San Bernardino County, Department of Public Health (DPH) was granted Center for Disease Control and Prevention (CDC) Infrastructure Grant to provide a foundation for CDC's public health infrastructure work and provides maximum flexibility so recipients can address their most pressing needs. To ensure timely access to public health services, the use of this master employment contract template will allow the County Executive Officer (CEO) the discretion to appoint and allow a Contract Department Representative with the flexibility needed to obtain the required staff while remaining within the overall budget for public health programs as it relates to personnel salary and benefit costs.
