The County agrees to indemnify, defend (with counsel reasonably approved by Foundation) and hold harmless Foundation and its authorized officers, employees, agents, and volunteers from any and all claims, actions, losses, damages, and/or liability arising out of this MOU from

the negligence of the County, including the acts, errors or omissions of the County and for any costs or expenses incurred by Foundation on account of any claim resulting from the acts or negligence of the County or its authorized officers, employees, agents, and volunteers, except where such indemnification is prohibited by law.

In the event that the County and/or Foundation are determined to be comparatively at fault for any claim, action, loss or damage which results from their respective obligations under this MOU, the County and/or Foundation shall indemnify the other to the extent of its comparative fault.

2. Additional Insured – All policies, except for the Workers' Compensation, Errors and Omissions and Professional Liability policies, shall contain endorsements naming the County and its officers, employees, agents and volunteers as additional insureds with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the County to vicarious liability but shall allow coverage for the County to the full extent provided by the policy. The Foundation hereby waives all rights of subrogation against the County.
4. Primary and Non Contributory – All policies required herein are to be primary and non contributory with any insurance or self-insurance programs carried or administered by the County.
5. Severability of Interests – The Foundation agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Foundation and the County or between the County and any other insured or additional insured under the policy.

Failure to Procure Coverage – In the event that any policy of insurance required under this Contract does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right but not the obligation or duty to cancel the Contract or obtain insurance if it deems necessary and any premiums paid by the County will be promptly reimbursed by the Foundation or County payments to the Foundation will be reduced to pay for County purchased insurance.

10. Insurance Review – Insurance requirements are subject to periodic review by the County. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County's risk.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Contract. Foundation agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

11. The Foundation agrees to provide insurance set forth in accordance with the requirements herein. If the Foundation uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, the Foundation agrees to amend, supplement or endorse the existing coverage to do so. The type(s) of insurance required is determined by the scope of the contract services.

Without in anyway affecting the indemnity herein provided and in addition thereto, the Foundation shall secure and maintain throughout the contract term the following types of insurance with limits as shown:

- a. Workers' Compensation/Employers Liability – A program of Workers' Compensation insurance or a state approved, self-insurance program in an amount and form to meet all applicable requirements of the Labor Code of the State of California, including Employer's Liability with \$250,000 limits covering all persons providing services on behalf of the Foundation and all risks to such persons under this Contract.
