**Operate in a Fiscally-Responsible and Business-Like Manner.**

**FINANCIAL IMPACT**

Approval of this item will not result in the use of Discretionary General Funding (Net County Cost). The special taxes listed in Recommendation No. 1 are projected to generate \$1.3 million in 2022-23 for the cost of providing the requisite road, park, and television broadcast services. This amount includes a decrease in revenue of approximately \$10,000 from the prior fiscal year. This is a result of the electorate-approved decrease for the fifth year of special tax in Zone A of County Service Area (CSA) 68 (Valley of the Moon) that is mostly offset from the electorate-approved 2.5% inflationary increase applicable to certain districts. For 2022-23, the special assessment listed in Recommendation No. 3 is projected to generate \$117,296 and the standby and availability charges listed in Recommendation No. 4 are projected to generate \$133,970. Revenue related to all three recommendations is included in the 2022-23 Recommended Budget for the above-named CSAs and Zones.

**BACKGROUND INFORMATION**

On an annual basis, existing voter-approved special taxes for various CSAs and Zones are presented to the Board of Supervisors (Board), in accordance with Government Code section 50077, to set the amount for placement on the tax roll. The voter-approved special taxes are necessary to provide various services, including recreation and park, television ultra-high frequency translator, road maintenance, snow plowing, and improvements.

The special taxes for those six CSAs and Zones identified in Recommendation No. 1 as having an electorate-approved provision of an annual inflationary adjustment are all recommended at the increased amount of 2.5 percent. The special taxes for ten CSAs and Zones in Recommendation No. 1 are recommended for renewal at the same rates established in the previous fiscal year; CSA 68 in Zone A will be decreased as electorate approved. The level of service provided by the CSAs and Zones is dictated by the amount of available revenue.

The Department of Public Works – Special Districts (Special Districts) continues to evaluate the need to make necessary recommendations for special tax adjustments to maintain existing services. Special Districts will adhere to the proper voter approval process to implement such recommendations.

This item also allows for continuation of the following for 2022-23:

- Continue collection of annual installment of assessments to repay the 40-year loan and offset administrative expenses incurred in the collection of the special assessments within Assessment District No. 2001-01 of CSA 70, Zone S-7 (Lenwood).
- Continue collection standby and availability fees for eleven CSAs and Zones. These fees are assessed on parcels within the applicable district and collected on the tax roll. There are no proposed fee changes for 2022-23.

**PROCUREMENT**

Not applicable.
