BACKGROUND INFORMATION

Residents on Madeira Avenue in the Mentone area expressed safety concerns regarding vehicles parking on the south side of Madeira Avenue at the intersection of Agate Avenue. In response to resident requests and concerns from the public, the Department conducted a traffic engineering investigation. The investigation found that Madeira Avenue and Agate Avenue intersection easterly 275 feet has the road width of 30 feet and is considered a “narrow” road pursuant to San Bernardino County Code Section 52.0115. Therefore, it is not desired to have vehicles parking on both sides of the road. In addition, vehicles parking on the south side of Madeira Avenue at the intersection will cause view obstructions for northbound drivers entering Maderia Avenue from Agate Avenue. Due to conditions affecting the safety of the public utilizing this road and pursuant to the findings of the traffic engineering investigation, the Department recommends establishing a no parking zone on Madeira Avenue from Agate Avenue easterly 275 feet in the Mentone area pursuant to County Code section 52.0132(a).

The proposed Resolution will also direct the Road Commissioner to perform such acts as are necessary to implement the Resolution, which includes posting signage pursuant to County
