tax apportionments, unless the District initiates payment from another revenue source earlier.

PROCUREMENT

Not applicable.
