Original Contract Amount	<u>Non-Financial Amendment</u>
Amendment Amount	<u>Non-Financial Amendment</u>
Total Contract Amount	<u>Non-Financial Amendment</u>
Cost Center	<u>Non-Financial Amendment</u>

Briefly describe the general nature of the contract: This MOA Amendment No. 1 is to extend the term for the original MOA. The MOA was originally entered into to address the Lytle Creek improvement project request, however, the MOA also allowed for additional improvement projects to be added to the list of San Bernardino County Flood Control District (District)-designated priority Section 408 Permit requests, with a deposit of additional funds to United States Army Corps of Engineers (USACE), at the discretion of the District Chief Flood Control Engineer. The MOA is currently set to expire on December 31, 2020; the proposed Amendment No. 1 will extend the MOA term by five years through December 31, 2025, allowing the USACE to continue to commit staff to work in an expeditious manner on those additional, future Section 408 Permit requests on a priority basis as determined by the District Chief Flood Control Engineer.
