BACKGROUND INFORMATION

The Department received a request to investigate concerns about commercial vehicles parking along the north side of Pacific Street, adjacent to the parking lot of Our Lady of Hope Catholic Church on the northeast corner of Pacific Street and Del Rosa Avenue in the San Bernardino area. Community members have reported that parked commercial vehicles are creating visibility issues and making it difficult for churchgoers to safely exit the parking lot.

In response, the Department conducted a traffic engineering investigation along Pacific Street. The investigation confirmed that Pacific Street is a residential district street meeting the criteria specified in California Vehicle Code Section 515, and confirmed the presence of commercial trucks parked along Pacific Street. Field measurements also confirmed potential issues concerning limited sight distance at the parking lot exits on Pacific Street. Therefore, based on the findings, field observations, and traffic engineering investigation, the Department recommends establishing a “No Parking” zone for commercial vehicles with a manufacturer’s

The proposed Resolution will also direct the Road Commissioner to perform such acts as are necessary to implement the Resolution, which includes posting signage pursuant to County Code 52.0128(a), to assist in improving the safety of the motorists traveling along the roadway.

This item aligns with the County and the Chief Executive Officer's goals and objectives to provide for the safety of the traveling public by restricting parking on this stretch of roadway.
