and special projects requests on an as-needed basis to support County staff during times of increased workload or staff turnover to ensure building code compliance for the protection of public health, safety, and welfare in the County's unincorporated areas. BNS continues to receive a high volume of permit application requests and faces a significant number of vacancies, resulting in higher than anticipated expenses due to the utilization of on-call contract services as a temporary measure to meet the public's demands for services. The on-call service providers shall be utilized to maintain consistent and uninterrupted service levels. BNS is currently recruiting to fill all vacant positions to address the increased permit application requests.

On July 27, 2021, (Item No. 29), the Board of Supervisors (Board) approved the contracts in the Recommendation for the provision of on-call BNS plan review, permit inspection, emergency response, and special projects services, with an aggregate amount not-to-exceed \$5,250,000, for the period of August 13, 2021, through August 12, 2024, with two one-year options to extend the contract.

On June 13, 2023, (Item No. 46), the Board approved Amendment No. 1 to the contracts identified above, increasing the contract aggregate not-to-exceed total by \$2,500,000, from \$5,250,000 to \$7,750,000, with no change to the term of August 13, 2021, through August 12, 2024.

The proposed Amendment No. 2 will increase the contract aggregate not-to-exceed total by \$5,000,000, from \$7,750,000 to \$12,750,000. With no change made to the term of the contracts of August 13, 2021, to August 12, 2024. The recommended amendment will allow BNS to continue utilizing contractors on an as-needed basis to provide plan review, permit inspection, emergency response, and special projects services.
