COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES

Provide for the Safety, Health and Social Service Needs of County Residents.

FINANCIAL IMPACT

Approval of this item will not result in the use of Discretionary General Funding (Net County Cost). The cost of \$1,240,000 is funded by State Medi-Cal, Federal Medicare, private insurances, and other departmental revenue. Funding sources may change in the future pending any legislative activity related to the repeal and/or replacement of the Affordable Care Act. Adequate appropriation and revenue have been included in the Arrowhead Regional Medical Center (ARMC) 2025-26 budget and will be included in future recommended budgets.

BACKGROUND INFORMATION

The Contract with Certified Medical Sales, LLC (CMS) will allow for the provision of regular preventative maintenance and unexpected repairs of medical air compressors and waste anesthesia gas (WAG) systems at ARMC. These systems serve as a critical component of ARMC life support systems by delivering purified air to and removing WAG from all patient operation and surgery rooms. Medical air and WAG systems require strict scheduled maintenance and continuous monitoring by a licensed contractor to maintain compliance with all State and Federal laws.

ARMC recommends approval of the Contract for the safety, health and services needs of County residents through ensuring that ARMC has appropriate preventative maintenance and unforeseen repair services for the medical gas compressors and WAG systems at the hospital.
