Briefly describe the general nature of the contract: The Amendment to the Product Supply Agreement with Praxair Distribution, Inc. (Praxair) will allow for the provision of bulk medical gases at Arrowhead Regional Medical Center's (ARMC's) expanded Emergency Department modules, which are currently being utilized due to the rising numbers of COVID-19 patients. Approval of this amendment will also decrease the burden on the medical gas generation system, which is being utilized at 300% of normal capacity; leading to decrease in the systems efficiency.
