Family Medicine Application
Step 1

Contract Adminstration

Organization Name:		San Bernardino County on behalf of Arrowhead Regional Medical Center
Prefix:		Mr.
Contract Administrator First Name		Greg
Contract Administrator Last Name		Young
Phone 1		9095806157
Phone 2		9095806133
Contract Administrator Email		younggr@armc.sbcounty.gov

Grant Agreement Signatory

First Name:	Bill
Last Name:	Gilbert
Phone:	9095806150
Email:	GilbertW@armc.sbcounty.gov

STD 204 Signatory is the same as Grant Agreement Signatory   Yes   No

This is the remit to address where payments should be mailed.

Street Address	400 N. Pepper Ave.
Suite/Dept	Graduate Medical Education
City	Colton
State	CA
Zip Code	92324
County	San Bernardino

Step 2

Program Data

The residency program has been in continuous operation since what year?   1969

	2021/22	2020/21	2019/20		2018/19	2017/2018
Total 1st Year Positions Available	16	16	16	16	16
Total 1st Year Positions Filled	16	16	16	16	16
Total Number Graduates	16	14	14	13	14

Do your non-first-year residents spend or plan to spend at least an average of eight hours per week at a primary care continuity clinic?   Yes

Incoming 2021/22 Current Resident Data

Total Number 1st Year Positions Available	16
Total Number 1st Year Positions Filled	16

Step 3

Training Sites

Training Site name	Mckee Family Health	Mckee Family	Medi-Cal	78.08%
Street Address		1499 E. Highland Ave.	Dual Eligibles (Medi-Cal and Medicare)	15.15%
Suite/Dept			Other Indigent	0.10%
City		San Bernardino	Uninsured	1.32%
State		CA	Other Payers	5.34%
Zip Code		92404	Total	100.00%
County		San Bernardino		

Step 4

Executive Summary (2500 max characters) The Arrowhead Regional Medical Center (ARMC) Primary Care Track is requesting funding for five existing Family Medicine positions to support our effort to increase primary care physicians in the underserved regions of San Bernardino County of California. ARMC's mission is to train racially and ethnically diverse family medicine residents who are competent and culturally sensitive and who desire to practice in underserved areas after completing residency. San Bernardino County ranks in the bottom tier of counties in California for patient to primary care physician ratio and ranks in the lowest 15 for overall health outcomes. ARMC has set goals to develop expertise in our residents related to health disparities, advocacy and population health to improve population level outcomes in both of these metrics.

Residents spend the majority of their residency training in San Bernardino County at ARMC including their sub-

specialty/quaternary care experience Residents receive continuity clinic experience through three off ARMC Family Care Outpatient Clinics. Over 95% of our Family Medicine patient population have Medi-Cal or managed care Medi-Cal.

In their time at ARMC residents are exceptionally trained in their ACGME mandatory sub-specialty rotations with the goal of being competent to practice Family Medicine in areas of physician shortages without tertiary care centers. Residents are exposed to low income patients in the inpatient and outpatient setting and learn about the difficulties many individuals face with complex care needs and very limited resources. At ARMC, our residents work in interdisciplinary teams to address the cultural, social or economic barriers our patients experience.

The ARMC Family Medicine Residency Program participates in teaching medical students from Loma Linda University Health (LLUH), Western University, Saint Georges University, California University of Science and Medicine (CUSM), and University of California-Riverside Medical School (UCR). Finally, we have completed our multi year expansion of the program going from 14 residents up to 16 resident per year.

Describe how the residency program structures training that encourages graduates to practice as a health care team that includes licensed and non-physician practitioners.
(2500 max characters)

The Family Health Centers have a Patient Centered Health Home concept. Residents are assigned to patient care teams made up of medical assistants, nurses and attending physicians. The family health centers have embedded community service workers, RN case managers, and social workers that residents interact with.

Step 5

What training program components prepare primary care residents to address community behavioral health needs?
(2500 max characters)

There are embedded behavioral health counselors at the FHC. Family medicine residents receive training in diagnosis and treatment of common affective disorders in primary care, such as anxiety and depression, such that they can treat patients at the FHC's. Family medicine residents receive training in brief counseling techniques such that they can provide this therapy for patients at the FHC's. Family medicine residents receive training in behavioral health community resources such that they can provide patients information on this. Family medicine residents rotate on the primary care mobile clinic where they will see patients with behavioral health needs and are able to diagnose and treat them in this setting.

How does the residency program address the behavioral health needs of the patients they serve?

By providing residents the training as described above, the program quips residents the skills to address the primary care behavioral health needs for the communities they serve. The program has a long history of providing a behavioral health curriculum that is embedded in all three years of residency. Residents learn practical skills that hey can apply on a day-to-day basis for their patients.

Step 6

Funding and Expenditures

		Per Position		Total
Existing Program Slots	5	$	125,000.00	$ 625,000.00
Expanding Program Slots		$	300,000.00	
		$	975,000.00	

Program Expenditures (for academic year 2019/20)

Faculty Costs	$	2,848,000.00
Residency Stipends	$	3,122,732.50
Family Practice Center Costs		
Other Costs	$	1,885,938.79
Total Annual Expenditure	$	7,856,671.29
