The County shall pay the designated carrier directly. No shipping or handling costs may be added to the Contractor’s invoice to the County for any CDC Shipment. The County shall be responsible for the goods in each CDC Shipment and shall bear the risk of loss or damage while the Products are in transit. The County shall pay the Contractor for any Product lost or damaged in transit within 30 days of such loss or damage at the County’s price then in effect.
- F.4** Contractor shall bill the County for all services and expenses in accordance with the fee schedule set forth on Attachment A. Invoices shall be issued with a net thirty (30) day payment term with the corresponding Purchase Order number stated on the invoice.
- F.5** Contractor shall accept all payments from County via electronic funds transfer (EFT) directly deposited into the Contractor’s designated checking or other bank account. Contractor shall promptly comply with directions and accurately complete forms provided by County required to process EFT payments.
- F.6** County is exempt from Federal excise taxes and no payment shall be made for any personal property taxes levied on Contractor or on any taxes levied on employee wages. The County shall only pay for any State or local sales or use taxes on the services rendered or equipment and/or parts supplied to the County pursuant to the Contract.
- F.7** Costs for services under the terms of this Contract shall be incurred during the contract period except as approved by County. Contractor shall not use current year funds to pay prior or future year obligations.
- F.8** Funds made available under this Contract shall not supplant any federal, state or any governmental funds intended for services of the same nature as this Contract. Contractor shall not claim reimbursement or payment from County for, or apply sums received from County with respect to that portion of its obligations that have been paid by another source of revenue. Contractor agrees that it will not use funds received pursuant to this Contract, either directly or indirectly, as a contribution or compensation for purposes of obtaining funds from another revenue source without prior written approval of the County.
- F.9** Contractor shall adhere to the County’s Travel Management Policy (8-02 and 08-02SP1) when travel is pursuant to this Contract and for which reimbursement is sought from the County. In addition, Contractor is encouraged to utilize local transportation services, including but not limited to, the Ontario International Airport.

**G. INDEMNIFICATION AND INSURANCE REQUIREMENTS**

**G.1 Indemnification**

The Contractor will indemnify the County for losses arising from any claim made by any person or entity, other than the County, alleging that (i) use of any Product resulted in bodily injury to the extent such claims arise out of manufacturing or material defects in Products and provided that the Product was used in accordance with Contractor-approved labeling, or (ii) any Product infringes the intellectual property of any other person or entity.

If a credible claim is made or threatened, including without limitation the filing of a lawsuit against County, or County receives a demand or notice claiming actual or potential infringement or misappropriation of any third party intellectual property rights, County will use reasonable efforts to notify Contractor promptly of such lawsuit, claim or election. However, County's failure to provide or delay in providing such notice will relieve Contractor of its obligations only if and to the extent that such delay or failure materially prejudices Contractor's ability to defend such lawsuit or claim. County will give Contractor sole control of the defense (with counsel reasonably acceptable to County) and settlement of such claim; provided that Contractor may not settle the claim or suit absent the written consent of County unless such settlement (a) includes a release of all claims pending against County, (b) contains no admission of liability or wrongdoing by County, and (c) imposes no obligations upon County other than an obligation to stop using the goods or services that are the subject of the claim. The Contractor may not settle any claim without the consent of the County unless there is no finding or admission that the County has violated any law or the rights of any person or entity and the sole relief provided is monetary damages that the Contractor pays in full.

**G.2 Additional Insured**

Commercial general liability insurance policy shall include the County and its officers, employees, agents and volunteers as additional named insured with respect to liabilities arising out of the performance of services hereunder.

**G.3 Waiver of Subrogation Rights**

Where permitted by law and allowed by insurance, the Contractor and Contractor's insurance shall waive all rights of subrogation against the County, its officers, employees, agents, volunteers, contractors and subcontractors. .

**G.4 Policies Primary and Non-Contributory**

All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County for losses resulting from the sole negligence of Contractor.

**G.5 Severability of Interests**

The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the County or between the County and any other insured or additional insured under the policy.

**G.6 Proof of Coverage**

The Contractor shall furnish Certificates of Insurance to the County Department administering the Contract evidencing the insurance coverage upon written request. Contractor shall provide County Department with 30 days' advance written notice in the event of insurance termination or cancellation.

**G.7 Acceptability of Insurance Carrier**

With the exception of Contractor's product liability insurance (which is insured through a captive insurance Contractor), insurance shall be written by insurers authorized to do business in the State of California and with a minimum "Best" Insurance Guide rating of "A-".

**G.8 Failure to Procure Coverage**

In the event that any policy of insurance required under this contract does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right but not the obligation or duty to cancel the contract or obtain insurance if it deems necessary and any premiums paid by the County will be promptly reimbursed by the Contractor or County payments to the Contractor will be reduced to pay for County purchased insurance.

**G.9** The Contractor agrees to provide insurance set forth in accordance with the requirements herein. Without in anyway affecting the indemnity herein provided and in addition thereto, the Contractor shall maintain throughout the contract term the following types of insurance with limits as shown:

**G.9.1** Workers' Compensation/Employer's Liability – Statutory Workers' Compensation insurance and Employer's Liability with limits of \$5,000,000.

**G.9.2** Commercial General Liability Insurance – The Contractor shall maintain Commercial General Liability Insurance covering all operations performed by or on behalf of the Contractor providing coverage for bodily injury and property damage with a limit of \$5,000,000 per occurrence and \$10,000,000 aggregate.

**G.9.3** Commercial Automobile Liability Insurance – Commercial automobile liability insurance coverage shall be written on ISO Business Auto coverage form for all owned, hired and non-owned automobiles or symbol 1 (any auto). The policy shall have a combined single limit of \$5,000,000.

**G.9.4** Product Liability Insurance – Product Liability insurance with limits of \$10,000,000 each occurrence and \$10,000,000 aggregate.

## **H. RIGHT TO MONITOR AND AUDIT**

**H.1** The State and Federal government shall have absolute right to review and audit all records, books, papers, documents, corporate minutes, and other pertinent items as requested, and shall have absolute right to monitor the performance of Contractor in the delivery of services provided under this Contract. Contractor shall give full cooperation, in any auditing or monitoring conducted. Contractor shall cooperate with the County in the implementation, monitoring, and evaluation of this Contract and comply with any and all reporting requirements established by the County. Additionally, to verify that the County has complied with its obligations under this agreement, the Contractor may audit all relevant books and records of the County. Audits will be on reasonable notice, during regular business hours and limited to one in any 12-month period. Unless in response to a governmental investigation, audits will be limited to the purchases of Products within three years prior to the date of the audit request.

**H.2** All records pertaining to services delivered and all fiscal, statistical and management books and records shall be available for examination and audit by County representatives for a period of three years after final payment under this Contract or until all pending County, State and Federal audits are completed, whichever is later.

## **I. CORRECTION OF PERFORMANCE DEFICIENCIES**

**I.1** Failure by Contractor to comply with any of the provisions, covenants, requirements or conditions of this Contract shall be a material breach of this Contract. The County will neither deduct nor set off, from payments under this Contract, amounts allegedly owed to the County by the Contractor under a separate agreement or cause of action.

**I.2** In the event of a non-cured breach, County may, at its sole discretion and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:

**I.2.1** Afford Contractor thereafter a time period within which to cure the breach, which period shall be established at the sole discretion of County; and/or

**I.2.2** Discontinue reimbursement to Contractor for and during the period in which Contractor is in breach, which reimbursement shall not be entitled to later recovery; and/or

**I.2.3** Withhold funds pending duration of the breach; and/or

**I.2.4** Terminate this Contract immediately and be relieved of the payment of any consideration to Contractor. In the event of such termination, the County may proceed with the work in any manner deemed proper by the County. The cost to the County

shall be deducted from any sum due to the Contractor under this Contract and the balance, if any, shall be paid by the Contractor upon demand.
