Habitat Management Program (HMP)

FOR OFFICE USE ONLY:

Version # _____

APP # _____

PART 1 - HABITAT MANAGEMENT PROGRAM (HMP)

All Applicants submitting Projects involving Ground Disturbing Activities are subject to Habitat Management Program (HMP) requirements. The HMP must cover the combined Project Area of all proposed Projects with Ground Disturbing Activities.

Applicants able to certify that none of the proposed activities listed in the Application contain any risk factors to special-status species and/or sensitive habitats shall submit only HMP Part 1. Applicants who cannot certify that the proposed activities listed in the Application do not contain any risk factors to special-status species and/or sensitive habitats shall submit HMP Parts 1 and 2 in accordance with 14 CCR Section 4970.06.2.

1. Do any of proposed Projects involve Ground Disturbing Activities? ☐ Yes ☒ No
(If you checked YES, complete Question # 2. If you checked NO, stop here)
2. Can the Applicant certify that none of the proposed Projects with Ground Disturbing Activities, including the OHV Recreation directly facilitated by these activities, contain any risk factors to special-status species and/or sensitive habitats? ☐ Yes ☒ No
(If you checked YES, complete Item #2. If you checked NO, stop here).

ITEM #2

Discuss the research and justification used to certify that the proposed Project does not contain any risk factors to special status species and/or sensitive habitats. To demonstrate that all special status species and sensitive habitat have been considered for evaluation within the HMP, Applicants are encouraged to attach a California Department of Fish and Wildlife (CDFW) California Natural Diversity Database (CNDDDB), United States Fish and Wildlife Service (USFWS) Information Planning and Consultation (IPaC), and USFWS National Wetland Inventory (NWI) record search for the proposed Project Area. The record searches ought to cover an appropriate buffer surrounding your proposed Project footprint(s).

A. Public Notification Efforts

(Check all that apply)

- ☐ Notice to interested person(s) (Enter date in mm/dd/yyyy format)
- ☐ Published on Applicant's website (Enter date in mm/dd/yyyy format)
- ☐ Published in local newspaper (Enter date in mm/dd/yyyy format)
- ☒ News release issued (Enter date in mm/dd/yyyy format) [03/03/2022]
- ☐ Public meeting(s)/hearing(s) held either in-person or virtual. (Enter date in mm/dd/yyyy format)

B. Public Comments

The Department only received public comments in favor of the OHV Grant Program. There were no adjustments needed.

C. Application Development as a result of Public Comments

- a. Were changes made to the Application as a result of public comments? ☐ Yes ☒ No
(If selected YES, complete item b. If selected NO, stop here.)
- b. Describe how public comments affected the Application

Certifications

FOR OFFICE USE ONLY:

Version # _____

APP # _____

1. Applicant Certifications

A. General Conditions

- A. ☒ The Applicant hereby certifies, under the penalty of perjury, compliance with the following terms and conditions:
1. If the Project involves a Ground Disturbing Activity, the Applicant agrees to monitor the condition of soils and wildlife in the Project Area each year in order to determine whether the soil conservation standard adopted pursuant to Public Resource Code (PRC), Section 5090.35 and the HMP prepared pursuant to Section 5090.53(a) are being met.
 2. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the soil conservation standard adopted pursuant to PRC Section 5090.35 is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion, to repair and prevent accelerated erosion, until the same soil conservation standard adopted pursuant to PRC Section 5090.35 is met.
 3. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the HMP prepared pursuant to PRC Section 5090.53(a) is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion until the same HMP prepared pursuant to PRC Section 5090.53(a) is met.
 4. The Applicant agrees to enforce the registration of off-highway motor vehicles and the other provisions of Division 16.5 (commencing with Section 38000) of the Vehicle Code and to enforce the other applicable laws regarding the operation of off-highway motor vehicles.
 5. The Applicant agrees to cooperate with appropriate law enforcement entities to provide proper law enforcement at and around the Facility.
 6. The Applicant's Project is in accordance with local or federal plans and the strategic plan for OHV Recreation prepared by the OHMVR Division.

B. Programmatic Conditions

- B. The Applicant must describe the following programmatic conditions:
1. Identify the potential for the facility to reduce illegal and unauthorized OHV Recreation activities in the surrounding areas:
 2. Describe how the Applicant is meeting the operations and maintenance needs of any existing OHV Recreation Facility under its jurisdiction:

C. Fee Collection

Describe how fees collected pursuant to Section 38230 of the Vehicle Code (in-lieu funds) are utilized and whether the fees complement the Applicant's proposed Project:

OHV in-lieu of tax funds are used to fund the San Bernardino County Sheriff's OHV program. The funds are used to pay for personnel costs, equipment maintenance, and equipment purchases. We use the funds to certify Deputy Sheriff Trainers who then train other deputies to OHMVR standards. These deputies focus on educating the public and OHV enthusiasts/riders on safe OHV operation, operating the OHVs on authorized lands, and using authorized trails and routes. Deputies discuss the importance of using designated trails and the tread lightly concept. They point out signage that designates authorized and unauthorized OHV areas and how to understand the posted signs. Deputies hand out guides pamphlets on safe OHV operations and maps of designated trails.

D. Compliance with PRC 5090.50(b)(1)(C)

Projects within the O&M category that affect lands identified as inventoried roadless areas by the U.S. Forest Service, are compliant with PRC 5090.50(b)(1)(C). ☒ Yes ☐ No

Law Enforcement

Law Enforcement Needs

FOR OFFICE USE ONLY:

Version # _____

APP # _____

ITEM 1. Proposed Project

San Bernardino County (County) is the largest county in the nation. It encompasses over 22,000 square miles with much of this area in rural desert/mountain terrain, including private and public lands. The County is located between Los Angeles, California and Las Vegas, Nevada, making it a popular destination for off-highway vehicle (OHV) recreation. The Bureau of Land Management (BLM) estimates there are 600,000 visitors annually in the designated OHV lands. The pandemic conditions have lent to an even greater influx of OHV enthusiasts.

Most OHV enthusiasts access the OHV areas throughout the county by public roadways, often trespassing on private lands and riding on closed OHV trail systems. These areas have seen a significant increase in recreational use and service calls, which impacts law enforcement resources. Based on patrol deputy observations, there are many incidents of illegal riding resulting in damage of desert and forest resources. OHV enthusiasts often camp in these areas which results in a transient population enjoying the desert and mountain environment, requiring additional law enforcement resources be deployed to monitor for illegal activity.

The San Bernardino County Sheriff's Off-Highway Vehicle Enforcement Team and civilian volunteers will conduct patrol operations from the following six patrol stations: Barstow, Big Bear, Colorado River, Morongo Basin, Twin Peaks and Victor Valley. Each team member is certified with two-wheel and four-wheel safety courses. The patrols will be conducted in OHV areas during the weekdays and various weekends during the peak seasons throughout the County. Trained team members will use current OHV fleet vehicles to conduct patrol operations.

The OHV Enforcement Team partners with local BLM offices and U.S. Forest Services (USFS) to conduct coordinated patrols in protected areas to ensure safe OHV usage and to protect natural resources. Our goal is to promote safe and responsible OHV recreation within our jurisdiction throughout the year. While in the field, we assist the OHV enthusiasts with questions about safety concerns and equipment as well as legal and illegal riding areas. We are also involved in public education during our open house events, local parades, and at local schools by providing OHV guides, maps and safety flyers at our staging areas when we patrol. We educate the public on the importance of preserving the natural resources and reinforce the "Tread Lightly" principle.

ITEM 2. Project Coverage

The OHV Enforcement Team will cover a variety of OHV riding areas throughout the county.

The Barstow Station covers approximately 9,200 square miles. Deputies will patrol OHV areas such as: Spangler Hills, Wagon Wheel, Red Mountain, Cuddeback Dry Lake, Black Mountains/Hinkley Mountains, Stoddard Valley, Slash-X-Ranch, Rainbow Basin/Copper City, Calico Mountains, Mojave River Bottom, Newberry Mountains, Afton Canyon, Mojave National Preserve, Razor Road and Dumont Dunes.

The Big Bear Station covers approximately 280 square miles which includes over 169 miles of forest roads for OHV use, 900 miles of SUV/4x4 routes, and 104 miles of challenging 4x4 trails. There are several popular OHV Trails that include: John Bull, Heartbreak Ridge, Gold Mountain Trail and the Pioneertown to Big Bear Trail.

The Colorado River Station covers approximately 3,200 miles. There are desert hills and mountains with hundreds of public trails including 150 miles of riverbank along the Colorado River. This area is also home to the historic "Route 66" off-road area which covers approximately 100 miles of the nostalgic highway that is mostly accessible only by OHV.

The Morongo Basin Station covers approximately 5,200 square miles which includes a variety of terrain ranging from the lower Mojave Desert, mountainous terrain of the San Bernardino National Forest and the dry lake beds and extremely difficult to access rocky "Hammer" trails. This station has the primary law enforcement and search and

rescue responsibilities for the "King of the Hammers" event.

The Twin Peaks Station covers approximately 386 square miles. Located in the mountains of the San Bernardino National Forest, the area consists of approximately 50,000 acres of National Forest and approximately 74 miles of off-road trails including Miller Canyon, Cleghorn Ridge, Willow Creek, Devils Hole and Crab Flats.

The Victor Valley Station patrols over 100,000 acres of land and greater than 400 square miles of legal riding area that range from desert landscape to mountain foothills. The station is responsible for patrolling Stoddard Valley and Johnson Valley open use areas as well as the Juniper Flats limited use areas. El Mirage Dry Lake, Baldy Mesa Trail System, and Cajon Pass OHV areas are also included in their patrol responsibilities.

ITEM 3. Describe the frequency of the patrols

Enforcement and education occurs during peak seasons and as necessary throughout the year. Deputies not only enforce OHV rules and regulations, but also undertake various administrative duties to include data collection, emergency operations related to OHV incidents, and community outreach.

The San Bernardino County Sheriff's OHV Enforcement Team partners with local BLM offices and USFS to conduct coordinated patrols in protected areas to ensure safe OHV usage and to protect natural resources. Deputies and civilian volunteers will also be available day and night for enthusiasts when emergencies develop by contacting Sheriff's Dispatch or dialing 911. We strive to provide additional patrol coverage for each of the following three-day weekends:

- Labor Day weekend
- Halloween weekend
- Thanksgiving weekend
- Christmas weekend
- New Year's weekend
- President's Day weekend
- Easter weekend
- Memorial Day weekend
- 4th of July weekend

During holiday weekends at the Dumont Dunes, the OHV Enforcement Team will deploy additional OHV trained deputies and staff to patrol. In addition to these three-day weekend long events, we also provide enforcement for several public "Poker Run" off-road events that take place in Park Moabi and the Chemehuevi Wash recreational area. The King of the Hammer event near the Morongo Basin Station continues to grow in size each year, now reaching over 100,000 visitors.

ITEM 4. Deployment of Personnel

The San Bernardino County Sheriff's OHV Enforcement Team is staffed with trained personnel and civilian volunteers that supplement the OHV program and patrol OHV areas throughout the County. The personnel are trained in the safe operation of off-highway vehicles and will conduct OHV enforcement and education on an as needed basis.

OHV Enforcement Team operations are scheduled throughout the county during the weekends and weekdays to address large OHV enthusiast visitorship and OHV related problems. These scheduled patrols utilize a Sheriff's Sergeant or Corporal as patrol supervisors and several deputies per operation. Depending on the type and size of the event, up to 10 deputies can be utilized daily at different locations. Law enforcement presence must be maintained during the entire event, with some events lasting several days.

The number of public off-road events have increased each year. Furthermore, the number of OHV enthusiasts have also increased due to the ease of operation of side by side off-highway vehicles. We see the greatest increase during the holiday weekends, but there is still an overall increase in visitors to the OHV recreational areas patrolled.

During holiday weekends, patrol missions at our most popular OHV sites will be scheduled at four day intervals for each holiday/mission, with assigned personnel working up to 12 hours shifts throughout each day.

Law Enforcement - Page 1

1. Identify areas with high priority law enforcement needs because of public safety, cultural resources, and sensitive environmental habitats, including wilderness areas and areas of critical environmental concerns:

There are many off-highway use areas throughout San Bernardino County which are designated by BLM and USFS as open/closed and limited use. These areas included: Johnson Valley, Dumont Dunes, Holcomb Valley, Stoddard Wells, El Mirage, Spangler Hills, Juniper Flats, Baldy Mesa Trail System, Fremont Peak, Miller Canyon, Cougar Buttes, Ord Mountain Range, Pinnacles, Cactus Flats, Wagon Wheel, Red Mountain, Copper City, Parker, Rainbow Basin, Calico, Rasor, and Harper Lake. There are several protected lands within San Bernardino County to include: Transitional Habitat Conservancy, Harper Lake, Mojave Preserve, Grass Valley Wilderness Area, and Mojave River.
2. Describe how the proposed Project relates to OHV Recreation and will sustain OHV Recreation, motorized off-highway access to non-motorized recreation, or OHV Opportunities associated with the Project Area:

The goals of the proposed project is to prevent unlawful intrusions on private and public lands, ensure habitat preservation, and provide direction to the OHV enthusiast on the whereabouts of legal off-highway vehicle areas and the importance of using proper safety equipment.

The project will also ensure OHV enthusiast using legal venues are operating their equipment within the parameters of federal, state, and local laws. Personnel participating in the project will ensure OHV enthusiasts are staying safe. By keeping legal riding areas safe for the OHV enthusiasts, and enforcing private property intrusions, the program will encourage more people to choose legal recreation opportunities within San Bernardino County.
3. Describe the Applicant's formal or informal cooperation with other law enforcement agencies:

The San Bernardino County Off-Highway Enforcement Team partners with local BLM offices and the USFS to conduct coordinated patrols in protected areas to ensure safe OHV usage and to protect natural resources. OHV team members provide the public with brochures which contain a map displaying legal riding areas and open trail systems within San Bernardino County. These brochures are provided by local BLM offices and Transitional Habitat Conservancy.

Law Enforcement - Page 2

4. Does the Applicant recover a portion of the law enforcement costs directly associated with privately sponsored OHV events where sponsors have obtained a local permit? ☒ Yes ☐ No

Explain:

The promoter of King of the Hammers has paid for law enforcement patrols related directly to the event, but the event directly impacts the surrounding residential areas with an significant increase in illegal OHV activity.
5. The Applicant agrees to implement a public education program that includes information on safety programs available in the area and how to report OHV violations? ☒ Yes ☐ No
6. Describe the Applicant's OHV law enforcement training program including how the training program educates personnel to address OHV safety and natural and cultural resource protection:

The patrol personnel assigned to OHV enforcement are provided additional training related to safe OHV vehicle operations. Vehicle and County Codes related to OHV use are stressed ensuring each officer is aware of specific areas where wildlife or environmental concerns exist. Each OHV enforcement officer receives training addressing property and legal OHV use. Officers are made aware of all illegal OHV areas within the County. OHV members are provided up to date information on problem areas and areas with high volume of OHV related calls for service. OHV officers often contact parties responsible for calls for service related to OHV problems. Officers meet with community members and land owners to develop solutions to problems related to OHV usage.

Law Enforcement - Page 3

7. Is the proposed project in accordance with local or federal plans and the OHMVR Division Strategic Plan? ☒ Yes ☐ No

8. LOCAL AGENCIES ONLY - Describe the Applicant's policies and/or agreements regarding enforcement on federal land:

The San Bernardino County Off-Highway Enforcement Team partners with local BLM offices and the USFS to conduct coordinated patrols in protected areas to ensure safe OHV usage and to protect natural resources. OHV team members provide the public with brochures which contain a map displaying legal riding areas and open trail systems within San Bernardino County. These brochures are provided by local BLM offices and Transitional Habit Conservancy.

9. COUNTIES ONLY - Describe how the OHV in-lieu of tax funds are being used and whether the use of these fees complements the Applicant's project:

OHV in-lieu of tax funds are used to fund the San Bernardino County Sheriff's OHV program. The funds are used to pay for personnel costs, equipment maintenance, and equipment purchases. We use the funds to certify Deputy Sheriff Trainers who then train other deputies to OHMVR standards. These deputies focus on educating the public and OHV enthusiasts/riders on safe OHV operation, operating the OHVs on authorized lands, and using authorized trails and routes. Deputies discuss the importance of using designated trails and the tread lightly concept. They point out signage that designates authorized and unauthorized OHV areas and how to understand the posted signs. Deputies hand out guides pamphlets on safe OHV operations and maps of designated trails.

Law Enforcement - Page 4

10. APPLICANTS WHO MANAGE OHV RECREATION FACILITIES – Describe how your organization is meeting its operation and maintenance needs:

The San Bernardino County Sheriff's Department does not manage any OHV recreation facilities.

11. The Applicant agrees to enforce the registration of OHVs and the other provision of Division 16.5 commencing with Section 38000 of the vehicle code and to enforce other applicable laws regarding the operation of OHVs? ☒ Yes ☐ No

The County is located between Los Angeles, California and Las Vegas, Nevada, making it a popular destination for off-highway vehicle (OHV) recreation. The Bureau of Land Management (BLM) estimates there are 600,000 visitors annually in the designated OHV lands. The pandemic conditions have lent to an even greater influx of OHV enthusiasts.</p> <p>Most OHV enthusiasts access the OHV areas throughout the county by public roadways, often trespassing on private lands and riding on closed OHV trail systems. These areas have seen a significant increase in recreational use and service calls, which impacts law enforcement resources. Based on patrol deputy observations, there are many incidents of illegal riding resulting in damage of desert and forest resources. OHV enthusiasts often camp in these areas which results in a transient population enjoying the desert and mountain environment, requiring additional law enforcement resources be deployed to monitor for illegal activity.</p> <p>The San Bernardino County Sheriff's Off-Highway Vehicle Enforcement Team and civilian volunteers will conduct patrol operations from the following six patrol stations: Barstow, Big Bear, Colorado River, Morongo Basin, Twin Peaks and Victor Valley. Each team member is certified with two-wheel and four-wheel safety courses. The patrols will be conducted in OHV areas during the weekdays and various weekends during the peak seasons throughout the County. Trained team members will use current OHV fleet vehicles to conduct patrol operations.</p> <p>The OHV Enforcement Team partners with local BLM offices and U.S. Forest Services (USFS) to conduct coordinated patrols in protected areas to ensure safe OHV usage and to protect natural resources. Our goal is to promoted safe and responsible OHV recreation within our jurisdiction throughout the year. While in the field, we assist the OHV enthusiasts with questions about safety concerns and equipment as well as legal and illegal riding areas. We are also involved in public education during our open house events, local parades, and at local schools by providing OHV guides, maps and safety flyers at our staging areas when we patrol. We educate the public on the importance of preserving the natural resources and reinforce the "Tread Lightly" principle.</p>

4/19/2022

Line Item	Qty	Rate	UOM	Total	Grant Req.	Match
Notes : All of the OHV equipment will require maintenance during this grant season for the requested project, including: (4) street legal dual-sport motorcycles, (3) ATVs, (16) UTVs, (4) Jeeps, (6) trailers and (3) trucks. The equipment is currently housed at several patrol stations throughout the county. The projected cost for changing the engine oil and filter for all OHV'S, plus full-service safety inspections, tune-ups, will be done according to the manufacturer specifications. Off-highway vehicles currently being used by the sheriff's department were purchased using grant funds.						
2. Equipment Use Expenses-Fuel Notes : Fuel will be used by the current grant funded vehicle to included: (4) street legal dual-sport motorcycles, (3) ATVs, (16) UTVs, (4) Jeeps, and (3) trucks. Most of the equipment was purchased using OHMVR grant funds. The equipment is currently housed at several patrol stations throughout the county. Fuel will be used by vehicles to tow OHV patrol vehicles to the mission staging area. The current tow vehicles use diesel fuel. Current OHV patrol vehicle, use unleaded gas. With patrols being conducted at several OHV locations throughout the county we anticipate an increase in fuel usage.	1.0000	50000.000	MISC	50,000.00	37,500.00	12,500.00
Total for Equipment Use Expenses				80,000.00	60,000.00	20,000.00
5 Equipment Purchases

Environmental Review Data Sheet (ERDS)

FOR OFFICE USE ONLY:

Version # _____

APP # _____

ITEM 1 and ITEM 2

ITEM 1

- a. Has a CEQA Notice of Determination (NOD) been filed for the Project? If checked YES, stop here. If checked NO, complete item #2. ☐ Yes ☒ No

ITEM 2

- b. Does the proposed Project include a request for funding for CEQA and/or NEPA document preparation prior to implementing the remaining Project Deliverables (i.e., is it a two-phased Project pursuant to Section 4970.06.1(b)) ☐ Yes ☒ No

ITEM 3 - Project under CEQA Guidelines Section 15378

- c. Are the proposed activities a "project" under CEQA Guidelines Section 15378? If YES, complete ITEMS 4 - 13. If unsure, select YES, and complete ITEMS 4 - 13. If checked NO, complete letter d. ☐ Yes ☒ No
- d. The Application is requesting funds solely for personnel and support to enforce OHV laws and ensure public safety. These activities would not cause any physical change in the environment, or a reasonably foreseeable indirect physical change in the environment and are thus not a "Project" under CEQA. ☒ Yes ☐ No
- e. Other. Explain why proposed activities would not cause any physical change in the environment, or a reasonably foreseeable indirect physical change in the environment and are thus not a "project" under CEQA. E.g., Project activities involving heavy equipment, grading, etc. typically are considered a project under CEQA. DO NOT complete ITEMS 4 - 13.

Funds solely for enforcement of OHV laws and ensuring public safety.

ITEM 4 - Specify all standard measures (e.g., BMPs, established SOPs, or similar)

ITEM 5 - Evaluate the Impact of this Project

ITEM 6 - Critical Habitat for Threatened and/or Endangered Species

Does USFWS final or proposed designated critical habitat for threatened and/or endangered species exist within or surrounding the Project site? ☐ Yes ☐ No

ITEM 7 - Evaluate Cumulative Impacts from this Project

ITEM 8 - Significant effect on the environment

ITEM 9 - Potential for Damage to Scenic Resources within the Viewshed of a Highway

ITEM 10 - Hazardous Materials

Is the proposed Project Area located on a site included on any list compiled pursuant to Section 65962.5 of the California Government Code (hazardous materials)? ☐ Yes ☒ No

If YES, describe the location of the hazard relative to the Project site, the level of hazard and the measures to be taken to minimize or avoid the hazards:

ITEM 11 - Substantial adverse impacts to historical or cultural resources

ITEM 12 - Indirect Significant Impacts

ITEM 13 - Baseline conditions

CEQA/NEPA Attachment
