					Chino PD will use FY24 HSGP funds to purchase available surveillance security cameras. Cameras will be purchased within the performance period and used within each jurisdiction by law enforcement personnel to identify threats, including potential terror attacks, at public gatherings such as festivals, parades, and other soft targets and crowded places where the public congregates. Cameras will allow first responders to compare data with potential suspects to enhance the protection of soft targets and crowded spaces throughout the County with the intention of reducing threats. This project is claimed as LEIPA as it addresses the core capability of Physical Protective Measures within the National Prevention Framework to benefit law enforcement personnel.	SHSP	LE	Equipment	Physical Protective Measures	Build	Both	No		\$1,913,858				\$1,913,858	
11.02	Goal #2	Subaward	001	Law - Portable Security Surveillance Cameras	Chino PD will use FY24 HSGP funds to purchase a message sign board and trailers within the grant performance period to strengthen information sharing during emergencies, such as terror and active shooter incidents throughout the city. The message sign board is programmable and will also be used to raise security awareness among attendees at large venues to deter bad actors from aiming out terror attacks. The trailer allows the message board to be moved to different locations to provide information during emergencies to strengthen public messaging and reduce information sharing during threatening activity. This project is claimed as LEIPA as it addresses the core capability of Public Information and Warning within the National Prevention Framework to benefit law enforcement personnel.	SHSP	LE	Equipment	Public Information and Warning	Build	Both	No	21,002			21,002			
11.07	Goal #6	Subaward	003	Law - Ballistic Personnel Protective Equipment	Fontana PD will use FY24 HSGP funds to purchase ballistic shields and armor within the grant performance period for law enforcement personnel to use during terror events and other threatening situations throughout the city to enhance response capabilities. The shields will allow first responders to respond to active shooter and other events while protecting law enforcement personnel. This project is claimed as LEIPA as it addresses the core capability of On-scene Security, Protection, and Law Enforcement within the National Prevention Framework to benefit law enforcement personnel.	SHSP	LE	Equipment	On-scene Security, Protection, and Law Enforcement	Build	N/A	No	25,200			25,200			
11.09	Goal #6	Subaward	004	Law - Response Robot	Fontana PD will use FY24 HSGP funds to purchase a robot within the grant performance period to enhance response capabilities. The robot will be used for various responses, including active shooter and terrorist activities, throughout the city. Through the robot camera, the robot will identify hazard threats, detect chemical weapons, and identify other threats without putting first responders at risk. The robot will also benefit the Inland Valley SWAT team by assisting in hostage situations, reducing overall time to assess threatening situations. This project is claimed as LEIPA as it addresses the core capability of Screening, Search, and Detection within the National Prevention Framework to benefit law enforcement personnel.	SHSP	LE	Equipment	On-scene Security, Protection, and Law Enforcement	Build	N/A	No		32,727			32,727		
11.08	Goal #1	Subaward	005	Law - Automated License Plate Readers/Locating Systems	Hesperia PD, Rialto PD, Victorville PD and Yucca Valley PD will use FY24 HSGP funds to purchase Automated License Plate Readers & Locating Systems with associated software within the performance period to capture license plate data throughout the county, and compare the information obtained with databases to acquire information on vehicles of interest and alert law enforcement when criminals and terror suspects are observed. This project is claimed as LEIPA as it addresses the core capability of Screening, Search, and Detection within the National Prevention Framework to benefit law enforcement personnel.	SHSP	LE	Equipment	Screening, Search, and Detection	Build	Both	No	117,503			117,503

					Monterey PD will use FY24 HSGP funds to purchase portable radios, two-way radios, batteries and radio chargers within the performance period to enhance communications during critical incidents throughout their respective jurisdictions to enhance their operational capabilities. The radios and accessories will increase situational awareness for first responders to make vital, life-saving decisions in active police areas during times of active shooter, and other emergencies. This project is claimed as LEPA as it addresses the core capability of Operational Communications within the National Prevention Framework to benefit law enforcement personnel. (SCIP)	SHSP	LE	Equipment	Operational Communications	Build	Deployable	No	\$1,913,859		20,052		20,052	\$1,913,859		
11.06	Goal #4	Subaward	006	Low - Portable Radios and Accessories	Rancho Cucamonga PD will use FY24 HSGP funds to purchase the bleed trauma kits within the performance period to hand out at city area activities to enhance their operational capabilities during active shooter and active shooter incidents. The kits will allow school personnel to provide initial critical medical care when needed until first responders arrive on scene, reducing casualties and saving lives during emergencies. Kits will be disbursed at active shooter training provided by the police department. This project is claimed as LEPA as it addresses the core capability of Community Resilience within the National Prevention Framework.	SHSP	LE	Equipment	Community Resilience	Build	Both	No	49,271		49,271		49,271			
11.09	Goal #6	Subaward	008	Law - Community Trauma Kits	Upland PD will use FY24 HSGP funds to purchase first responder kits within the performance period to enhance response capabilities during critical incidents, active shooter events and terror attacks throughout the city. PD will use the kits to provide critical life-saving care prior to medical personnel arrival on scene, reducing casualties during emergencies. This project is claimed as LEPA as it addresses the core capability of Public Health, Healthcare, and Emergency Medical Services within the National Prevention Framework to benefit law enforcement personnel.	SHSP	LE	Equipment	Public Health, Healthcare, and Emergency Medical Services	Build	Both	No	9,360		9,360		9,360			
11.09	Goal #6	Subaward	009	Law - Gas Masks and Filters	Upland PD will use FY24 HSGP funds to purchase gas masks and filters within the performance period to enhance law response capabilities during critical incidents, including bio-terror events throughout the city. Gas masks and filters will allow first responders to enter compromised areas without pulling low containment of risk incidents where unknown bio-chemical hazards exist. This project is claimed as LEPA as it addresses the core capability of Chemical Security, Protection, and Low Enforcement within the National Prevention Framework to benefit law enforcement personnel.	SHSP	LE	Equipment	Environmental Response / Health and Safety	Build	Deployable	No	19,472		19,472		19,472			
11.06	Goal #4	Subaward	010	Town - EOC Computers	EMERGENCY COMMUNICATIONS: The Town of Yucca Valley will use FY24 HSGP funds to purchase computers within the performance period for the primary and secondary Emergency Operations Center to enhance emergency communications capabilities during critical terror-related incidents and other emergencies. The new computers will ensure that the town has updated equipment to accurately respond to emergency events. (SCIP Goal #7)	SHSP	EMG	Equipment	Operational Coordination	Build	Deployable	No	16,646		16,646		16,646			
11.08	Goal #1	Subaward	012	Law - Intelligence Group Monitoring and Analysis	San Bernardino County Sheriff will use FY24 HSGP funds to purchase intelligence group monitoring and analysis services within the performance period to monitor online terror and extremist activity to provide law enforcement agencies actionable intelligence related to terrorist threats. The system will allow law enforcement personnel to search terror and extremist groups for potential attacks to reduce planned attacks proactively. This project is claimed as LEPA as it addresses the core capability of Intelligence and Information Sharing within the National Prevention Framework to benefit law enforcement personnel.	SHSP	LE	Equipment	Intelligence and Information Sharing	Build	Shareable	No	49,340		49,340		49,340

11.05	Goal #1	County Sheriff - Crime System Software and Management	<p>The San Bernardino County Sheriff's Department will use FY24 HSGP funds to sustain system software and configuration services for a countywide regional data exchange project used for containing useful data in domestic violent extremist incident prevention (formerly the COPLINK system). This system allows the consolidation of data pertaining to domestic terrorist investigations/activities throughout the region for terrorist prevention. Where communication sharing regarding potential domestic terrorist activities is a weakness, the data collected in the system strengthens coordination and communication with other participating agencies, including the DOJ and sources in bordering states, to reduce threats within Western regions. Providing these services to participating agencies reduces costs for those agencies who may otherwise not have funds for such a system. Utilizing funds granted to the County for a shared system. Utilizing funds granted to smaller agencies within the region and with remote agencies who would otherwise not have the financial ability to better guard themselves against possible terror threats. This is an ongoing project where years of data has been collected. As more information is collected, a broad picture of potential threats to the region is more identifiable.</p>	SHSP	LE	Equipment	Intelligence and Information Sharing	Build	Shareable	FY22; U #6	404,091		404,091		\$1,913,858	
11.01	Goal #1	Terrorism Liaison Officer Coordinator	<p>SB County Sheriff will use FY24 HSGP funds for a Terrorism Liaison Officer Coordinator to develop plans, perform community outreach, facilitate with law enforcement development of TLO. Focusing on awareness, terrorism, suspicious activity and the communication/reporting of identifying such activities for other jurisdictions and large venue organizations for this County regional project. This project can be claimed as LEPA as it addresses the core capability of Intelligence and Information Sharing within the National Prevention Framework.</p>	SHSP	LE	Planning	Intelligence and Information Sharing	Build	Shareable	FY22; U #1	100,000		100,000			
11.09	Goal #5	Fire - Fire Extinguisher Training System	<p>Apple Valley Fire will use FY24 HSGP funds to purchase a fire extinguisher training system within the performance period to provide training throughout the city at schools, senior facilities, community centers, etc., to enhance community preparedness for disasters, terror attacks, and other emergencies. Providing fire extinguisher training throughout the community will reduce property destruction and save lives by educating the public to respond to emergency events until first responders are on-scene.</p>	SHSP	FS	Equipment	Community Resilience	Build	Shareable	No	14,737		14,737			
11.09	Goal #6	Fire - Personal Protective Emergency Response Equipment	<p>Arrowbear will use FY24 HSGP funds to purchase personal protective equipment for firefighter protection while responding to chemical threats, structural fires, and rescue operations that are caused by terrorist events, domestic extremist events, and other emergencies to enhance response capabilities while protecting first responders.</p>	SHSP	FS	Equipment	Fire Management and Suppression	Build	Deployable	No	10,152		10,152			
11.06	Goal #4	Fire - Portable/Mobile Radios and Accessories	<p>Big Bear Fire, Daguerre Fire, Highland Fire, Mount Baldy Fire, and Victorville Fire will use FY24 HSGP funds to purchase portable, two-way, and mobile radios and accessories within the performance period to increase interoperable communications throughout the county. Radios will be utilized for emergencies, such as terror events, mass shootings and other emergencies. Radios will allow all agencies to communicate with local and outside agencies during disasters. HSGP Goal #41</p>	SHSP	FS	Equipment	Operational Communications	Build	Both	No	63,688		63,688			
11.09	Goal #6	Fire - Ballistic Personnel Protective Equipment	<p>Colton Fire, Rancho Cucamonga Fire, and Yucaipa Fire will use FY24 HSGP funds to purchase ballistic shields, helmets, and body armor within the performance period for fire first responders to enhance response activity throughout their respective jurisdictions. The ballistic equipment will allow first responders to respond and mitigate victims of active shooter, terror attacks and other events without risking firefighter's lives.</p>	SHSP	FS	Equipment	On-scene Security, Protection, and Law Enforcement	Build	Deployable	No	46,047		46,047			
11.09	Goal #6	Fire - Trauma Kits	<p>Colton Fire will use FY24 HSGP funds to purchase active shooter trauma packs/kits during the performance period for firefighters to provide rapid triage, wound care, and victim removal during terror attacks and active shooter events. The packs/kits will reduce casualties and save lives to enhance response capabilities.</p>	SHSP	EMS-F	Equipment	Public Health, Healthcare, and Emergency Medical Services	Build	Both	No	1,606		1,606			
11.09	Goal #6	Fire - Hazmat Detection Equipment	<p>Ontario Fire will use FY24 HSGP funds to purchase various chlorine and gas detection equipment within the performance period to enhance emergency response and detection capabilities for the City's hazardous materials team. The Hazmat team will use equipment to respond to CBRNE WMD, and terror incidents throughout the city, including identifying potential threats at the Ontario International Airport. Identifying hazardous materials will allow rapid and accurate response to threatening conditions, and will reduce loss of life.</p>	SHSP	FS	Equipment	Environmental Response / Health and Safety	Build	Both	No	21,267		21,267

IJ	State Goal	Direct Subaward	Project	Project Title	Project Description	Funding Source	Disciplina	Solution Area	Core Capabilities	Capacity Building	Deployable/Shareable	Supports previous Award Investment?	Total Budgeted	Previously Approved Amount	Amount This Request	Total Approved	Remaining Balance	Percent Expended		
11.09	Goal #6	Subaward	021	Fire - Emergency Response Drones	Redlands Fire will use FY24 HSGP funds to purchase drone packages within the performance period to increase emergency response capabilities. The drones will be used to search rapidly for victims throughout the city during terror attacks and other critical incidents, so that first responders can respond appropriately and reduce loss of life during catastrophic events. Rialto Fire will use FY24 HSGP funds to hire a consultant to develop prevention, response and recovery plans within the performance period for two specific locations within the city that could have a catastrophic impact on the entire community should a terror attack or other emergency occur. The plans will address emergencies at a terminal that stores and transports thousands of gallons of prime fuel, which is also a fuel distribution center, and a railroad yard that houses rail cars which stores and transports hazardous materials. The plan development will be coordinated with surrounding emergency response agencies and site representatives to reduce the impact of a catastrophic event at their location and reduce loss of life and property should the event occur.	SHSP	FS	Equipment	Mass Search and Rescue Operations	Build	Both	No	14,551		14,551	\$1,913,858				
11.09	Goal #6	Subaward	022	Fire - Emergency Prevention, Response and Recovery Plans	San Bernardino County Fire will use FY24 HSGP funds to purchase a multifunctional robot within the performance period to enhance emergency response capabilities. The robot will be used to support explosive device remediation, hazardous materials operations, tactical law enforcement operations, search & rescue operations and surveillance/detection capabilities during emergencies and critical incidents such as terror attacks. The robot will increase response efficiencies by identifying threats without putting first responders at risk, and will be used during incidents throughout the County.	SHSP	FS	Equipment	Mass Search and Rescue Operations	Build	Both	No	185,057		185,057				185,057	
11.06	Goal #4	Subaward	024	FIRE - Regional CAD to CAD System Management	The Consolidated Fire Agencies (CONFIRE) will use FY24 HSGP funds to hire a consultant within the performance period who will provide administrative and management support for the regional computer-aided dispatch (CAD) to CAD system to improve inter-agency, situational awareness, resource sharing, coordination, and system resiliency to enhance communications throughout the County. The consultant will work with representatives from participating agencies to expand the program regionally to increase emergency response during incidents such as terror attacks to reduce casualties. (BCP Goal #4)	SHSP	FS	Equipment	Operational Communications	Build	Shareable	FY22: IJ #6	90,000		90,000			90,000		
11.09	Goal #10	Subaward	025	Law - Hostage Scenario Exercise	The San Bernardino County Probation Department will conduct a full-scale hostage scenario exercise within the performance period to enhance multi-jurisdictional response capabilities. The exercise will be a full-scale exercise located at the probation detention facility and will include multi-agencies throughout the county. The exercise will allow the department and participating agencies to evaluate the overall response vulnerabilities and weaknesses to assist all participating agencies to address areas of improvement. Conducting the exercise will increase response capabilities and reduce casualties. This project is claimed as LEIPA as it addresses the core capability of Operational Coordination within the National Prevention Framework to benefit law enforcement personnel.	SHSP	LE	Exercise	Operational Coordination	Build	N/A	No	42,500		42,500				42,500	
11.07	Goal #7	Subaward	026	Public Health - Animal Services Mobile Command Unit	The San Bernardino County Public Health Department will use FY24 HSGP funds to purchase an emergency animal mobile command transport and response vehicle during the performance period to enhance emergency response capabilities during terror attacks and other emergencies requiring citizen evacuations. The unit would be deployed to evacuation sites with the County and would offer a central location for victims/residents to address the evacuation and placement of animals. The unit will have communication capabilities to locate where evacuated animals are housed during emergencies to encourage residential evacuation of animals. The unit will also have capabilities to locate animals behind critical facilities to ensure their safety.	SHSP	PH	Equipment	Mass Search and Rescue Operations	Build	Both	No	294,286		294,286				294,286	
11.11	Goal #2	Subaward	027	Registrar of Voters - Surveillance Equipment	The San Bernardino County Registrar of Voters will use FY24 HSGP funds to purchase surveillance cameras for the County Registrar of Voters office within the performance period to enhance election security onsite. The cameras will increase situational awareness, identify potential terror and violent extremist threats, and protect critical voter information.	SHSP	EMG	Equipment	Physical Protective Measures	Build	N/A	No	64,853		64,853				64,853
