The State mandates counties to develop and implement a Cultural Competency Plan (CCP). This Plan applies to all DBH services. Policies and procedures and all services must be culturally and linguistically appropriate. Contract agencies are included in the implementation process of the most recent State approved CCP for the County of San Bernardino and shall adhere to all cultural competency standards and requirements. Contractor shall participate in the County's efforts to promote the delivery of services in a culturally competent manner to all enrollees, including those with limited English proficiency and diverse cultural and ethnic backgrounds, disabilities, and regardless of gender, sexual orientation or gender identity. In addition, contract agencies will maintain a copy of the current DBH CCP.

1. Cultural and Linguistic Competency

Cultural competence is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers and professionals that enables that system, agency, or those professionals and consumer providers to work effectively in cross-cultural situations.

- a. To ensure equal access to quality care for diverse populations, Contractor shall adopt the Federal Office of Minority Health Culturally and Linguistically Appropriate Services (CLAS) national standards.
- b. Contractor shall be required to assess the demographic make-up and population trends of its service area to identify the cultural and linguistic needs of the eligible beneficiary population. Such studies are critical to designing and planning for providing appropriate and effective mental health and substance use disorder treatment services.
- c. Upon request, Contractor shall provide DBH with culture-specific service options available to be provided by Contractor.
- d. DBH recognizes that cultural competence is a goal toward which professionals, agencies, and systems should strive. Becoming culturally competent is a developmental process and incorporates at all levels the importance of culture, the assessment of cross-cultural relations, vigilance towards the dynamics that result from cultural differences, the expansion of cultural knowledge, and the adaptation of services to meet culturally-unique needs. Providing mental health and substance use disorder treatment services in a culturally appropriate and responsive manner is fundamental in any effort to ensure success of high quality and cost-effective behavioral health services. Offering those services in a manner that fails to achieve its intended result due to cultural and linguistic barriers does not reflect high quality of care and is not cost-effective.
- e. To assist Contractor's efforts towards cultural and linguistic competency, DBH shall provide the following:
 - i. Technical assistance to Contractor regarding cultural competency implementation.
 - ii. Demographic information to Contractor on service area for service(s) planning.
 - iii. Cultural competency training for DBH and Contractor personnel.

NOTE: Contractor staff is required to attend cultural competency trainings. Staff who do not have direct contact providing services to clients/consumers shall complete a minimum of two (2) hours of cultural competency training, and direct service staff shall complete a minimum of four (4) hours of cultural competency training each calendar year. Contractor shall upon request from the County, provide information and/or reports as to whether its provider staff completed cultural competency training.
 - iv. Interpreter training for DBH and Contractor personnel, when available.
 - v. Technical assistance for Contractor in translating mental health and substance use disorder treatment services information to

DBH's threshold language (Spanish). Technical assistance will consist of final review and field testing of all translated materials as needed.

- vi. Monitoring activities administered by DBH may require Contractor to demonstrate documented capacity to offer services in threshold languages or contracted interpretation and translation services.
- vii. Contractor's written organizational procedures must be in place to determine multilingual and competency level(s).
- viii. The Office of Cultural Competence and Ethnic Services (OCCES) may be contacted for technical assistance and training offerings at cultural_competency@dbh.sbcounty.gov or by phone at (909) 386-8223

Contractor shall permit authorized County, State, and/or Federal Agency(ies), through any authorized representative, the right to inspect or otherwise evaluate the work performed or being performed hereunder including subcontract support activities and the premises which it is being performed. Contractor shall provide all reasonable assistance for the safety and convenience of the authorized representative in the performance of their duties. All inspections and evaluations shall be made in a manner that will not unduly delay the work.

The Contractor shall notify the 2-1-1 San Bernardino County Inland Empire United Way of any changes in program

services, location, or contact information within ten (10) days of the change. Services performed as a result of being included in the 2-1-1 database are separate and apart from the services being performed under this Contract and payment for such services will not be the responsibility of the County.

Q. Damage to County Property, Facilities, Buildings, or Grounds (If Applicable)

Contractor shall repair, or cause to be repaired, at its own cost, all damage to County vehicles, facilities, buildings or grounds caused by the willful or negligent acts of Contractor or employees or agents of the Contractor. S. Strict Performance

Failure by a party to insist upon the strict performance of any of the provisions of this Contract by the other party, or the failure by a party to exercise its rights upon the default of the other party, shall not constitute a waiver of such party's right to insist and demand strict compliance by the other party with the terms of this Contract thereafter.

IV. Funding and Budgetary Restrictions

- A. This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State, County or Federal governments which may in any way affect the provisions or funding of this Agreement, including, but not limited to those contained in the Schedules

A and B. This Agreement is also contingent upon sufficient funds being made available by State, County or Federal governments for the term of the Agreement. Funding is by fiscal year period July 1 through June 30. Costs and services are accounted for by fiscal year. Any unspent fiscal year allocation does not roll over and is not available in future years. Each fiscal year period will be settled to Federal and/or State cost reporting accountability.

- B. The maximum financial obligation of the County under this Agreement shall not exceed the sum referenced in the Schedules A and B. The maximum financial obligation is further limited by fiscal year, funding source and service modalities as delineated on the Schedules A and B. Contractor understands that costs incurred for services not listed or in excess of the funding in the Schedule A shall result in non-payment to Contractor for these costs.
- C. Contractor agrees to renegotiate the dollar value of this Contract, at the option of the County, if the annualized projected units of service (minutes/hours of time/days) for any mode of service based on claims submitted through March of the operative fiscal year, is less than 90% of the projected minutes/hours of time/days for the modes of service as reported in the Schedules A and B.
- D. If the annualized projected units of service (minutes/hours of time/days) for any mode of service, based on claims submitted through March of the operative fiscal year, is greater than/or equal to 110% of the projected units (minutes/hours of time/days) reported in the Schedules A and B, the County and Contractor agree to meet to discuss the feasibility of renegotiating this Agreement. Contractor must timely notify the County of Contractor's desire to meet.
- E. County will take into consideration requests for changes to Contract funding, within the existing contracted amount. All requests must be submitted in writing by Contractor to DBH Fiscal no later than April 15 for the operative fiscal year. Requests must be addressed to the Deputy Director of Administrative Services, written on organizational letterhead, and include an explanation of the revisions being requested.
- F. If the Contractor provides services under the Medi-Cal program and if the Federal government reduces its participation in the Medi-Cal program, the County agrees to meet with Contractor to discuss renegotiating the total minutes/hours of time required by this Agreement.
- G. Contractor Prohibited From Redirections of Contracted Funds:

1. Funds under this Agreement are provided for the delivery of mental health services to eligible beneficiaries under each of the funded programs identified in the Scope of Work.  3. Contractor may not charge services delivered to an eligible beneficiary under one funded program to another funded program unless the recipient is also an eligible beneficiary under the second funded program.
- H. Contractor must establish and maintain effective internal controls over all funding awarded to Contractor by County to provide reasonable assurance that Contractor complies with Federal, State, and County statutes, regulations, and terms and conditions of the Contract.
- I. The maximum financial obligation under this contract shall not exceed \$115,075 for the contract term.
- J. The Schedules A and B will be submitted to, and approved by, the Director or designee at a later date.

V. Provisional Payment

- A. During the term of this Agreement, the County shall pay Contractor in arrears for eligible services provided under this Agreement and in accordance with the terms. County payments to Contractor for performance of eligible services hereunder are provisional until the completion of all settlement activities.
- B. County's adjustments to provisional payments to Contractor will be based upon State adjudication of Medi-Cal claims, contractual limitations of this Agreement, annual cost report, application of various County, State and/or Federal reimbursement limitations, application of any County, State and/or Federal policies, procedures and regulations and/or County, State or Federal audits, all of which take precedence over monthly claim reimbursement. State adjudication of Medi-Cal claims, annual cost report and audits, as such payments, are subject to future County, State and/or Federal adjustments.
- C. All expenses claimed to DBH must be specifically related to the contract. After fiscal review and approval of the billing or invoice, County shall provisionally pay Contractor, subject to the limitations and conditions specified in this Agreement, in accordance with the following:

All claims submitted shall clearly reflect all required information specified regarding the services for which claims are made. Contractor shall submit the organizations' general ledger with each monthly claim. Each claim shall reflect any and all payments made to Contractor by, or on behalf of patients. Claims for Reimbursement shall be completed and forwarded to DBH within ten (10) days after the close of the month in which services were rendered. Following receipt of a complete and correct monthly claim, the County shall make payment within a reasonable period. Payment, however, for any mode of service covered hereunder, shall be limited to a maximum monthly amount, which amount shall be determined as noted.
 1. For each fiscal year period (FYs 20/21, 21/22, 22/23, 23/24 and 24/25), no single monthly payment for Outreach, Education, and Support services (Modes 45 and 60) shall exceed one-twelfth (1/12) of the maximum allocations for the mode of service unless there have been payments of less than one-twelfth (1/12) of such amount for any prior month of the Agreement. To the extent that there have been such lesser payments, then the remaining amount(s) may be used to pay monthly services claims which exceed one-twelfth (1/12) of the maximum for that mode of service. Each claim shall reflect the actual costs expended by the Contractor subject to the limitations and conditions specified in this Agreement.
 - E. Contractor shall accept all payments from County via electronic funds transfer (EFT) directly deposited into the Contractor's designated checking or other bank account. Contractor shall promptly comply with directions and accurately complete forms provided by County required to process EFT payments.
 - F. Contractor shall be in compliance with the Deficit Reduction Act of 2005, Section 6032 Implementation. I. DEFINITION OF RECOVERY, WELLNESS, AND RESILIENCE AND REHABILITATIVE MENTAL HEALTH SERVICES

- A. Mental Health Recovery, Wellness, and Resilience (RWR) is an approach to helping the individual to live a healthy, satisfying, and hopeful life according to his or her own values and cultural framework despite limitations and/or continuing effects caused by his or her mental illness. RWR focuses on client strengths, skills and possibilities, rather than on illness, deficits, and limitations, in order to encourage hope (in staff and clients) and progress toward the life the client desires. RWR involves collaboration with clients and their families, support systems and involved others to help take control of major life decisions and client care. RWR encourages involvement or re-involvement of clients in family, social, and community roles that are consistent with their values, culture, and preferred language; it facilitates hope and empowerment with the goal of counteracting internal and external “stigma”; it improves self-esteem; it encourages client self-management of his/her life and the making of his/her own choices and decisions, it re-integrates the client back into his/her community as a contributing member; and it achieves a satisfying and fulfilling life for the individual. It is believed that all clients can recover, even if that recovery is not complete. This may at times involve risks as clients move to new levels of functioning. The individual is ultimately responsible for his or her own recovery choices.

For children, the goal of the RWR philosophy of care is to help children (hereinafter used to refer to both children and adolescents) to recover from mistreatment and trauma, to learn more adaptive methods of coping with environmental demands and with their own emotions, and to joyfully discover their potential and their place in the world. RWR focuses on a child’s strengths, skills, and possibilities rather than on illness, deficits and limitations. RWR encourages children to take increasing responsibility for their choices and their behavior, since these choices can lead either in the direction of recovery and growth or in the direction of stagnation and unhappiness. RWR encourages children to assume and to regain family, social, and community roles in which they can learn and grow toward maturity and that are consistent with their values and culture. RWR promotes acceptance by parents and other caregivers and by the community of all children, regardless of developmental level, illness, or disability, and it addresses issues of stigma and prejudice that are related to this. This may involve interacting with the community group’s or cultural group’s way of viewing mental and emotional problems and differences.

“Rehabilitation” is a strength-based approach to skills development that focuses on maximizing an individual’s functioning. Services will support the individual in accomplishing his/her desired results. Families, caregivers, human service agency personnel and other significant support persons should be encouraged to participate in the planning and implementation process in responding to the individual’s needs and desires, and in facilitating the individual’s choices and responsibilities.

II. PERSONS TO BE SERVED

It is expected that the client population will be reflective of the social, economic and ethnic characteristics of the communities served by the Contractor.

Each workforce member who receives information privacy and security training must sign a certification, indicating the member's name and the date on which the training was completed. These certifications must be retained for a period of ten (10) years from the final date of the contract period or from the date of completion of any audit, whichever is later.

The screening should be commensurate with the risk and magnitude of harm the employee could cause, with more thorough screening being done for those employees who are authorized to bypass significant technical and operational security controls. The Contractor shall retain each workforce member's background check documentation for a period of ten (10) years from the final date of the contract period or from the date of completion of any audit, whichever is later.

B. Technical Security Controls

1. Workstation/Laptop Encryption. All workstations and laptops that store DBH PHI or PI either directly or temporarily must be encrypted using a FIPS 140-2 certified algorithm which is 128bit or higher, such as Advanced Encryption Standard (AES). The encryption solution must be full disk unless approved in writing by DBH's Office of Information Technology.
2. Server Security. Servers containing unencrypted DBH PHI or PI must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.
3. Minimum Necessary. Only the minimum necessary amount of DBH PHI or PI required to perform necessary business functions may be copied, downloaded, or exported.
4. Removable Media Devices. All electronic files that contain DBH PHI or PI data must be encrypted when stored on any removable media or portable device (i.e. USB thumb drives, floppies, CD/DVD, Blackberry, backup tapes, etc.). Encryption must be a FIPS 140-2 certified algorithm which is 128bit or higher, such as AES.
5. Antivirus / Malware Software. All workstations, laptops and other systems that process and/or store DBH PHI or PI must install and actively use comprehensive anti-virus software / Antimalware software solution with automatic updates scheduled at least daily.

6. Patch Management. All workstations, laptops and other systems that process and/or store DBH PHI or PI must have all critical security patches applied with system reboot if necessary. There must be a documented patch management process which determines installation timeframe based on risk assessment and vendor recommendations. At a maximum, all applicable patches must be installed within thirty (30) days of vendor release. Applications and systems that cannot be patched within this time frame due to significant operational reasons must have compensatory controls implemented to minimize risk until the patches can be installed. Application and systems that cannot be patched must have compensatory controls implemented to minimize risk, where possible.
7. User IDs and Password Controls. All users must be issued a unique user name for accessing DBH PHI or PI. Username must be promptly disabled, deleted, or the password changed upon the transfer or termination of an employee with knowledge of the password. Passwords are not to be shared. Passwords must be at least eight characters and must be a non-dictionary word. Passwords must not be stored in readable format on the computer. Passwords must be changed at least every ninety (90) days, preferably every sixty (60) days. Passwords must be changed if revealed or compromised. Passwords must be composed of characters from at least three of the following four groups from the standard keyboard:
 - a. Upper case letters (A-Z)

The audit trail must be date and time stamped, must log both successful and failed accesses, must be read only, and must be restricted to authorized users. If DBH PHI or PI is stored in a database, database logging functionality must be enabled. Audit trail data must be archived for at least ten (10) years from the final date of the contract period or from the date of completion of any audit, whichever is later.
