FINANCIAL IMPACT

As the student internship program agreement is non-financial in nature, this item does not impact Discretionary General Funding (Net County Cost).

BACKGROUND INFORMATION

The Department of Behavioral Health (DBH) employs qualified professionals in multiple disciplines, including medicine, nursing, psychology, marriage and family therapy, and social work. As a result, DBH can provide necessary tutelage and guidance to student interns participating in a variety of behavioral health-related educational programs. Reciprocally, the use of interns to assist the County's workforce is a valuable means of maximizing available public resources. Through student internship programs, DBH provides learning experiences that will help students develop the skills they need to prosper in their chosen profession, which aligns with the Countywide Vision2Succeed initiative.

Since 2008, DBH has operated a successful internship program through agreements with schools and other institutions, which establish the terms and conditions under which DBH will accept student interns. These agreements enable students to earn required internship hours while working under the supervision of qualified DBH staff.

On February 27, 2024 (Item No. 21), the Board of Supervisors approved standard student internship program agreement templates for public and private schools and other institutions. Though the indemnification and insurance provisions in the recommended student internship agreement with Hope International University (HIU) have been modified slightly from the

standard student internship program agreement template, those modifications still conform within County Policy 11-07 and have been approved by Risk Management and County Counsel.

Since changes were made to the standard template, the Board must approve the student internship agreement with HIU.
