Pre-Award Planning Costs can only be backdated up to three years from the date of application submission to NPS. ORLP projects are limited to 25% of the total project cost and LWCF has no limit. Remember, no ground disturbance can occur before the award is made.  Examples include Section 106, Design Costs, CEQA, and NEPA.	year each line cost is estimated to be complete. If the project is selected, these dates are flexible and can change throughout the grant performance period.  Grantee/Post Award: Update the month and year of each line with each progress/status report and reimbursement request to	percentage complete of each line at the time of application. Grantee/Post Award: Update the percentage	Describe the methodology for how each cost was estimated. For example, engineering estimates, prior construction experience, etc.	Example: For completion of the project.

A. Name of the Funding Source	B. Match Amount/Value
List the name of the funding source contributing to the overall total project cost (match and grant). For example, Statewide Park (SPP), General Fund, Measure A - Park & Recreation, etc.	List the dollar value of each funding source. If requesting a maximum and minimum grant range, use the highest amount of the range to calculate the funding source amounts. Both match and grant must be eligible sources for reimbursement under the program.

C. Source (State, Local City/County, Federal, or Private)	Type (Cash or In-kind)	E. Date Secured (before the application deadline)
List whether the funding source is state funding, local (for example, city or county), private, or federal.  Note: there are strict limits on what federal funding can be used as a match. Federal sources are generally only eligible if named explicitly in the enabling legislation authorizing their use as an LWCF match (e.g., CDBG and FAST Act). If using federal funds please contact your project officer.	Include the source's type, such as donations, grants, tax measures, or general funds.	List the commitment date for each fund source secured or committed to the grant project. All funding sources must be secured <b>before</b> the application deadline.
