(Presenter: Daniel Muñoz, Interim EMS Administrator, 388-5807)

COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES

Provide for the Safety, Health, and Social Service Needs of County Residents.

Pursue County Goals and Objectives by Working with Other Agencies and Stakeholders.

FINANCIAL IMPACT

Approval of this item will not result in the use of Discretionary General Funding (Net County Cost). Issuance of Emergency Medical Services (EMS) Aircraft Medical Control permits to the entities in Recommendation Nos. 1 through 5, as promulgated by Inland Counties Emergency Medical Agency (ICEMA) Ordinance No. 17-01 and ICEMA Resolution No. 2017-42, is projected to generate revenue of approximately \$63,680 in 2023-24 for the recovery of costs directly associated with the provision of medical control for EMS Aircraft providers. This revenue will be included in ICEMA's 2023-24 recommended budget.

No permit revenue will be received from the State of California, doing business as California Highway Patrol – Inland Division Air Operations, as this provider is classified by the State EMS Authority, pursuant to California Code of Regulations, Title 22, Division 9, Section 190288, and is statutorily exempt from providing cost recovery.

BACKGROUND INFORMATION

ICEMA, as the local EMS agency, is responsible for planning and ensuring effective EMS for the Counties of San Bernardino, Inyo, and Mono, including EMS Aircraft within its EMS plan. ICEMA administers State and local policies and regulations governing the provision of

emergency medical care to the sick and injured at the scene of an emergency and during transport to an acute care hospital.

ICEMA is requesting approval to issue EMS Aircraft Medical Control permits to the six entities in the Recommendation to provide EMS Aircraft services in San Bernardino County for the period of July 1, 2023 through June 30, 2024.

On April 18, 2017 (Item No. 73), the ICEMA Board of Directors (Board) adopted Ordinance No. 17-01 pertaining to the medical control of EMS Aircraft services and providers with San Bernardino, Inyo, and Mono Counties. The ordinance established a revised permit policy and fee resolution related to EMS Aircraft provider authorization and requires Board approval to issue EMS Aircraft Medical Control permits. The policy outlines the requirements for authorization to provide EMS Aircraft services and established a mechanism of ensuring EMS providers meet established criteria for designation as an EMS Aircraft provider. ICEMA has determined that the six entities have submitted permit applications that meet established requirements including, but not limited to, the following:

- Compliance with the California EMS Aircraft Personnel Requirements
- Participation in ICEMA Electronic Patient Care Reporting Data System
- Compliance with ICEMA Policy No. 7020 – EMS Aircraft Standard Drug & Equipment List
- Compliance with all Federal, State, County and ICEMA laws, regulation, guidelines, and policies

PROCUREMENT

Not applicable.
