CONSTRUCTION ACTIVITY WITHOUT A PERMIT IS NOT ALLOWED

POLICIES ON FIELD INSPECTIONS

- A. To schedule an inspection please email inspections@sbcfire.org. A minimum of 48 hours is required.
- B. Inspection requests shall be from the contractor to whom the permit was issued.
- C. Special or overtime inspection arrangements must be approved in advance.
- D. Written approval from the Fire Department is required before covering any work.
- E. Contractor shall supply all testing equipment and operate all valves at the time of test.

EXPIRATION, RENEWAL AND REFUND NOTICE

This permit shall expire if a Fire inspection does not occur within 365 days of issuance or if the work is suspended or abandoned for a period of 365 days. All fees are non-refundable.

Upon expiration, this permit may be renewed for ½ of the original fees up to 12 months after expiration.

This permit may be extended prior to expiration by contacting the Fire Department, submitting a request and paying the 'Time Extension' fee (as per the current Fee Schedule).

This permit provides Fire Department approval only and does not pertain to any other city, county ordinance or building department requirements.
