

Conditions of Approval

Record:	PROJ-2022-00184	System Date:	12/04/2024
Record Type:	Project Application	Primary APN:	3066251180000
Record Status:	In Review	Application Name:	PHELAN PINON HILLS CSD PARK CF- ZONE CHANGE, CONDITIONAL USE PERMIT AND LOT MERGER
Effective Date:		Expiration Date:	

Description: The Phelan Pinon Hills Community Services District proposes the development of a 14-acre Public Park, subject to a Conditional Use Permit, that adjoins and is designed to be compatible with the adjoining five-acre Civic Center site. The Public Park is not permitted in the General Commercial (CG) Zone and a Zone Change to RC (Rural Commercial) is required and proposed.

This document does not signify project approval.

If the project has been approved, then an effective date and an expiration date for these conditions can be found below. This content reflects County records as at the System Date and time below.

The following conditions of approval have been imposed for the project identified below. The applicant/developer shall complete all conditions of approval stipulated in the approval letter.

Conditions of Approval are organized by project phase, then by status, and finally by department imposing the condition.

On-going conditions must be complied with at all times. For assistance interpreting the content of this document, please contact the Land Use Services Department Planning Division.

Contact information is provided at the end of this document for follow-up on individual conditions.

ON-GOING

Land Use Services - Planning

- Project Approval Description (CUP/MUP)** - Status: Outstanding
This Conditional Use Permit is conditionally approved to permit the development and operation of a community park to be constructed in two (2) phases, as follows: Phase I (8.04 acres) multi-purpose field, informational multi-purpose field event lawn area, playground 2-5 years, playground 5-12 years, skate park area and pump track, large dog park, small dog park, restrooms and concessions building, bicycle trails, and 137 parking spaces; and Phase II (5.96 acres) multi-purpose/softball field, equestrian arena, equestrian vehicle parking, bicycle trails, and 43 parking spaces, in compliance with the San Bernardino County Code (SBCC), California Building Codes (CBC), the San Bernardino County Fire Code (SBCFC), the following Conditions of Approval, the approved site plan, and all other required and approved reports and displays (e.g. elevations). The developer shall provide a copy of the approved conditions and the approved site plan to every current and future project tenant, lessee, and property owner to facilitate compliance with these Conditions of Approval and continuous use requirements for the Project.

2 **Project Location** - Status: Outstanding

The Project site is located north of Warbler Road, approximately 660 feet east of Sheep Creek Road, which is adjacent to the east side of the existing Phelan Community Park and Phelan Pinon Hills Community Services District Office and property.

3 **Revisions** - Status: Outstanding

Any proposed change to the approved Project and/or conditions of approval shall require that an additional land use application (e.g. Revision to an Approved Action) be submitted to County Land Use Services for review and approval.

4 **Indemnification** - Status: Outstanding

In compliance with SBCC §81.01.070, the developer shall agree, to defend, indemnify, and hold harmless the County or its "indemnitees" (herein collectively the County's elected officials, appointed officials (including Planning Commissioners), Zoning Administrator, agents, officers, employees, volunteers, advisory agencies or committees, appeal boards or legislative body) from any claim, action, or proceeding against the County or its indemnitees to attack, set aside, void, or annul an approval of the County by an indemnitee concerning a map or permit or any other action relating to or arising out of County approval, including the acts, errors or omissions of any person and for any costs or expenses incurred by the indemnitees on account of any claim, except where such indemnification is prohibited by law. In the alternative, the developer may agree to relinquish such approval. Any condition of approval imposed in compliance with the County Development Code or County General Plan shall include a requirement that the County acts reasonably to promptly notify the developer of any claim, action, or proceeding and that the County cooperates fully in the defense. The developer shall reimburse the County and its indemnitees for all expenses resulting from such actions, including any court costs and attorney fees, which the County or its indemnitees may be required by a court to pay as a result of such action. The County may, at its sole discretion, participate at its own expense in the defense of any such action, but such participation shall not relieve the developer of their obligations under this condition to reimburse the County or its indemnitees for all such expenses. This indemnification provision shall apply regardless of the existence or degree of fault of indemnitees. The developer's indemnification obligation applies to the indemnitees' "passive" negligence but does not apply to the indemnitees' "sole" or "active" negligence or "willful misconduct" within the meaning of Civil Code Section 2782.

5 **Additional Permits** - Status: Outstanding

The developer shall ascertain compliance with all laws, ordinances, regulations and any other requirements of Federal, State, County and Local agencies that may apply for the development and operation of the approved land use. These may include but are not limited to: a. FEDERAL: b. STATE: c. COUNTY: d. LOCAL:

6 **Expiration** - Status: Outstanding

This project permit approval shall expire and become void if it is not "exercised" within 36 months of the effective date of this approval, unless an extension of time is approved. The permit is deemed "exercised" when either: (a.) The permittee has commenced actual construction or alteration under a validly issued building permit, or (b.) The permittee has substantially commenced the approved land use or activity on the project site, for those portions of the project not requiring a building permit. (SBCC §86.06.060) (c.) Occupancy of approved land use, occupancy of completed structures and operation of the approved and exercised land use remains valid continuously for the life of the project and the approval runs with the land, unless one of the following occurs: - Construction permits for all or part of the project are not issued or the construction permits expire before the structure is completed and the final inspection is approved. - The land use is determined by the County to be abandoned or non-conforming. - The land use is determined by the County to be not operating in compliance with these conditions of approval, the County Code, or other applicable laws, ordinances or regulations. In these cases, the land use may be subject to a revocation hearing and possible termination. PLEASE NOTE: This will be the ONLY notice given of this approval's expiration date. The developer is responsible to initiate any Extension of Time application.

7 **Continuous Effect/Revocation** - Status: Outstanding

All of the conditions of this project approval are continuously in effect throughout the operative life of the project for all approved structures and approved land uses/activities. Failure of the property owner or developer to comply with any or all of the conditions at any time may result in a public hearing and possible revocation of the approved land use, provided adequate notice, time and opportunity is provided to the property owner, developer or other interested party to correct the non-complying situation.

8 **Extension of Time** - Status: Outstanding

Extensions of time to the expiration date (listed above or as otherwise extended) may be granted in increments each not to exceed an additional three years beyond the current expiration date. An application to request consideration of an extension of time may be filed with the appropriate fees no less than thirty days before the expiration date. Extensions of time may be granted based on a review of the application, which includes a justification of the delay in construction and a plan of action for completion. The granting of such an extension request is a discretionary action that may be subject to additional or revised conditions of approval or site plan modifications. (SBCC §86.06.060)

9 **Project Account** - Status: Outstanding

The Project account number is PROJ-2022-00184. This is an actual cost project with a deposit account to which hourly charges are assessed by various county agency staff (e.g. Land Use Services, Public Works, and County Counsel). Upon notice, the "developer" shall deposit additional funds to maintain or return the account to a positive balance. The "developer" is responsible for all expense charged to this account. Processing of the project shall cease, if it is determined that the account has a negative balance and that an additional deposit has not been made in a timely manner. A minimum balance of \$1,000.00 must be in the project account at the time the Condition Compliance Review is initiated. Sufficient funds must remain in the account to cover the charges during each compliance review. All fees required for processing shall be paid in full prior to final inspection, occupancy and operation of the approved use.

10 **Development Impact Fees** - Status: Outstanding

Additional fees may be required prior to issuance of development permits. Fees shall be paid as specified in adopted fee ordinances

11 **Performance Standards** - Status: Outstanding

The approved land uses shall operate in compliance with the general performance standards listed in the County Development Code Chapter 83.01, regarding air quality, electrical disturbance, fire hazards (storage of flammable or other hazardous materials), heat, noise, vibration, and the disposal of liquid waste.

12 **Continuous Maintenance** - Status: Outstanding

The Project property owner shall continually maintain the property so that it is visually attractive and not dangerous to the health, safety and general welfare of both on-site users (e.g. employees) and surrounding properties. The property owner shall ensure that all facets of the development are regularly inspected, maintained and that any defects are timely repaired. Among the elements to be maintained, include but are not limited to: a) Annual maintenance and repair: The developer shall conduct inspections for any structures, fencing/walls, driveways, and signs to assure proper structural, electrical, and mechanical safety. b) Graffiti and debris: The developer shall remove graffiti and debris immediately through weekly maintenance. c) Landscaping: The developer shall maintain landscaping in a continual healthy thriving manner at proper height for required screening. Drought-resistant, fire retardant vegetation shall be used where practicable. Where landscaped areas are irrigated it shall be done in a manner designed to conserve water, minimizing aerial spraying. d) Dust control: The developer shall maintain dust control measures on any undeveloped areas where landscaping has not been provided. e) Erosion control: The developer shall maintain erosion control measures to reduce water runoff, siltation, and promote slope stability. f) External Storage: The developer shall maintain external storage, loading, recycling and trash storage areas in a neat and orderly manner, and fully screened from public view. Outside storage shall not exceed the height of the screening walls. g) Metal Storage Containers: The developer shall NOT place metal storage containers in loading areas or other areas unless specifically approved by this or subsequent land use approvals. h) Screening: The developer shall maintain screening that is visually attractive. All trash areas, loading areas, mechanical equipment (including roof top) shall be screened from public view. i) Signage: The developer shall maintain all on-site signs, including posted

area signs (e.g. "No Trespassing") in a clean readable condition at all times. The developer shall remove all graffiti and repair vandalism on a regular basis. Signs on the site shall be of the size and general location as shown on the approved site plan or subsequently a County-approved sign plan. j) Lighting: The developer shall maintain any lighting so that they operate properly for safety purposes and do not project onto adjoining properties or roadways. Lighting shall adhere to applicable glare and night light rules. k) Parking and on-site circulation: The developer shall maintain all parking and on-site circulation requirements, including surfaces, all markings and traffic/directional signs in an un-faded condition as identified on the approved site plan. Any modification to parking and access layout requires the Planning Division review and approval. The markings and signs shall be clearly defined, un-faded and legible; these include parking spaces, disabled space and access path of travel, directional designations and signs, stop signs, pedestrian crossing, speed humps and "No Parking", "Carpool", and "Fire Lane" designations. l) Fire Lanes: The developer shall clearly define and maintain in good condition at all times all markings required by the Fire Department, including "No Parking" designations and "Fire Lane" designations.

13 **Clear Sight Triangle** - Status: Outstanding

Adequate visibility for vehicular and pedestrian traffic shall be provided at clear sight triangles at all 90 degree angle intersections of public rights-of-way and private driveways. All signs, structures and landscaping located within any clear sight triangle shall comply with the height and location requirements specified by County Development Code (SBCC§ 83.02.030) or as otherwise required by County Traffic

14 **Lighting** - Status: Outstanding

Lighting shall comply with Table 83-7 "Shielding Requirements for Outdoor Lighting in the Mountain Region and Desert Region" of the County's Development Code (i.e. "Dark Sky" requirements). All lighting shall be limited to that necessary for maintenance activities and security purposes. This is to allow minimum obstruction of night sky remote area views. No light shall project onto adjacent roadways in a manner that interferes with on-coming traffic. All signs proposed by this project shall only be lit by steady, stationary, shielded light directed at the sign, by light inside the sign, by direct stationary neon lighting or in the case of an approved electronic message center sign, an alternating message no more than once every five seconds.

15 **Underground Utilities** - Status: Outstanding

No new above-ground power or communication lines shall be extended to the site. All required utilities shall be placed underground in a manner that complies with the California Public Utilities Commission General Order 128, and avoids disturbing any existing/natural vegetation or the site appearance.

16 **Construction Hours** - Status: Outstanding

Construction will be limited to the hours of 7:00 a.m. to 7:00 p.m., Monday through Saturday in accordance with the County of San Bernardino Development Code standards. No construction activities are permitted outside of these hours or on Sundays and Federal holidays.

17 **Construction Noise** - Status: Outstanding

The following measures shall be adhered to during the construction phase of the project: - All construction equipment shall be muffled in accordance with manufacturer's specifications. - All construction staging shall be performed as far as possible from occupied dwellings. The location of staging areas shall be subject to review and approval by the County prior to the issuance of grading and/or building permits. - All stationary construction equipment shall be placed in a manner so that emitted noise is directed away from sensitive receptors (e.g. residences and schools) nearest the project site.

18 **Cultural Resources** - Status: Outstanding

During grading or excavation operations, should any potential paleontological or archaeological artifacts be unearthed or otherwise discovered, the San Bernardino County Museum shall be notified and the uncovered items shall be preserved and curated, as required. For information, contact the County Museum, Community and Cultural Section, telephone (909) 798-8570.

19 **GHG - Operational Standards** - Status: Outstanding

The developer shall implement the following as greenhouse gas (GHG) mitigation during the operation of the approved project: a. Waste Stream Reduction. The "developer" shall provide to all tenants and project employees County-approved informational materials about methods and need to reduce the solid waste stream and listing available recycling services. b. Vehicle Trip Reduction. The "developer" shall provide to all tenants and project employees County-approved informational materials about the need to reduce vehicle trips and the program elements this project is implementing. Such elements may include: participation in established ride-sharing programs, creating a new ride-share employee vanpool, designating preferred parking spaces for ride sharing vehicles, designating adequate passenger loading and unloading for ride sharing vehicles with benches in waiting areas, and/or providing a web site or message board for coordinating rides. c. Provide Educational Materials. The developer shall provide to all tenants and staff education materials and other publicity about reducing waste and available recycling services. The education and publicity materials/program shall be submitted to County Planning for review and approval. The developer shall also provide to all tenants and require that the tenants shall display in their stores current transit route information for the project area in a visible and convenient location for employees and customers. d. Landscape Equipment. The developer shall require in the landscape maintenance contract and/or in onsite procedures that a minimum of 20% of the landscape maintenance equipment shall be electric-powered.

Public Health– Environmental Health Services20 **Noise Levels** - Status: Outstanding

Noise level shall be maintained at or below County Standards, Development Code Section 83.01.080.

21 **OWTS Maintenance** - Status: Outstanding

The onsite wastewater treatment system shall be maintained so as not to create a public nuisance and shall be serviced by an EHS permitted pumper.

22 **Refuse Storage and Disposal** - Status: Outstanding

All refuse generated at the premises shall at all times be stored in approved containers and shall be placed in a manner so that environmental public health nuisances are minimized. All refuse not containing garbage shall be removed from the premises at least 1 time per week, or as often as necessary to minimize public health nuisances. Refuse containing garbage shall be removed from the premises at least 2 times per week, or as often if necessary to minimize public health nuisances, by a permitted hauler to an approved solid waste facility in conformance with San Bernardino County Code Chapter 8, Section 33.0830 et. seq.

Public Works - Traffic23 **Access** - Status: Outstanding

The access point to the facility shall remain unobstructed at all times, except a driveway access gate which may be closed after normal working hours.

24 **Back Out Into Public Roadways** - Status: Outstanding

Project vehicles shall not back up into the project site nor shall they back out into the public roadway.

INFORMATIONAL

County Fire - Community Safety

25 **F01 Jurisdiction** - Status: Outstanding

The above referenced project is under the jurisdiction of the San Bernardino County Fire Department herein "Fire Department". Prior to any construction occurring on any parcel, the applicant shall contact the Fire Department for verification of current fire protection requirements. All new construction shall comply with the current California Fire Code requirements and all applicable statutes, codes, ordinances, and standards of the Fire Department.

26 **F04 Fire Permit Expiration** - Status: Outstanding

Construction permits shall automatically expire and become invalid unless the work authorized such permit is commenced within 180 days after its issuance, or if the work authorized by such permit is suspended or abandoned for a period of 180 days after the time the work is commenced. Suspension or abandonment shall mean that no inspection by the Department has occurred with 180 days of any previous inspection. After a construction permit becomes invalid and before such previously approved work recommences, a new permit shall be first obtained and the fee to recommence work shall be one-half the fee for the new permit for such work, provided no changes have been made or will be made in the original construction documents for such work, and provided further that such suspension or abandonment has not exceeded one year. A request to extend the permit may be made in writing PRIOR TO the expiration date justifying the reason that the permit should be extended.

27 **F70 Additional Requirements** - Status: Outstanding

In addition to the Fire requirements stated herein, other onsite and off-site improvements may be required which cannot be determined at this time and would have to be reviewed after more complete improvement plans and profiles have been submitted to this office. 1. Buildings less than 5,000 sq.ft. will not require sprinklers 2. Fire Hydrants to be spaced no further than 300' to all buildings being protected per Standard W-2 3. 1500 GPM @20psi for 2 hrs. will be the required Fire Flow

28 **F71 Proposal Changes** - Status: Outstanding

Any changes to this proposal shall require new Fire Department condition letter.

Land Use Services - Land Development

29 **Additional Drainage Requirements** - Status: Outstanding

In addition to drainage requirements stated herein, other "on-site" and/or "off-site" improvements may be required which cannot be determined from tentative plans at this time and would have to be reviewed after more complete improvement plans and profiles have been submitted to this office.

30 **BMP Enforcement** - Status: Outstanding

In the event the property owner/"developer" (including any successors or assigns) fails to accomplish the necessary BMP maintenance within five (5) days of being given written notice by the County Department of Public Works, then the County shall cause any required maintenance to be done. The entire cost and expense of the required maintenance shall be charged to the property owner and/or "developer", including administrative costs, attorney's fees, and interest thereon at the rate authorized by the County Code from the date of the original notice to the date the expense is paid in full.

31 **Continuous BMP Maintenance** - Status: Outstanding

The property owner/"developer" is required to provide periodic and continuous maintenance of all Best Management Practices (BMP) devices/facilities listed in the County approved final Water Quality Management Plan (WQMP) for the project. Refer to approved WQMP maintenance section.

32 **Erosion Control Installation** - Status: Outstanding

Erosion control devices must be installed and maintained at all perimeter openings and slopes throughout the construction of the project. No sediment is to leave the job site.

33 **Joshua Trees** - Status: Outstanding

Any land disturbance shall be kept at least 40 feet away from any Joshua tree in order for the design to be acceptable. If the proposed land disturbance is within 40 feet of a Joshua tree, then the applicant will need to submit a survey by a licensed arborist to verify that the proposed design will not detrimentally affect the tree. For all applications, plot plans must show the location of all Joshua trees on a parcel. <http://www.sbcounty.gov/Uploads/LUS/BandS/Handouts/IB-0016.pdf>

34 **Project Specific Conditions** - Status: Outstanding

Endangered Desert Plants. Compliance with Desert Native Plants Act. Removal actions of all plants protected or regulated by the Desert Native Plants Act (Food and Agricultural Code §§ 80001 et seq.) shall comply with the provisions of the Act before the issuance of a development permit or approval of a land use application. Provide a plant protection plan or removal plan prepared by a licensed biologist to be approved by the County LUS. Per the County General Plan Environmental Impact Report, provide a biological report and associated plan (uploaded as a separate attachment in the EZOP record) that shows any protected species including plant species with stems two inches or greater in diameter or six feet or greater in height including but not limited to those listed in: § 88.01.060 Desert Native Plant Protection. See related links: <https://countywideplan.com/resources/document-download/> https://countywideplan.com/wp-content/uploads/sites/68/2021/01/CWP_PolicyPlan_HardCopy_MainText_Tables_2022_Sept_Adopted.pdf?x23421 https://codelibrary.amlegal.com/codes/sanbernardino/latest/sanberncity_ca/0-0-0-175924

35 **Recreational Vehicle Requirements** - Status: Outstanding

Any RV stored within a 100-year floodplain for a natural watercourse shall be of a "temporary" nature. An RV is only considered temporary if it meets all of the following criteria: i) built on a single chassis, ii) 400 square feet or less, iii) designed to be self-propelled or permanently towable by a light duty truck and, iv) designed for temporary uses like recreation, camping, travel, and seasonal. If a vehicle meets these criteria as a "temporary" RV and is onsite for fewer than 180 consecutive days or must be fully licensed and ready for highway use, then no floodproofing is required. Otherwise, the RV shall be floodproofed to meet the elevation, anchoring and erosion protection requirements of a manufactured home in a 100-year floodplain and adequate drainage paths shall be provided around the RV.

36 **Tributary Drainage** - Status: Outstanding

Adequate provisions should be made to intercept and conduct the tributary off-site and on-site 100-year drainage flows around and through the site in a manner that will not adversely affect adjacent or downstream properties at the time the site is developed. The project site shall be designed in a manner that perpetuates the existing natural drainage patterns with respect to tributary drainage areas, outlet points and outlet conditions.

Public Works - Solid Waste Management

37 **Community Service District Hauler Service Area** - Status: Outstanding

This project falls within the Phelan Pinon Hills Community Service District. If subscribing for the collection and removal of construction and demolition waste from the project site, all developers, contractors, and subcontractors should comply with the Solid Waste collection requirements prescribed through the Phelan Pinon Hills Community Service District. Additionally, all owners/occupants of a dwelling or a commercial or industrial unit within the area shall, upon notice thereof, be required to accept the solid waste handling and collection requirements set forth by the Community Service District

38 **Demolition Debris** - Status: Outstanding

San Bernardino County owned and operated sanitary landfills and transfer stations are not permitted to accept asbestos contaminated wastes, therefore any debris generated by the demolition of structures are subject to asbestos clearance prior to disposal at any San Bernardino County disposal sites. Applicants are required to have a Certified Asbestos Consultant perform testing of all materials to be disposed. Upon receipt of the Consultant's report, indicating that the debris is not

APN: 3066251180000

Effective Date:

PROJ-2022-00184

Expiration Date:

contaminated, Solid Waste Management Operations Section will provide applicant with disposal authorization. For more information on Certified Asbestos Consultants please visit <http://www.dir.ca.gov/databases/doshacru/acruList.asp>, or for information on County requirements please contact Solid Waste Operations at 909-386-8701 or solid.wastemail@dpw.sbcounty.gov.

- 39 **Recycling and Organic Waste Collection Container Information** - Status: Outstanding
California Assembly Bill (AB) 827 and Senate Bill (SB) 1383 require businesses that sell products meant for immediate consumption and currently provide trash collection containers for their customers to provide recycling and/or organics collection containers adjacent to trash containers at front-of-house, except in restrooms. Full-service restaurants are exempt from these requirements as long as they provide containers for employees to separate post-consumer recyclables and organic waste purchased on the premise for customers.
- 40 **Recycling Storage Capacity** - Status: Outstanding
The developer shall provide adequate space and storage bins for both refuse and recycling materials. This requirement is to assist the County in compliance with the recycling requirements of California Assembly Bill (AB) 2176.

PRIOR TO LAND DISTURBANCE

Land Use Services - Planning

41 **Air Quality** - Status: Outstanding

Although the Project does not exceed Mojave Desert Air Quality Management District thresholds, the Project proponent is required to comply with all applicable rules and regulations as the Mojave Desert Air Quality Management District is in non-attainment status for ozone and suspended particulates [PM10 and PM2.5 (State)]. To limit dust production, the Project proponent must comply with Rules 402 nuisance and 403 fugitive dust, which require the implementation of Best Available Control Measures for each fugitive dust source. This would include, but not be limited to, the following Best Available Control Measures. Compliance with Rules 402 and 403 are mandatory requirements and thus not considered mitigation measures: a. The Project proponent shall ensure that any portion of the site to be graded shall be pre-watered prior to the onset of grading activities. 1. The Project proponent shall ensure that watering of the site or other soil stabilization method shall be employed on an on-going basis after the initiation of any grading. Portions of the site that are actively being graded shall be watered to ensure that a crust is formed on the ground surface, and shall be watered at the end of each workday. 2. The Project proponent shall ensure that all disturbed areas are treated to prevent erosion. 3. The Project proponent shall ensure that all grading activities are suspended when winds exceed 25 miles per hour. b. Exhaust emissions from vehicles and equipment and fugitive dust generated by equipment traveling over exposed surfaces, will increase NOX and PM10 levels in the area. Although the Project will not exceed Mojave Desert Air Quality Management District thresholds during operations, the Project proponent will be required to implement the following requirements: 1. All equipment used for grading and construction must be tuned and maintained to the manufacturer's specification to maximize efficient burning of vehicle fuel. 2. The operator shall maintain and effectively utilize and schedule on-site equipment and on-site and off-site haul trucks in order to minimize exhaust emissions from truck idling.

42 **Diesel Regulations** - Status: Outstanding

The operator shall comply with all existing and future California Air Resources Board and Mojave Desert Air Quality Management District regulations related to diesel-fueled trucks, which among others may include: (1) meeting more stringent emission standards; (2) retrofitting existing engines with particulate traps; (3) use of low sulfur fuel; and (4) use of alternative fuels or equipment. Mojave Desert Air Quality Management District rules for diesel emissions from equipment and trucks are embedded in the compliance for all diesel fueled engines, trucks, and equipment with the statewide California Air Resources Board Diesel Reduction Plan. These measures will be implemented by the California Air Resources Board in phases with new rules imposed on existing and new diesel-fueled engines.

43 **GHG - Construction Standards** - Status: Outstanding

The developer shall submit for review and obtain approval from County Planning of a signed letter agreeing to include as a condition of all construction contracts/subcontracts requirements to reduce GHG emissions and submitting documentation of compliance. The developer/construction contractors shall do the following: a) Implement the approved Coating Restriction Plans. b) Select construction equipment based on low GHG emissions factors and high-energy efficiency. All diesel/gasoline-powered construction equipment shall be replaced, where possible, with equivalent electric or CNG equipment. c) Grading contractor shall provide and implement the following when possible: - training operators to use equipment more efficiently. - identifying the proper size equipment for a task can also provide fuel savings and associated reductions in GHG emissions. - replacing older, less fuel-efficient equipment with newer models. - use GPS for grading to maximize efficiency. d) Grading plans shall include the following statements: - "All construction equipment engines shall be properly tuned and maintained in accordance with the manufacturers specifications prior to arriving on site and throughout construction duration." - "All construction equipment (including electric generators) shall be shut off by work crews when not in use and shall not idle for more than 5 minutes." e) Schedule construction traffic ingress/egress to not interfere with peak-hour traffic and to minimize traffic obstructions. Queuing of trucks on and off site shall be firmly discouraged and not scheduled. A flagperson shall be retained to maintain efficient traffic flow and safety adjacent to existing roadways. f) Recycle and reuse construction and demolition waste (e.g. soil, vegetation, concrete, lumber, metal, and cardboard) per County Solid Waste procedures. g) The construction contractor shall support and encourage ridesharing and transit incentives for the construction crew and educate all construction workers about the required waste reduction and the

- 44 **Mitigation Measures** - Status: Outstanding
Please see Mitigation Monitoring and Reporting Program for mitigation measures to be completed prior to grading permit issuance.
- 45 **Joshua Tree Relocation Plan** - Status: Outstanding
The developer shall submit and have approved by the Planning Division a relocation plan for Joshua Trees within the developed site area. The relocation plan shall be accompanied with certification from a certified arborist, registered professional forester or a Desert Native Plant Expert that the proposed tree removal, replacement, or revegetation activities are appropriate, supportive of a healthy environment, and are in compliance with Chapter 88.01 of the San Bernardino County Development Code. The certification shall include the information in compliance with Department procedures. Transplantation onsite shall be the primary method of addressing a Joshua Tree removals from the subject property

Land Use Services - Building and Safety

- 46 **Geotechnical Report** - Status: Outstanding
A geotechnical (soil) report shall be submitted to the Building and Safety Division for review and approval prior to issuance of grading permits or land disturbance.
- 47 **Wall Plans** - Status: Outstanding
Submit plans and obtain separate building permits for any required retaining walls.

Land Use Services - Land Development

- 48 **FEMA Flood Zone** - Status: Outstanding
The project is located within Flood Zone AO according to FEMA Panel Number 06071C6450H dated 8/28/2008. The first floor will be required to be elevated a minimum 1 foot above the known shallow flooding depth of 1 foot in compliance with FEMA/SBC regulations, with an elevation certificate required. The requirements may change based on the recommendations of a drainage study accepted by the Land Development Division and the most current Flood Map prior to issuance of grading permit.
- 49 **NPDES Permit** - Status: Outstanding
An NPDES permit - Notice of Intent (NOI) - is required on all grading of one (1) acre or more prior to issuance of a grading/construction permit. Contact your Regional Water Quality Control Board for specifics. www.swrcb.ca.gov
- 50 **Regional Board Permit** - Status: Outstanding
Construction projects involving one or more acres must be accompanied by Regional Board permit WDID #. Construction activity includes clearing, grading, or excavation that results in the disturbance of at least one (1) acre of land total.
- 51 **Drainage Improvements** - Status: Outstanding
A Registered Civil Engineer (RCE) shall investigate and design adequate drainage improvements to intercept and conduct the off-site and on-site 100-year drainage flows around and through the site in a safe manner that will not adversely affect adjacent or downstream properties. Submit drainage study for review and obtain approval. A \$750 deposit for drainage study review will be collected upon submittal to the Land Development Division. Deposit amounts are subject to change in accordance with the latest approved fee schedule.
- 52 **Grading Plans** - Status: Outstanding
Grading and erosion control plans shall be prepared in accordance with the County's guidance documents (which can be found here: <https://lus.sbcounty.gov/land-development-home/grading-and-erosion-control/>) and submitted for review with approval obtained prior to construction. All drainage and WQMP improvements shall be shown on the grading plans according to the approved final drainage study and WQMP reports. Fees for grading plans will

be collected upon submittal to the Land Development Division and are determined based on the amounts of cubic yards of cut and fill. Fee amounts are subject to change in accordance with the latest approved fee schedule.

53 **On-site Drainage Easement** - Status: Outstanding

On-site flows shall be directed within a drainage easement.

54 **On-site Flows** - Status: Outstanding

On-site flows need to be directed to the nearest County maintained road or drainage facilities unless a drainage acceptance letter is secured from the adjacent property owners and provided to Land Development.

55 **WQMP** - Status: Outstanding

A completed Water Quality Management Plan (WQMP) shall be submitted for review and approval obtained prior to construction. A \$2,650 deposit for WQMP review will be collected upon submittal to the Land Development Division. Deposit amounts are subject to change in accordance with the latest approved fee schedule. Review processed on an actual cost basis. Copies of the WQMP guidance and template can be found at: (<https://dpw.sbcounty.gov/wqmp-templates-and-forms/>)

56 **WQMP Inspection Fee** - Status: Outstanding

The developer shall provide a \$3,600 deposit to Land Development Division for inspection of the approved WQMP. Deposit amounts are subject to change in accordance with the latest approved fee schedule.

Public Health– Environmental Health Services

57 **Vector Control Requirement** - Status: Outstanding

The project area has a high probability of containing vectors. A vector survey shall be conducted to determine the need for any required control programs. A vector clearance application shall be submitted to the appropriate Mosquito & Vector Control Program. For information, contact EHS Mosquito & Vector Control Program at (800) 442-2283 or West Valley Mosquito & Vector at (909) 635-0307.

Public Works - Surveyor

58 **Corner Records Required Before Grading** - Status: Outstanding

Pursuant to Sections 8762(b) and/or 8773 of the Business and Professions Code, a Record of Survey or Corner Record shall be filed under any of the following circumstances: a. Monuments set to mark property lines or corners; b. Performance of a field survey to establish property boundary lines for the purposes of construction staking, establishing setback lines, writing legal descriptions, or for boundary establishment/mapping of the subject parcel; c. Any other applicable circumstances pursuant to the Business and Professions Code that would necessitate filing of a Record of Survey.

59 **Monument Disturbed by Grading** - Status: Outstanding

If any activity on this project will disturb ANY land survey monumentation, including but not limited to vertical control points (benchmarks), said monumentation shall be located and referenced by or under the direction of a licensed land surveyor or registered civil engineer authorized to practice land surveying PRIOR to commencement of any activity with the potential to disturb said monumentation, and a corner record or record of survey of the references shall be filed with the County Surveyor pursuant to Section 8771(b) Business and Professions Code.

PRIOR TO BUILDING PERMIT ISSUANCE

Land Use Services - Planning

- 60 **Mitigation Measures** - Status: Outstanding
Please see Mitigation Monitoring and Reporting Program for mitigation measures to be completed prior to building permit issuance
- 61 **Signs** - Status: Outstanding
All proposed on-site signs shall be shown on a separate plan, including location, scaled and dimensioned elevations of all signs with lettering type, size, and copy. Scaled and dimensioned elevations of buildings that propose signage shall also be shown. The applicant shall submit sign plans to County Planning for all existing and proposed signs on this site. The applicant shall submit for approval any additions or modifications to the previously approved signs. All signs shall comply with SBCC Chapter 83.13, Sign Regulations, SBCC §83.07.040, Glare and Outdoor Lighting Mountain and Desert Regions, and SBCC Chapter 82.19, Open Space Overlay as it relates to Scenic Highways (§82.19.040), in addition to the following minimum standards: a. All signs shall be lit only by steady, stationary shielded light; exposed neon is acceptable. b. All sign lighting shall not exceed 0.5 foot-candle. c. No sign or stationary light source shall interfere with a driver's or pedestrian's view of public right-of-way or in any other manner impair public safety. d. Monument signs shall not exceed four feet above ground elevation and shall be limited to one sign per street frontage.

County Fire - Community Safety

- 62 **F02 Fire Fee** - Status: Outstanding
The required fire fees shall be paid to the San Bernardino County Fire Department/Community Safety Division.
- 63 **F09 Building Plans** - Status: Outstanding
Building Plans shall be submitted to the Fire Department for review and approval. The required fees shall be paid at the time of plan submittal.
- 64 **F19 Surface** - Status: Outstanding
Fire apparatus access roads shall be designed and maintained to support the imposed loads of fire apparatus and shall be surfaced so as to provide all-weather driving capabilities. Road surface shall meet the approval of the Fire Chief prior to installation. All roads shall be designed to 85% compaction and/or paving and hold the weight of Fire Apparatus at a minimum of 80K pounds.
- 65 **F22 Primary Access Paved** - Status: Outstanding
Prior to building permits being issued to any new structure, the primary access road shall be paved or an all-weather surface and shall be installed as specified in the General Requirement conditions including width, vertical clearance and turnouts.
- 66 **F23 Secondary Access Paved** - Status: Outstanding
Prior to building permits being issued to any new structure, the secondary access road shall be paved or an all-weather surface and shall be installed as specified in the General Requirement conditions including width, vertical clearance and turnouts.

Land Use Services - Building and Safety

- 67 **Construction Plans** - Status: Outstanding
Any building, sign, or structure to be added to, altered (including change of occupancy/use), constructed, or located on site, will require professionally prepared plans based on the most current adopted County and California Building Codes, submitted for review and approval by the Building and Safety Division.

68 **Temporary Use Permit** - Status: Outstanding

A Temporary Structures (TS) permit for non-residential structures for use as office, retail, meeting, assembly, wholesale, manufacturing, and/ or storage space will be required. A Temporary Use Permit (PTUP) for the proposed structure by the Planning Division must be approved prior to the TS Permit approval. A TS permit is renewed annually and is only valid for a maximum of five (5) years.

Land Use Services - Land Development

69 **Elevation Certificate** - Status: Outstanding

Elevation Certificate. An Elevation Certificate for the structure(s) shall be completed, approved, and on file with County Building and Safety. Elevation Certificate #1: Prior to approval of building plans – Elevation certificate requires review and approval from Land Development.

70 **Construction Permits** - Status: Outstanding

Prior to installation of road and drainage improvements, a construction permit is required from the County Department of Public Works, Permits/Operations Support Division, Transportation Permits Section (909) 387-1863 as well as other agencies prior to work within their jurisdiction. Submittal shall include a materials report and pavement section design in support of the section shown on the plans. Applicant shall conduct classification counts and compute a Traffic Index (TI) Value in support of the pavement section design.

71 **Road Dedication/Improvements** - Status: Outstanding

The developer shall submit for review and obtain approval from the Land Use Services Department the following dedications and plans for the listed required improvements, designed by a Registered Civil Engineer (RCE) licensed in the State of California: Warbler Road (Local – 60 feet) • Street Improvements. Design curb, gutter and paving to the nearest existing curb, gutter and paving on Warbler Road per County Standard 111, 18 feet from centerline with a minimum 26-foot paved section within a 60-foot right-of-way. • Sidewalks. Design sidewalks per County Standard 109 Type “C” to the nearest existing sidewalk on Warbler Road. • Curb Returns and Sidewalk Ramps. Curb returns and sidewalk ramps shall be designed per County Standard 110 and Caltrans standard A88A. Adequate easement shall be provided to ensure sidewalk improvements are within public right-of-way. • Driveway Approach. Design driveway approach per County Standard 129B and located per County Standard 130. • Cul-de-sac Design. The proposed entire cul-de-sac shall be designed to County Standard 120.

72 **Road Standards and Design** - Status: Outstanding

All required street improvements shall comply with latest San Bernardino County Road Planning and Design Standards and the San Bernardino County Standard Plans. Road sections shall be designed to Valley Mountain Desert Road Standards of San Bernardino County and to the policies and requirements of the County Department of Public Works and in accordance with the General Plan, Circulation Element.

73 **Slope Tests** - Status: Outstanding

Slope stability tests are required for road cuts or road fills per recommendations of the Geotechnical Engineer to the satisfaction of the County Department of Public Works.

74 **Soils Testing** - Status: Outstanding

Any grading within the road right-of-way prior to the signing of the improvement plans shall be accomplished under the direction of a soils testing engineer. Compaction tests of embankment construction, trench back fill, and all sub-grades shall be performed at no cost to the County and a written report shall be submitted to the Permits/Operations Support Division, Transportation Permits Section of the County Department of Public Works prior to any placement of base materials and/or paving.

75 **Street Gradients** - Status: Outstanding

Road profile grades shall not be less than 0.5% unless the engineer at the time of submittal of the improvement plans provides justification to the satisfaction of the County Department of Public Works confirming the adequacy of the grade.

76 **Transitional Improvements** - Status: Outstanding

Right-of-way and improvements (including off-site) to transition traffic and drainage flows from proposed to existing sections shall be required as necessary.

77 **Utilities** - Status: Outstanding

Final plans and profiles shall indicate the location of any existing utility facility or utility pole which would affect construction, and any such utility shall be relocated as necessary without cost to the County.

Public Health– Environmental Health Services

78 **California Regional Water Quality Control Board Clearance** - Status: Outstanding

Written clearance shall be obtained from the designated California Regional Water Quality Control Board (listed below) and a copy forwarded to the Division of Environmental Health Services for projects with design flows greater than 10,000 gallons per day. Lahontan Region, 15095 Amargosa Road Bldg 2 Suite 210 Victorville, CA 92392.

79 **Demolition Inspection Required** - Status: Outstanding

All demolition of structures shall have a vector inspection prior to the issuance of any permits pertaining to demolition or destruction of any premises. For information, contact EHS Mosquito & Vector Control Program at (800) 442-2283 or West Valley Mosquito & Vector at (909) 635-0307.

80 **Existing OWTS** - Status: Outstanding

Existing onsite wastewater treatment system can be used if applicant provides an EHS approved certification that indicates the system functions properly, meets code, has the capacity required for the proposed project, and meets LAMP requirements.

81 **Existing Wells** - Status: Outstanding

If wells are found on-site, evidence shall be provided that all wells are: (1) properly destroyed, by an approved C57 contractor and under permit from the County OR (2) constructed to EHS standards, properly sealed and certified as inactive OR (3) constructed to EHS standards and meet the quality standards for the proposed use of the water (industrial and/or domestic). Evidence, such as a well certification, shall be submitted to EHS for approval.

82 **New OWTS** - Status: Outstanding

If sewer connection and/or service are unavailable, onsite wastewater treatment system(s) may then be allowed under the following conditions: a. A soil percolation report shall be submitted to EHS for review and approval. For information, please contact the Wastewater Section at (800) 442-2283. b. An Alternative Treatment System, if applicable, shall be required.

83 **Preliminary Acoustical Information** - Status: Outstanding

Submit preliminary acoustical information demonstrating that the proposed project maintains noise levels at or below San Bernardino County Noise Standard(s), San Bernardino Development Code Section 83.01.080. The purpose is to evaluate potential future on-site and/or adjacent off-site noise sources. If the preliminary information cannot demonstrate compliance to noise standards, a project specific acoustical analysis shall be required. Submit information/analysis to the EHS for review and approval. For information and acoustical checklist, contact EHS at (800) 442-2283.

84 **Sewage Disposal** - Status: Outstanding

Method of sewage disposal shall be sewer service provided by an EHS approved onsite wastewater treatment system (OWTS) that conforms to the Local Agency Management Program (LAMP).

85 **Water Purveyor** - Status: Outstanding

Water purveyor shall be Phelan Pinon Hills CSD or EHS approved.

86 **Water Service Verification Letter** - Status: Outstanding

Applicant shall procure a verification letter from the water service provider. This letter shall state whether or not water connection and service shall be made available to the project by the water provider. This letter shall reference the File Index Number and Assessor's Parcel Number(s). For projects with current active water connections, a copy of water bill with project address may suffice.

Public Works - Solid Waste Management87 **Construction Waste Management Plan (CWMP) Part 1** - Status: Outstanding

The developer shall prepare, submit, and obtain approval from SWMD of a CDWMP Part 1 for each phase of the project. The CWMP shall list the types and weights of solid waste materials expected to be generated from construction. The CWMP shall include options to divert waste materials from landfill disposal, materials for reuse or recycling by a minimum of 65% of total weight or volume. More information can be found on the San Bernardino County Solid Waste Management Division (SWMD) website at <https://dpw.sbcounty.gov/solid-waste-management/construction-waste-management/>. An approved CDWMP Part 1 is required before a permit can be issued. There is a one-time fee of \$150.00 for residential projects/\$530.00 for commercial/non-residential projects

PRIOR TO OCCUPANCY

Land Use Services - Planning

- 88 **Fees Paid** - Status: Outstanding
Prior to final inspection by Building and Safety Division and/or issuance of a Certificate of Conditional Use by the Planning Division, the applicant shall pay in full all fees required under actual cost job number PROJ-2022-00184.
- 89 **Installation of Improvements** - Status: Outstanding
All required on-site improvements shall be installed per approved plans.
- 90 **Landscaping/Irrigation** - Status: Outstanding
All landscaping, dust control measures, all fences, etc. as delineated on the approved Landscape Plan shall be installed. The developer shall submit the Landscape Certificate of Completion verification as required in SBCC Section 83.10.100. Supplemental verification should include photographs of the site and installed landscaping.
- 91 **Mitigation Measures** - Status: Outstanding
Please see Mitigation Monitoring and Reporting Program for mitigation measures to be completed prior to occupancy permit issuance
- 92 **Screen Rooftop** - Status: Outstanding
All roof top mechanical equipment is to be screened from ground vistas.
- 93 **Shield Lights** - Status: Outstanding
Any lights used to illuminate the site shall include appropriate fixture lamp types as listed in SBCC Table 83-7 and be hooded and designed so as to reflect away from adjoining properties and public thoroughfares and in compliance with SBCC Chapter 83.07, "Glare and Outdoor Lighting" (i.e. "Dark Sky Ordinance).
- 94 **Condition Compliance** - Status: Outstanding
Prior to occupancy/use, all conditions shall be completed to the satisfaction of County Planning with appropriate authorizing approvals from each reviewing agency.
- 95 **GHG - Installation/Implementation Standards** - Status: Outstanding
The developer shall submit for review and obtain approval from County Planning of evidence that all applicable GHG performance standards have been installed, implemented properly and that specified performance objectives are being met to the satisfaction of County Planning and County Building and Safety. These installations/procedures include the following:
a) Design features and/or equipment that cumulatively increases the overall compliance of the project to exceed Title 24 minimum standards by five percent. b) All interior building lighting shall support the use of fluorescent light bulbs or equivalent energy-efficient lighting. c) Installation of both the identified mandatory and optional design features or equipment that have been constructed and incorporated into the facility/structure.

County Fire - Community Safety

- 96 **F06 Inspection by Fire Department** - Status: Outstanding
Permission to occupy or use the building (Certification of Occupancy or Shell Release) will not be granted until the Fire Department inspects, approves and signs off on the Building and Safety job card for "fire final".

County Fire - Hazardous Materials

- 97 **Permit Required** - Status: Outstanding
Prior to occupancy, a business or facility that handles hazardous materials in quantities at or exceeding 55 gallons, 500 pounds, or 200 cubic feet (compressed gas) at any one time or generates any amount of hazardous waste shall obtain hazardous material permits from this department. Prior to occupancy, the business operator shall apply for permits (Hazardous Material Handler Permit, Hazardous Waste Generator Permit, Aboveground Petroleum Storage Tank Permit, Underground Storage Tank Permit, or other applicable permits) by submitting a complete hazardous materials business plan using the California Environmental Reporting System (CERS) at <http://cers.calepa.ca.gov/> or apply for exemption from permitting requirements. Contact the Office of the Fire Marshal, Hazardous Materials Section at (909) 386-8401 or visit <https://sbcfire.org/hazmatcupa/> for more information.
- 98 **Petroleum Product Storage** - Status: Outstanding
Prior to occupancy, a business or facility handling an aggregate storage capacity of 1,320 gallons or more of petroleum in aboveground storage containers or tanks with a shell capacity equal to or greater than 55 gallons shall prepare and implement a Spill Prevention, Control, and Countermeasure (SPCC) Plan in accordance with 40 CFR 1 112.3 and CHSC 25270.4.5(a). The SPCC plan shall be maintained on site. Contact the Office of the Fire Marshal, Hazardous Materials Section at (909) 386-8401 or visit <https://sbcfire.org/apsa/> for more information.

Land Use Services - Building and Safety

- 99 **Condition Compliance Release Form Sign-off** - Status: Outstanding
Prior to occupancy all Department/Division requirements and sign-offs shall be completed.

Land Use Services - Land Development

- 100 **Drainage Improvements** - Status: Outstanding
All required drainage improvements shall be completed by the applicant. The private Registered Civil Engineer (RCE) shall inspect improvements outside the County right-of-way and certify that these improvements have been completed according to the approved plans. Certification letter shall be submitted to Land Development.
- 101 **Elevation Certificate** - Status: Outstanding
An Elevation Certificate for the structure(s) shall be completed, approved, and on file with County Building and Safety. Elevation Certificate #2: Prior to forms and footings inspection – Elevation certificate requires review and approval from Land Development. Elevation Certificate #3: Prior to final inspection – Elevation certificate requires review and approval from Land Development.
- 102 **WQMP Improvements** - Status: Outstanding
All required WQMP improvements shall be completed by the applicant and inspected/approved by the County Department of Public Works. An electronic file of the approved final WQMP shall be submitted to Land Development Division, Drainage Section.
- 103 **LDD Requirements** - Status: Outstanding
All LDD requirements shall be completed by the applicant prior to occupancy.
- 104 **Phased Projects** - Status: Outstanding
Projects within any phase of a phased project shall have all required on-site and off-site public road and drainage improvements required for such a phase sufficiently completed by the applicant and inspected/approved for construction of that phase prior to final inspection or occupancy for any buildings or other structures in that phase. The term "phase" as used here shall mean the following: "The block of building permits drawn on less than the whole project" or "A plan of building construction which indicates blocks of construction of less than the whole project." In each phase, the installation of any on-site or off-site public road improvements shall be sufficiently completed so as to assure protection from storm or

APN: 3066251180000

Effective Date:

PROJ-2022-00184

Expiration Date:

drainage runoff, a safe and drivable access for fire and other emergency/safety vehicles, and the ordinary and intended use of the buildings or structures. The Building Official, with the concurrence of the Land Development Division, may approve any plan or approve a change to an approved plan, which complies with the intent of this policy.

105 **Road Improvements** - Status: Outstanding

All required on-site and off-site improvements shall be completed by the applicant and inspected/approved by the County Department of Public Works.

106 **Structural Section Testing for non-CMRS roads connecting to CMRS road** - Status: Outstanding

A thorough evaluation of the structural road section, to also include parkway improvements, from a qualified materials engineer shall be submitted to the County Department of Public Works.

Public Works - Solid Waste Management

107 **Construction Waste Management Plan (CDWMP) Part 2** - Status: Outstanding

The developer shall complete SWMD's CDWMP Part 2 for construction and demolition. The CDWMP Part 2 shall provide evidence to the satisfaction of SWMD that demonstrates that the project has diverted from landfill disposal, material for reuse or recycling by a minimum of 65% of total weight or volume of all construction waste. The developer MUST provide ALL receipts and/or backup documentation for actual disposal/diversion of project waste. More information can be found on the San Bernardino County Solid Waste Management Division (SWMD) website at <https://dpw.sbcounty.gov/solid-waste-management/construction-waste-management/>.

Public Works - Traffic

108 **Improvements** - Status: Outstanding

The applicant shall construct, at 100% cost to the applicant all roadway improvements as shown on their approved street improvement plans. This shall include any software and/or hardware to implement the approved signal coordination plan.

PRIOR TO RECORDATION

County Fire - Community Safety

109 **F16 Access** - Status: Outstanding

The development shall have a minimum of two points of vehicular access. These are for fire/emergency equipment access and for evacuation routes. a. Single Story Road Access Width. All buildings shall have access provided by approved roads, alleys and private drives with a minimum twenty-six (26) foot unobstructed width and vertically to fourteen (14) feet six (6) inches in height. b. Multi-Story Road Access Width. Fire apparatus access roadways serving buildings that are three (3) or more stories or thirty (30) feet or more in height shall be a minimum of thirty (30) feet in unobstructed width and vertically to fourteen (14) feet six (6) inches in height.

PRIOR TO FINAL INSPECTION

County Fire - Community Safety

110 **F25 Street Sign** - Status: Outstanding

This project is required to have an approved street sign (temporary or permanent). The street sign shall be installed on the nearest street corner to the project. Installation of the temporary sign shall be prior any combustible material being placed on the construction site. Prior to final inspection and occupancy of the first structure, the permanent street sign shall be installed.

If you would like additional information regarding any of the conditions in this document, please contact the department responsible for applying the condition and be prepared to provide the Record number above for reference. Department contact information has been provided below.
