COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES

Provide for the Safety, Health and Social Service Needs of County Residents.

Pursue County Goals and Objectives by Working with Other Agencies and Stakeholders.

FINANCIAL IMPACT

This item does not impact Discretionary General Funding (Net County Cost). The joint allocation award agreement from the California Department of Housing and Community Development (State), in the amount of \$2,725,921, is 100% State funded and does not require a match. This amount includes Transitional Housing Program (THP) Round 5 funding of \$1,531,800 and Housing Navigation and Maintenance Program (HNMP) Round 2 funding of \$1,194,121. Adequate appropriation and revenue have been included in the Human Services Administrative Claim 2023-24 budget and will be included in future recommended budgets.

BACKGROUND INFORMATION

The Budget Act of 2023 requires the State to allocate funding to counties to provide housing stability to help young adults (ages 18 through 24) secure and maintain housing, with priority given to young adults formerly in the foster care or probation systems. All funds will be administered by Children and Family Services (CFS).

Pursuant to Section 50807 and 50811 of the Health and Safety Code, the State consulted with the California Department of Social Services, the Department of Finance, and the County Welfare Directors Association to develop a formula allocation schedule for the purpose of distributing these funds to counties. Per the Budget Act of 2023, the allocation is based on each county's percentage of the total statewide number of young adults 18 through 20 years of age in foster care and homeless unaccompanied young adults (age 18 through 24), excluding those counties that could not demonstrate need.

A county that accepts an allocation of funds is required to provide training to its child welfare agency social workers and probation officers who serve non-minor dependents. The training is to describe the social worker's and probation officer's role in identifying unstable housing situations for youth and referring youth to housing assistance programs; provide an overview of the housing resources available; and offer training on how to refer young adults and families to housing resources.

CFS will use the THP funds to help young adults, ages 18 through 24, secure and maintain housing, with priority given to young adults formerly in the state's foster care or probation systems. CFS anticipates providing services to 48 qualified young adults at a per capita cost of \$32,034. Qualified young adults are individuals that demonstrate a willingness to participate in THP activities, such as attending classes that teach living skills, continuing their education, and securing employment. The use of funds may include, but is not limited to:

1. Identification of, and assistance with, housing services for this population in the county;
2. Assistance in securing and maintaining housing, including assistance with rent, utilities, furniture, and household items, as needed (with priority given to those currently or formerly in the foster care or probation system);
3. Improvement of coordination among various services and linkages to community resources within the child welfare system and the Homeless Continuum of Care; and
4. Facilitation of engagement in outreach, targeting services to those with the most severe needs.

CFS will use the HNMP funds for housing specialists (called housing navigators), who will assist the County's young adults, ages 18 through 24, with their efforts to locate available housing and overcome barriers to obtaining housing. CFS anticipates providing services to 100 qualified young adults at a per capita cost of \$11,843. Housing navigation and maintenance activities may focus on providing assistance to young adults in securing and maintaining housing with priority access given to those in the state's foster care system. CFS will leverage other funding, including Homeless Housing Assistance and Prevention and bringing Families Home, and Family Unification Program to provide resources including hard goods, rent, and deposits and services to help stabilize the participant.

On February 6, 2024 (Item No. 15), the Board of Supervisors (Board) adopted Resolution No. 2024-15 that authorized the submission of an application to the State for the County Allocation Award for THP Round 5, in the initial amount of \$1,531,800; authorized the acceptance of THP Round 5 funding in the amount of \$1,531,800, up to a total amount of \$3,063,600, based upon available remaining funding; authorized the submission of an application to the State for the County Allocation Award for HNMP Round 2, in the initial amount of \$1,194,121; acceptance of HNMP Round 4 funding in the amount of \$1,194,121, up to a total amount of \$2,388,242, based upon available remaining funding; and authorized the Director of CFS to act on behalf of the County in connection with the THP Allocation Award and HNMP Allocation Award, and to enter into, execute, and delivery any and all documents required or deemed necessary or appropriate to participate in the programs, including a Standard Agreement and any amendments.

In the February 6, 2024 Board item, CFS agreed to return to the Board for approval of the THP Round 5 and HNMP Round 2 allocation award agreement upon receipt from the State.

This Board item is presenting the joint allocation award agreement (State Agreement No. 23-TAY-18166) for the THP Round 5 and HNMP Round 2 allocation of funds for review and to authorize the CFS Director to execute on behalf of the County.

For any additional THP and HNP awards and funding allocations, CFS will return to the Board for approval pursuant to County Policy.
