BACKGROUND INFORMATION

California Senate Bill 80 established the first state ADRC Infrastructure Grants Program in 2019. The ADRC program develops coordinated networks of programs and services (No Wrong Door systems) to assist older adults, people with disabilities, and caregivers in navigating the complex system of Long-Term Services and Supports (LTSS), enabling them to pursue their personal goals and preferences for healthy aging. The ADRC program assists in enabling consumers to access all LTSS programs through one agency, organization, coordinated network, or portal.

ADRC core services and functions include enhancing information and referral services by searchable resource systems, warm transfers, and referrals between a wide array of organizations providing LTSS programs and services. Additionally, ADRC provides options
