- D.6** Funds made available under this Contract shall not supplant any federal, state or any governmental funds intended for services of the same nature as this Contract. Contractor shall not claim reimbursement or payment from County for, or apply sums received from County with respect to that portion of its obligations that have been paid by another source of revenue. Contractor agrees that it will not use funds received pursuant to this Contract, either directly or indirectly, as a contribution or compensation for purposes of obtaining funds from another

revenue source without prior written approval of the County.

- D.7** Contractor shall adhere to the County's Travel Management Policy (8-02 and 08-02SP1) when travel is pursuant to this Contract and for which reimbursement is sought from the County. In addition, Contractor is encouraged to utilize local transportation services, including but not limited to, the Ontario International Airport.

E. INDEMNIFICATION AND INSURANCE REQUIREMENTS

E.1 Indemnification

Contractor will indemnify, defend, and hold harmless County and its officers, employees, agents and volunteers, from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses for infringement of any United States patent, copyright, trademark or trade secret (Intellectual Property Rights) by any goods or services. If a credible claim is made or threatened, including without limitation the filing of a lawsuit against County, or County receives a demand or notice claiming actual or potential infringement or misappropriation of any Intellectual Property Rights, County will use reasonable efforts to notify Contractor promptly of such lawsuit, claim or election. However, County's failure to provide or delay in providing such notice will relieve Contractor of its obligations only if and to the extent that such delay or failure materially prejudices Consultant's ability to defend such lawsuit or claim. County will give Contractor sole control of the defense (with counsel reasonably acceptable to County) and settlement of such claim; provided that Contractor may not settle the claim or suit absent the written consent of County unless such settlement (a) includes a release of all claims pending against County, (b) contains no admission of liability or wrongdoing by County, and (c) imposes no obligations upon County other than an obligation to stop using the goods or services that are the subject of the claim. In the event that Contractor fails to or elects not to defend County against any claim for which County is entitled to indemnity by Contractor, then Contractor shall reimburse County for all reasonable attorneys' fees and expenses within thirty (30) days from date of invoice or debit memo from County. After thirty (30) days, County will be entitled to deduct any unpaid invoice or debit memo amount from any amounts owed by County to Contractor. This shall not apply to any judgment or settlement amount, which amounts County shall be entitled to notify, invoice or debit Contractor's account at any time; and County, at its sole discretion, may settle the claim or suit.

If, in Contractor's opinion, any goods or services become, or are likely to become, the subject of a claim of infringement of Intellectual Property Rights, Contractor may, at its option: (i) procure for County the right to continue using the goods or receiving the services; (ii) replace or modify the goods or services to be non-infringing, without incurring a material diminution in performance or function; or (iii) if neither of the foregoing is feasible, in the reasonable judgment of Contractor, County shall cease use of the goods or services upon written notice from Contractor, and Contractor shall provide County with a pro-rata refund of the unearned fees paid by County to Contractor for such goods or services.

E.2 Additional Insured

All policies, except for Worker's Compensation, Errors and Omissions and Professional Liability policies shall contain additional endorsements naming the County and its officers, employees, agents and volunteers as additional named insured with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the County to vicarious liability but shall allow coverage for the County to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO, CG 2010.11 85.

E.3 Waiver of Subrogation Rights

The Contractor shall require the carriers of required coverages to waive all rights of subrogation against the County, its officers, employees, agents, volunteers, contractors and subcontractors. All general or auto liability insurance coverage provided shall not prohibit the Contractor and Contractor's employees or agents from waiving the right of subrogation prior to a loss or claim. The Contractor hereby waives all rights of subrogation against the County.

E.4 Policies Primary and Non-Contributory

All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County.

E.5 Severability of Interests

The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the County or between the County and any other insured or additional insured under the policy.

E.6 Proof of Coverage

The Contractor shall furnish Certificates of Insurance to the County Department administering the Contract evidencing the insurance coverage at the time the Contract is executed, additional endorsements, as required shall be provided prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the Department, and Contractor shall maintain such insurance from the time Contractor commences performance of services hereunder until the completion of such services. Within fifteen (15) days of the commencement of this contract, the Contractor shall furnish a copy of the Declaration page for all applicable policies and will provide complete certified copies of the policies and endorsements immediately upon request.

E.7 Acceptability of Insurance Carrier

Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum "Best" Insurance Guide rating of "A- VII".

E.8 Deductibles and Self-Insured Retention

Any and all deductibles or self-insured retentions in excess of \$10,000 shall be declared to and approved by Risk Management.

E.9 Failure to Procure Coverage

In the event that any policy of insurance required under this contract does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right but not the obligation or duty to cancel the contract or obtain insurance if it deems necessary and any premiums paid by the County will be promptly reimbursed by the Contractor or County payments to the Contractor will be reduced to pay for County purchased insurance.

E.10 Insurance Review

Insurance requirements are subject to periodic review by the County. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County's risk. Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this contract. Contractor agrees to execute any such amendment within thirty (30) days of receipt. Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

E.11 Types and Limits

The Contractor agrees to provide insurance set forth in accordance with the requirements herein. If the Contractor uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, the Contractor agrees to amend, supplement or endorse the existing coverage to do so. Without in anyway affecting the indemnity herein provided and in addition thereto, the Contractor shall secure and maintain throughout the contract term the following types of insurance with limits as shown:

E.11.1 Workers' Compensation/Employer's Liability – A program of Workers' Compensation insurance or a state-approved, self-insurance program in an amount and form to meet all applicable requirements of the Labor Code of the State of California, including Employer's Liability with \$250,000 limits covering all persons including volunteers providing services on behalf of the Contractor and all risks to such persons under this contract. If Contractor has no employees, it may certify or warrant to the County that it does not currently have any employees or individuals who are defined as "employees" under the Labor Code and the requirement for Workers' Compensation coverage will be waived by the County's Director of Risk Management. With respect to Contractors that are non-profit corporations organized under California or Federal law, volunteers for such entities are required to be covered by Workers' Compensation insurance.

E.11.2 Commercial/General Liability Insurance – The Contractor shall carry General Liability Insurance covering all operations performed by or on behalf of the Contractor providing coverage for bodily injury and property damage with a combined single limit of not less than one million dollars (\$1,000,000), per occurrence. The policy coverage shall include:

- a. Premises operations and mobile equipment.
- b. Products and completed operations.
- c. Broad form property damage (including completed operations).
- d. Explosion, collapse and underground hazards.
- e. Personal injury.
- f. Contractual liability.
- g. \$2,000,000 general aggregate limit.

E.11.3 Automobile Liability Insurance – Primary insurance coverage shall be written on ISO Business Auto coverage form for all owned, hired and non-owned automobiles or symbol 1 (any auto). The policy shall have a combined single limit of not less than one million dollars (\$1,000,000) for bodily injury and property damage, per occurrence. If the Contractor is transporting one or more non-employee passengers in performance of contract services, the automobile liability policy shall have a combined single limit of two million dollars (\$2,000,000) for bodily injury and property damage per occurrence. If the Contractor owns no autos, a non-owned auto endorsement to the General Liability policy described above is acceptable.

E.11.4 Cyber Liability Insurance - Cyber Liability Insurance with limits of no less than \$1,000,000 for each occurrence or event with an annual aggregate of \$2,000,000 covering privacy violations, information theft, damage to or destruction of electronic information, intentional and/or unintentional release of private information, alteration of electronic information, extortion and network security. The policy shall protect the involved County entities and cover breach response cost as well as regulatory fines and penalties.

E.11.5 Umbrella Liability Insurance – An umbrella (over primary) or excess policy may be used to comply with limits or other primary coverage requirements. When used, the umbrella policy shall apply to bodily injury/property damage, personal injury/advertising injury and shall include a “dropdown” provision providing primary coverage for any liability not covered by the primary policy. The coverage shall also apply to automobile liability.

E.11.6 Professional Liability – Professional Liability Insurance with limits of not less than one million (\$1,000,000) per claim and two million (\$2,000,000) aggregate limits

or

Errors and Omissions Liability Insurance – Errors and Omissions Liability Insurance with limits of not less than one million (\$1,000,000) and two million (\$2,000,000) aggregate limits

or

Directors and Officers Insurance coverage with limits of not less than one million (\$1,000,000) shall be required for Contracts with charter labor committees or other not-for-profit organizations advising or acting on behalf of the County.

If insurance coverage is provided on a “claims made” policy, the “retroactive date” shall be shown and must be before the date of the state of the contract work. The claims made insurance shall be maintained or “tail” coverage provided for a minimum of five (5) years after contract completion.

F. RIGHT TO MONITOR AND AUDIT

F.1 The County, State and Federal government shall have absolute right to review and audit all records, books, papers, documents, corporate minutes, and other pertinent items as requested, and shall have absolute right to monitor the performance of Contractor in the delivery of services provided under this Contract. Contractor shall give full cooperation, in any auditing or monitoring conducted. Contractor shall cooperate with the County in the implementation, monitoring, and evaluation of this Contract and comply with any and all reporting requirements established by the County. County shall provide reasonable notice and conduct such audits during normal business hours, and any confidential Contractor information shall be safeguarded during such audits. County shall bear the cost for such audit.

F.2 All records pertaining to services delivered and all fiscal, statistical and management books and records shall be available for examination and audit by County representatives for a period of three years after final payment under this Contract or until all pending County, State and Federal audits are completed, whichever is later.

G. CORRECTION OF PERFORMANCE DEFICIENCIES

G.1 Failure by Contractor to comply with any of the provisions, covenants, requirements or conditions of this Contract shall be a material breach of this Contract.

G.2 In the event of a non-cured breach, County may, at its sole discretion and in addition to any other remedies

available at law, in equity, or otherwise specified in this Contract:

- G.2.1** Afford Contractor thereafter a time period within which to cure the breach, which period shall be established at the sole discretion of County; and/or
- G.2.2** Discontinue reimbursement to Contractor for and during the period in which Contractor is in breach, which reimbursement shall not be entitled to later recovery; and/or
- G.2.3** Withhold funds pending duration of the breach; and/or
- G.2.4** Offset against any monies billed by Contractor but yet unpaid by County those monies disallowed pursuant to Item "b" of this paragraph; and/or
- G.2.5** Terminate this Contract immediately and be relieved of the payment of any consideration to Contractor. In the event of such termination, the County may proceed with the work in any manner deemed proper by the County. The cost to the County shall be deducted from any sum due to the Contractor under this Contract and the balance, if any, shall be paid by the Contractor upon demand.

HARDWARE PURCHASE TERMS**

These Hardware Purchase Terms are attached to, form a part of, and supplement the General Terms.

A. DEFINITIONS

Capitalized terms used herein have the same meaning as ascribed in the General Terms. In addition, the following capitalized terms shall have the meaning ascribed herein:

- A.1** "Counterfeit Items": include, but are not limited to, raw materials, parts, components or assemblies that are or contain an unlawful or unauthorized reproduction, substitution, or alteration that has been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified material, part, component or assembly from the OEM, or the authorized OEM reseller or distributor. Unlawful or unauthorized substitution includes used material represented as new, or the false identification of grade, serial number, lot number, date code, or performance characteristics. If the item is an electronic part, the term also includes unlawful or unauthorized embedded software or firmware.
- A.2** "Documentation": users' guides, manuals and other printed materials necessary or useful to County for its use and maintenance of the Software or customarily provided with the Software. Manuals and other printed materials customized for County hereunder constitute Work Product if such materials are required by the Statement of Work.
- A.3** "OEM": an original equipment manufacturer.
- A.4** "Vendor": Contractor, as defined in the General Terms, and the individual or entity that is the direct seller of the Product to the County on behalf of Contractor.

B. PRICE

Prices for Products purchased hereunder shall be as specified in Exhibit A-1, Price List.

C. DOCUMENTATION

Vendor agrees to provide Documentation and updated versions thereof to County at no charge for each Product purchased. Vendor agrees that County may reproduce a reasonable number of copies of Documentation for its own use in maintaining the Products, provided that County includes Vendor's or manufacturer's copyright notice on any such reproduced Documentation. If County requests that Vendor provide additional copies of Documentation, Vendor agrees to charge no greater prices than Vendor charges to its other customers for similar additional copies of Documentation.

D. ORDERS, DELIVERY, AND INSPECTION

D.1 Orders

County may elect to purchase Products under this Contract by issuing a P.O. If Vendor is unable to fulfill a P.O., in whole or in part, due to insufficient inventory, Vendor will notify County in writing within twenty-four (24) hours of P.O. receipt, and County may, at its sole discretion, cancel or modify the P.O. Unless Vendor gives County written notice, a P.O. is deemed accepted within two (2) business days of Vendor's receipt or upon shipment, whichever occurs first. County may, in its sole discretion, cancel, reschedule, or change the location of delivery on any P.O. without incurring any additional charges by providing written notice to Vendor at any time prior to shipment.

D.2 Shipping Terms

Unless otherwise stated in the P.O., all shipments are Free on Board destination with Vendor bearing all costs for freight, insurance, duties, taxes and other shipping expenses to the destination specified in the P.O. and shall bear all risk of loss until County receives the Product at the specified destination. Vendor

shall ship orders according to County's requested shipment dates or, if no shipment date is specified, within two (2) business days of receipt of County's P.O.

D.3 Delivery

Time is of the essence with respect to the delivery of Products. Vendor shall immediately notify County in writing of any anticipated delay in meeting the delivery schedule, stating the reasons for the delay. Products shipped after their scheduled shipment date will be shipped by Vendor on an expedited overnight basis with the surcharge for such expedited overnight delivery being at Vendor's sole expense. No shipment will be deemed complete until all Products specified on the P.O. have been delivered. In case of default by Vendor, County may procure the Product from other sources and may deduct from unpaid balances due to Vendor. The prices paid by County for such alternate product shall be considered the prevailing market prices paid at the time such purchase is made.

D.4 Order Inspection

County will notify Vendor in writing, which may be via electronic mail, of any shipment not conforming to the P.O., including delivery of the wrong product, overages, shortages or shipping damage within five (5) business days of delivery. Vendor will correct any identified nonconformities within five (5) business days of County's notice. The foregoing procedure may be repeated until County accepts the Product or cancels the order. If County determines, after a minimum of 3 evaluation cycles as provided herein, that the Product fails to meet the P.O., County may cancel the order without incurring any further liability hereunder and procure the Products elsewhere.

D.5 Right of Rejection

Receipt of an order does not constitute acceptance of all Product in that order. County shall have the right to inspect or test and reject any order, or any part thereof within thirty (30) calendar days after delivery. The quantities specified in this Contract or any P.O. are the only quantities required. If the Vendor delivers in excess of the quantities ordered, County shall not be required to make any payment for the excess Products, and may return them to Vendor at Vendor's expense or exercise any other rights available to County at law or in equity.

E. PRODUCT WARRANTIES

Vendor warrants that Products delivered under this Contract are new, only contain materials obtained directly from an OEM or a source having the express written authority of the OEM, including an authorized aftermarket manufacturer, and do not contain Counterfeit Items; substantially comply with the specifications and perform as described in the associated Documentation under normal use; are identical in all respects to samples provided as part of the bid process, if any; do not infringe or misappropriate any third party's patent, copyright, trademark, trade secret, or any other intellectual property right; and conform to all domestic legal requirements and shall not be in violation or cause County to be in violation of any applicable law, rule or regulation (including without limitation, export, environmental and hazardous substance laws, regulations, rules and directives). Vendor shall meet proper labeling requirements for Products, including without limitation, Consumer Product Safety Improvement Act, Federal Communications Commission, California Electronic Waste Recycling Act, California Restrictions on the use of Certain Hazardous Substances in Electronic Devices, and Proposition 65 certifications and warnings.

F. DISCLAIMER OF WARRANTIES

THE FOREGOING EXPRESS WRITTEN WARRANTIES BETWEEN THE PARTIES ARE EXCLUSIVE AND ARE IN LIEU OF ANY OTHER WARRANTIES OR REMEDIES, EXPRESS, IMPLIED OR STATUTORY, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO THE EXTENT THAT IT IS ILLEGAL OR UNENFORCEABLE UNDER APPLICABLE LAW.

G. INDEMNIFICATION

These indemnification obligations and responsibilities are in addition to the General Indemnification of General Terms Section E.1.

G.1 Obligations

Vendor shall defend, indemnify and hold harmless County, its officers, employees, agents and volunteers from and against all third party claims, costs (including, without limitation, attorneys' fees), and losses for

infringement of any United States patent, copyright, trademark or trade secret ("Intellectual Property Rights") by any Product.

G.2 Defense and Settlement

County will give Vendor sole control of the defense (with counsel reasonably acceptable to County) and settlement of such claim; provided that Vendor may not settle the claim or suit absent the written consent of County unless such settlement: (a) includes a release of all claims pending against County, (b) contains no admission of liability or wrongdoing by County, and (c) imposes no obligations upon County other than an obligation to stop using the Products that are the subject of the claim. In the event that Vendor fails to or elects not to defend County against any claim for which County is entitled to indemnity by Vendor, then Vendor shall reimburse County for all reasonable attorneys' fees and expenses within thirty (30) days from date of invoice or debit memo from County. After thirty (30) days, County will be entitled to deduct any unpaid invoice or debit memo amount from any amounts owed by County to Vendor. This shall not apply to any judgment or settlement amount, which amounts County shall be entitled to notify, invoice or debit Vendor's account at any time; and County, at its sole discretion, may settle the claim or suit. County may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability): (a) when substantial principles of government or public law are involved; (b) when litigation might create precedent affecting future County operations or liability; or (c) when involvement of County is otherwise mandated by law.

G.3 Non-Infringing Alternatives

If, in Vendor's opinion, any Products become, or are likely to become, the subject of a claim of infringement of Intellectual Property Rights, Vendor may, at its option: (i) procure for County the right to continue using the Products; (ii) replace or modify the Products to be non-infringing, without incurring a material diminution in performance or function; or (iii) if neither of the foregoing is, in the reasonable judgment of Vendor, County shall cease use of the Products upon written notice from Vendor, and Vendor shall provide County with a pro-rata refund price paid by County to Vendor in connection with any such Products calculated over a 3-year baseline depreciation.

G.4 Notice of Claim

If a credible claim is made or threatened, including without limitation the filing of a lawsuit against County, or County receives a demand or notice claiming actual or potential infringement or misappropriation of any Intellectual Property Rights, County will use reasonable efforts to notify Vendor promptly of such lawsuit, claim or election. However, County's failure to provide or delay in providing such notice will relieve Vendor of its obligations only if and to the extent such delay or failure materially prejudices Vendor's ability to defend such lawsuit or claim.

- b. may only audit the books and records for the two (2) year period prior to the date of such audit; and
- c. may not audit the same records more than once except that if Licensor shall in the course of an audit discover any systemic accounting error, misclassification or other problem that would reasonably affect the conclusion Licensor was able to derive from any records previously audited, in which case Licensor shall have a one-time right to re-audit such books and records affected by such systemic accounting error, misclassification or problem.

B.5.2 The audit may be conducted by Licensor employees, agents, or representatives during County's normal business hours, for the sole purpose of determining the accuracy of the payments required to be made to Licensor pursuant to the provisions of this Agreement.

B.5.3 In the event that an audit discloses an underpayment to Licensor, County shall promptly remit payment to Licensor equal to such underpayment plus interest accrued thereon. In the event that an audit discloses an overpayment to Licensor, County may offset such overpayment from future payments to Licensor.

B.5.4 Licensor shall be solely responsible for the costs of such audit. All books and records required to be retained by County hereunder shall be retained by County for two (2) years after the expiration or termination of this Agreement or until any dispute relating to this Agreement shall have been finally determined, whichever shall be later, for possible audit by Licensor pursuant to the terms and conditions hereof.

Services are provided in a professional and workmanlike manner in accordance with industry standards.

C.2 Acceptance and Payment

- C.2.1** Licensor will notify County in writing of completion of each project milestone, and County will have ten (10) business days after receipt of Licensor's notice to test the software component or Custom Software ("Deliverable") to ensure that it meets the acceptance criteria as set forth in the SOW. County shall provide to Licensor written notice of acceptance upon completion of successful acceptance testing.
- C.2.2** If County determines that the Deliverable does not function in a manner that meets, in all material respects, the acceptance criteria defined in the SOW, County may reject the Deliverable by providing Licensor with a written list detailing each failure of the acceptance criteria.
- C.2.3** Licensor will correct the any non-conformities identified in County's rejection notice and shall resubmit the Deliverable for acceptance criteria testing within ten (10) business days of County's notice. If Licensor is unable to or fails to satisfactorily correct such non-conformities, County may, in its sole discretion: (i) conditionally accept the Deliverable while reserving the right to revoke acceptance if timely correction is not forthcoming; or (ii) accept those portions of the Deliverable that meet the acceptance criteria and require Licensor to continue to work to correct the rejected portions of the Deliverable.
- C.2.4** If after two (2) unsuccessful attempts, Licensor fails to satisfactorily correct the Deliverable, County may terminate this Contract without further obligation, and seek to recover amounts previously paid for such Deliverable.
- C.2.5** Payment for services is due Net 60 from date that County's Chief Information Officer provides written certification of satisfactory completion of the milestone or project as set forth in the SOW.

County shall have a royalty-free, non-exclusive and irrevocable license to publish, disclose, copy, translate, and otherwise use, copyright or patent, now and hereafter, all reports, studies, information, data, statistics, forms, designs, plans, procedures, systems, and any other materials or properties developed with respect to Custom Software including those covered by copyright, and reserves the right to authorize others to use or reproduce such material. All such materials developed with respect to Custom Software shall acknowledge the San Bernardino County as the funding agency and Licensor as the creator. No such materials, or properties produced in whole or in part with respect to Custom Software shall be subject to private use, copyright or patent right by Licensor in the United States or in any other country without the express written consent of County. Copies of all educational and training materials, curricula, audio/visual aids, printer material, and periodicals, assembled pursuant to this Contract must be filed with the County prior to publication.

C.4 Pre-Existing Materials

Pre-Existing Materials do not constitute Work Product. If the Licensor creates derivative works of Pre-Existing Materials, the elements of such derivative works created with respect to Custom Software constitute Work Product, but other elements do not. Nothing in this Section will be construed to interfere with the Licensor's or its affiliates' ownership of Pre-Existing Materials.

C.5 Personnel

- C.5.1** Licensor shall provide sufficient qualified personnel to perform Licensor's obligations hereunder, which personnel shall have a minimum of twelve (12) months of experience similar or related to the tasks to which they are assigned to perform. The individuals identified below are designated as key personnel ("Key Personnel"):

Licensor Services Manager: Andrew Saylor

Licensor Services Support Manager: Rachel Clemans

Licensor Technical Support Manager: Aaron Bartosch

County Project Manager: _____

C.5.2 Key Personnel shall serve as designated contacts to assist County in all matters related to the Services. Except for changes in personnel due to resignation, termination, promotion, geographic transfers or leaves of absence, Licensor shall maintain and not re-assign the Key Personnel throughout the Term without County's approval. County shall have the right to require Licensor to replace any or all Key Personnel whom County, in its sole discretion, deems to be unsatisfactory. In the event that Customer request that Licensor replace any Key Personnel, Licensor shall promptly replace such Key Personnel with a qualified replacement.

C.6 Meetings and Reports

ARMC will coordinate meetings and reports with Contractor as needed.

C.7 Change Orders

In the event that unforeseen circumstances require changes to the development plan set forth in the SOW, County will issue a change order to Licensor. Licensor will immediately notify County, and will not begin work under the change order without County's written acceptance, if any change order will affect the price, milestone dates, Deliverables or project completion date. The ARMC Chief Executive Officer shall represent the County in all matters pertaining to the services to be rendered under this Contract, including without limiting satisfactory completion of milestones, acceptance of Deliverables, and changes to the project scope. Changes that affect the project budget, result in extending the Term, or otherwise modify any term of the Contract must be approved by the San Bernardino County Board of Supervisors.

D. WARRANTY

D.1 Performance Warranty

County will accept Licensor's standard performance warranty for Software that Licensor customarily provides to all customers to the extent that the terms of the warranty do not conflict with any term of this Contract, and provided that Licensor warrants that the Software will: (i) perform in accordance with its license and accompanying documentation; (ii) be free, at the time of delivery, of harmful code (i.e. computer viruses, worms, trap doors, time bombs, disabling code, or any similar malicious mechanism designed to interfere with the intended operation of, or cause damage to, computers, data, or Software); and (iii) does not infringe or violate any U.S. Intellectual Property Right.

D.2 DISCLAIMER OF WARRANTIES

THE FOREGOING EXPRESS WRITTEN WARRANTIES BETWEEN THE PARTIES ARE EXCLUSIVE AND ARE IN LIEU OF ANY OTHER WARRANTIES OR REMEDIES, EXPRESS, IMPLIED OR STATUTORY, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. Where Licensor resells Commercial Software it purchased from a third party, Licensor, to the extent it is legally able to do so, will pass through any third party warranties to County and will reasonably cooperate in enforcing them. Such warranty pass-through will not relieve Licensor from Licensor's warranty obligations

D.3 Remedies for Breach of Warranty

Except as may be specifically provided elsewhere in this Contract, for any breach of the warranties provided in this Section, County's remedy and Licensor's sole obligation will be limited to:

D.3.1 re-perform, repair, or replace the nonconforming Software; or

D.3.2 refund all amounts paid by County for the nonconforming Software and pay County any additional amounts necessary to equal the County's Cost to Cover. "Cost to Cover" means the cost, properly mitigated, of procuring Software of equivalent capability, function, and performance.

E. INDEMNIFICATION

These indemnification obligations and responsibilities are in addition to the General Indemnification of Section E.1 of the General Terms.

E.1 Obligations

Licensor shall defend, indemnify and hold harmless County, its officers, employees, agents and volunteers from and against all third party claims, costs (including, without limitation, attorneys' fees), and losses for infringement of any United States patent, copyright, trademark or trade secret ("Intellectual

Property Rights”) by any Software. Licensor shall have no liability under this Section if the alleged infringement is a result of: (i) modification to the Software not performed or approved by Licensor; (ii) County’s use of the Software not in accordance with the Documentation; (iii) use of the Software in combination with any non-Licensor supplied third party product; or (iv) Licensor’s compliance with express written instructions that County provided to Licensor, and is not attributable to Licensor’s exercise of any discretion in determining how to comply with County’s instructions.

E.2 Defense and Settlement

County will give Licensor sole control of the defense (with counsel reasonably acceptable to County) and settlement of such claim; provided that Licensor may not settle the claim or suit absent the written consent of County unless such settlement (a) includes a release of all claims pending against County, (b) contains no admission of liability or wrongdoing by County, and (c) imposes no obligations upon County other than an obligation to stop using the Software that is the subject of the claim. In the event that Licensor fails to or elects not to defend County against any claim for which County is entitled to indemnity by Licensor, then Licensor shall reimburse County for all reasonable attorneys’ fees and expenses within thirty (30) days from date of invoice or debit memo from County. After thirty (30) days, County will be entitled to deduct any unpaid invoice or debit memo amount from any amounts owed by County to Licensor. This shall not apply to any judgment or settlement amount, which amounts County shall be entitled to notify, invoice or debit Licensor’s account at any time; and County, at its sole discretion, may settle the claim or suit. County may participate in such action at its own expense with respect to attorneys’ fees and costs (but not liability): (a) when substantial principles of government or public law are involved; (b) when litigation might create precedent affecting future County operations or liability; or (c) when involvement of County is otherwise mandated by law.

E.3 Non-Infringing Alternatives

If, in Licensor’s opinion, any Software becomes, or is likely to become, the subject of a claim of infringement, Licensor may, at its option: (i) procure the right for County to continue using the Software; (ii) replace or modify the Software to be non-infringing, without incurring a material diminution in performance or function; or (iii) give written notification to the County to cease use of the Software, and provide County a pro-rata refund of the price paid in connection with any such Software calculated over a 3-year baseline depreciation.

E.4 Notice of Claim

If a credible claim is made or threatened, including without limitation the filing of a lawsuit against County, or County receives a demand or notice claiming actual or potential infringement or misappropriation of any Intellectual Property Rights, County will use reasonable efforts to notify Licensor promptly of such lawsuit, claim or election. However, County’s failure to provide or delay in providing such notice will relieve Licensor of its obligations only if and to the extent such delay or failure materially prejudices Licensor’s ability to defend such lawsuit or claim.

F. LIMITATION OF LIABILITY

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW NEITHER PARTY SHALL BE LIABLE FOR INDIRECT, SPECIAL, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOSS OF DATA OR PRIVACY, LOSS OF INCOME, LOSS OF OPPORTUNITY OR PROFITS, OR COSTS OF RECOVERY, HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, REGARDLESS OF WHETHER A PARTY WAS APPRISED OF THE POTENTIAL FOR SUCH DAMAGES. EXCEPT FOR CLAIMS ARISING PURSUANT TO INDEMNIFICATION OBLIGATIONS OR A PARTY’S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, IN NO EVENT WILL A PARTY’S LIABILITY FOR DIRECT DAMAGES, EXCEED THE GREATER OF \$5,000,000 OR THE AMOUNT PAID BY COUNTY UNDER THE CONTRACT.

END USER LICENSE AGREEMENT

RESERVED

EXHIBIT B-3 STATEMENT OF WORK

Attach a software acceptance plan as jointly developed by Licensor and County.

Engagement Approach Methodology

Project management and tracking details will be outlined in the associated Project Charter and will be reviewed and approved by Optimum and Arrowhead.

Requirements, which will be documented in the form of user stories, will be tracked within the Arrowhead ServiceNow production environment and will be assigned to a group composed of implementations.

The Optimum Engagement Manager will work with the Optimum and Arrowhead team to ensure:

- Delivery consistently meets high quality standards
- Arrowhead is satisfied with the quality of work and functionality delivered
- Transparency into activities and progress through reporting is provided reliably and regularly
- Monthly and quarterly reviews are conducted with Client to review progress and direction
- Client has a consistent single contact for escalation of needs

Optimum's approach to the implementation phase of this engagement will follow a service delivery methodology that aligns closely with the ServiceNow core methodology of Initiate, Plan, Execute, Deliver, and Close.

1. Initiate

During the Initiate phase, the Optimum project team will be onboard, and the Engagement Manager will collaborate with the assigned Client Project Manager to perform project planning activities. A Project Charter containing important agreements and expectations such as roles and responsibilities, status reporting, project communication guidelines, and project change procedures will be defined and documented. Finally, a formal kick-off meeting with project stakeholders and participants will conclude the Initiate phase.

To ensure alignment amongst Arrowhead's business stakeholders, optimum strongly recommends that Arrowhead form a Project Steering Committee to enact governance for important decisions and organizational impacts in accordance with stated business objectives.

2. Plan

During the Plan phase, Optimum will conduct workshops with Arrowhead to fully understand and state the business objectives driving the implementation of ServiceNow and ensure requirements are adequately understood. Optimum will document the in-scope requirements and design plans that come out of the workshops for review and acceptance by Arrowhead prior to finalizing development activity to ensure alignment with the agreed upon project outcomes.

Once new processes are defined, Optimum strongly recommends that Arrowhead appoint an Organizational Change Management (OCM) resource(s) who will be accountable and responsible for coordinating the following activities, which will greatly increase the probability of a successful deployment:

- o Update official Business Process Documentation (e.g., policies, process diagrams, standard operating procedures, etc.)
- o Conduct a Change Impact Analysis to gain full understanding of how process stakeholders will be impacted
- o Conduct a Training Needs Analysis and develop a Training Plan to ensure the business is properly enabled to execute the new processes as defined
- o Develop an Organizational Communications Plan that addresses important questions and information needs of all relevant audiences and personas
- o Establish Key Process Indicators (KPIs) that will be monitored after new processes are deployed to measure change adoption and business value realization from the initiative

3. Execute

Optimum will implement the planned configuration of the ServiceNow development instance during this phase. Configuration will be based upon the approved requirements and design plans documented during the previous project phase. Weekly project meetings will provide status updates to the Arrowhead team and serve as a medium for eliminating project roadblocks. Additional working sessions and meetings will be scheduled as needed.

During the Execute phase is also when Arrowhead should make progress with the completion of the OCM activities outlined in the Plan section. Optimum should be informed of the status of these activities.

4. Deliver

During the Deliver phase, the system configuration will be migrated to the test environment of ServiceNow for Arrowhead validation and acceptance. Arrowhead will have the opportunity to review the system configurations and report any identified defects to the Optimum development team for remediation.

Upon acceptance of the configuration by Arrowhead, a go-live date will be finalized, and the configuration will be migrated into the Client production ServiceNow environment in adherence to Client change control guidelines. Arrowhead will facilitate the change control process with support from Optimum.

Finally, during this phase is when critical OCM activities will occur, such as training material development and delivery, communications to users and stakeholders, and operational readiness checks. Arrowhead is ultimately accountable for the execution of OCM plans.

5. Close

After go-live, Optimum will conduct a project review workshop and transfer documentation to the Arrowhead team. Additionally, a baseline will be taken of the metrics identified during the planning phase to measure project success and establish a measure for future growth and improvement. Finally, a Customer Satisfaction (CSAT) survey will be sent to Arrowhead project sponsor(s) to rate Optimum's performance as an implementation partner.

Engagement Approach | Reporting

Optimum will meet on a regular cadence with Arrowhead to provide status updates on work. The specific cadence will be agreed upon with the Client team. Optimum will provide a weekly report of activities and work completed to Client and will present an update on the contents during one of the scheduled checkpoints with the Client team. Additionally, checkpoint meetings will be conducted monthly throughout the engagement period to review quality and quantity of delivery and ensure that Client expectations against this agreement are being met.

C. Obligations of CE

1. CE shall notify BA of any of the following, to the extent that such may affect BA's use, access, maintenance or disclosure of PHI:

 - ii. Any changes in, or revocation of, permission by an individual to use, access or disclose PHI.
 - iii. Any restriction to the use, access or disclosure of PHI that CE has agreed to in accordance with 45 C.F.R. section 164.522.

D. General Provisions

1. Remedies

BA agrees that CE shall be entitled to seek immediate injunctive relief as well as to exercise all other rights and remedies which CE may have at law or in equity in the event of an unauthorized use, access or disclosure of PHI by BA or any agent or subcontractor of BA that received PHI from BA.

2. Ownership

The PHI shall be and remain the property of the CE. BA agrees that it acquires no title or rights to the PHI.

3. Regulatory References

A reference in this Agreement to a section in the Privacy Rule and Security Rule and patient confidentiality regulations means the section as in effect or as amended.

4. No Third-Party Beneficiaries

Nothing express or implied in the Contract or this Agreement is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

5. Amendment

The parties acknowledge that state and federal laws related to privacy and security of PHI are rapidly evolving and that amendment of the Contract or this Agreement may be required to ensure compliance with such developments. The parties shall negotiate in good faith to amend this Agreement when and as necessary to comply with applicable laws. If either party does not agree to so amend this Agreement within 30 days after receiving a request for amendment from the other, either party may terminate the Agreement upon written notice. To the extent an amendment to this Agreement is required by law and this Agreement has not been so amended to comply with the applicable law in a timely manner, the amendment required by law shall be deemed to be incorporated into this Agreement automatically and without further action required by either of the parties. Subject to the foregoing, this Agreement may not be modified, nor shall any provision hereof be waived or amended, except in a writing duly signed and agreed to by BA and CE.

6. Interpretation

Any ambiguity in this Agreement shall be resolved to permit CE to comply with the Privacy and Security Rules, the HITECH Act, and all applicable patient confidentiality regulations.

7. Compliance with State Law

In addition to HIPAA and all applicable HIPAA Regulations, BA acknowledges that BA and CE may have confidentiality, privacy, and breach notification obligations under State law, including, but not limited to, the California Confidentiality of Medical Information Act (Cal. Civil Code §56, et seq. ("CMIA")) and 22 C.C.R. § 79001 et seq. If any provisions of this Agreement or HIPAA Regulations or the HITECH Act conflict with CMIA or any other California State law regarding the degree of protection provided for PHI/Medical Information and patient medical records, then BA shall comply with the more restrictive requirements.

8. Survival

The respective rights and obligations and rights of CE and BA relating to protecting the confidentiality or a patient's PHI/Medical Information shall survive the termination of the Contract or this Agreement.
