WHEREAS, the Receiving Facility operates a licensed healthcare facility that provides medical care to its patients;

WHEREAS, the parties acknowledge a desire to contribute to health-related education for the benefit of Resident(s) and to meet community needs;

WHEREAS, it is to the benefit of the parties that those in the GME Programs have the opportunity for clinical experience to enhance their capabilities as practitioners;

WHEREAS, the facilities of each party have unique attributes that are of benefit to Residents in their training, and the parties have agreed that Residents in the residency program at ARMC should participate in clinical rotations at Receiving Facility and its facilities; and

WHEREAS, Receiving Facility has agreed to accept certain specified Residents of ARMC for training in accordance with the terms and conditions of this Agreement; and

NOW, THEREFORE, the parties hereto enter into this Agreement as a full statement of their respective responsibilities during the term of this Agreement, and in consideration of the representations made above and the covenants and conditions set forth herein, the parties agree as follows:

I. General Information

A. General Relationship

Based upon the terms and conditions set forth in this Agreement, Receiving Facility shall make its facilities available to Residents from ARMC for the purpose of participating in a rotation and receiving clinical training and supervision in the specific specialties agreed upon by the parties and for which the parties have entered into a Program Letter of Agreement ("PLA") (Exhibit A). The number of ARMC Residents, the duration of rotation, and schedule for the rotations at Receiving Facility in the respective medical specialties shall be determined based on the pertinent PLAs and mutual agreement by the ARMC residency program director for applicable specialty and the Site Director at Receiving Facility. All actions taken as a result of this Agreement shall be in accordance with the Receiving Facility and ARMC rules and regulations that are in effect during the term of the Agreement.

B. Standards of Operations

The parties, at their own expense, shall operate and maintain their respective facilities in accordance with the standards prescribed and maintained by TJC, state and federal law, and other applicable accrediting agencies.

The parties shall each assume sole responsibility for the accreditation of their respective GME program(s) they sponsor (if any) and for obtaining required approval in accordance with the standards prescribed by the ACGME or TJC. During the term of this Agreement, both parties agree to comply with all such applicable ACGME or TJC standards for residency training, the Program Letters of Agreement between the parties relating to the pertinent specialty, and to collaborate as may be required for accreditation purposes.

C. ACGME Affiliation Approval

The parties understand and agree that if this Agreement is not acceptable to and/or is found not to meet the standards prescribed by the ACGME at any time, now or in the future, this Agreement shall be immediately terminated upon written notice by one party to the other party.

D. Licenses

The parties shall, through the term of this Agreement, maintain any license(s) or verify the maintenance of such license(s) necessary for the provision of the Resident(s) services hereunder as required by the laws and regulations of the United States, the State of California, County of San Bernardino and all other applicable governmental agencies and accrediting bodies. Each party shall notify the other party immediately in writing of its inability to obtain or maintain such license(s). Said inability shall be cause for immediate termination of this Agreement as determined solely by the party receiving such notice; the prior 30 day advanced written notice of termination set forth in Section XII of this Agreement shall not be required.

II. Training Issues and Duties

A. Residency Specialties

ARMC shall have knowledge of all residency programs at Receiving Facility in which Residents from ARMC participate.

B. Rotation Directors

Receiving Facility will designate qualified members of its medical staff to provide coordination and oversight of ARMC Residents' educational activities and assignments while training at Receiving Hospital. Such persons shall be the Program Director (where applicable) or Site Director or his or her designee of the pertinent medical specialty at Receiving Facility.

C. Patients

The parties agree that all patients of Receiving Facility may be part of the clinical training program, if agreed to by the patient's treating physician and the patient. It is understood and agreed that it is the responsibility of Receiving Facility and its medical staff members to assure consent has been obtained from each patient prior to allowing ARMC Resident(s) to attend to any such patient as part of the training program at Receiving Facility.

D. Confidentiality

The parties both agree to maintain confidentiality of patient records and information in accordance with all applicable state and federal laws, regulations, guidelines and directives relating to confidentiality of patient records and protected health information.

E. Non-Discrimination

The parties agree to make no unlawful distinction among Resident(s) covered by this Agreement on the basis of race, color, sex, sexual orientation, creed, age, disability, religion, national origin, or any other legally protected status based on California and federal laws.

F. Resident Decorum

Receiving Facility shall notify the ARMC Program Director of the pertinent residency program if any ARMC Resident's conduct is found unacceptable to Receiving Facility. ARMC shall take appropriate action to correct the unacceptable conduct of the Resident(s) in accordance with the policies and procedures or rules and regulations of ARMC's residency program. ARMC shall advise Resident(s) of their responsibility to abide by Receiving Facility's policies, as applicable, including, but not limited to, patient confidentiality and the Drug Free Workplace Act. Receiving Facility agrees to orient such Resident(s) to its policies and procedures for which they will be held accountable. Receiving Facility agrees to provide ARMC's Resident(s) with its own Resident Information Handbook or equivalent, which includes general policies regarding graduate medical education training.

G. Corrective Action/Grievance

ARMC will adhere to its own policies concerning graduate medical education issues, including academic discipline, complaints and grievances from their Resident(s). An individual Resident's disciplinary problems relating to conduct at Receiving Facility shall be evaluated jointly by ARMC and Receiving Facility in conference. Any corrective action shall be undertaken consistent with the policies of the ARMC's residency program, but Receiving Facility may immediately remove from its facilities and bar from returning any Resident who poses an immediate threat or danger to personnel or patients or to the quality of medical services at Receiving Facility, based on the reasonable discretion of Receiving Facility.

H. Health Verification

ARMC shall inform all Resident(s) assigned by it to Receiving Facility of all applicable health verification requirements of the Receiving Facility. ARMC agrees to assure that its Resident(s) have been trained in infection control procedures, maintain current Basic Life Support and Advanced Cardiac Life Support certificates, and are current with all required immunizations as required by Receiving Facility policies at the time the Resident conducts his/her training at Receiving Facility. Receiving Facility shall be responsible to provide such evaluation forms to ARMC in the timeframe and frequency requested by ARMC.

P. Medical Staff Membership

The presence of Resident(s) from ARMC at Receiving Facility is based upon their continued participation in ARMC's Residency Training Program.
