In the event of any conflict or inconsistency between the Order and these Terms (including Schedule 1), the Order shall control provided that it specifically identifies the provisions of these Terms that it intended to modify. In the event of any conflict or inconsistency between these Terms and Schedule 1, Schedule 1 shall control. The Parties agree that each Order shall reference these Terms and, following acceptance, these Terms will be made a part of the applicable Order. Any alterations, variations, modifications, or waivers of the provisions of these Terms, shall be valid only when reduced to writing, executed and approved by the person(s) authorized to do so on behalf of GPMS and County.

Any required design or installation changes due to aftermarket or other modifications to the aircraft, will be billed on a time and materials basis at then current rates. GPMS acknowledges that under Government Code section 84308, GPMS is prohibited from making campaign contributions of more than \$250 to any member of the County Board of Supervisors or other County elected officer, including County Sheriff, for 12 months after the County's consideration of the Agreement. In the event of a proposed amendment to this Agreement, GPMS will provide the County a written statement disclosing any campaign contribution(s) of more than \$250 to any member of the County Board of Supervisors or other County elected officer within the preceding 12 months of the date of the proposed amendment. Campaign contributions include those made by any agent/person/entity on behalf of GPMS or by a parent, subsidiary or otherwise related business entity of GPMS.

GPMS TERMS AND CONDITIONS**1. TERMINOLOGY**

Orders are accepted and the Hardware and Services are delivered by GPMS only upon and subject to these terms and conditions. Neither Party may introduce any additional terms or attempt to vary or otherwise modify these terms and conditions without the mutual agreement of both Parties in writing. All capitalized terms not defined in these terms shall have the meanings given to such terms in the Service & Purchase Terms to which these terms are attached.

2. PLACEMENT AND ACCEPTANCE OF ORDERS

All orders shall be placed by executing an Order and detailing the desired quantity of Hardware, proposed shipping address and date, tail number of the Aircraft (one per Hardware), and price of the Order reflecting the agreed pricing and including the per tail number Software Service price for Services and the Term of Services. GPMS shall have no obligation to perform under a submitted order form unless and until its terms are accepted by GPMS in writing.

3. PRICE

The price payable by the County for each delivery shall be the price agreed upon in the applicable Order. GPMS reserves the right to vary its price upon written notice to County at any time and from time to time. Service fees may be adjusted annually to a maximum of 5%. The price is exclusive of all taxes (other than taxes on GPMS's income) including without limitation value added, excise taxes or import or export duties and any other taxes relating to the sale, use or the delivery of the Hardware and any related Services (collectively, the "Taxes"). County shall be solely responsible for payment of the Taxes. In the event County believes that it is exempt from obligations to pay such Taxes, County shall demonstrate such exemption to GPMS's reasonable satisfaction. Shipping and freight costs are not included in the price and may be invoiced separately by GPMS to County.

4. DELIVERY

GPMS shall use commercially reasonable efforts to provide delivery on the date requested by the County in the Order but such date is not guaranteed. GPMS shall in no case be liable for damages nor shall the County have any right to rescind the Order for any delay in delivery. If the County shall refuse delivery of any Hardware made during normal shipment acceptance hours the County shall pay all of GPMS's cost associated with such failure to accept the shipment. Any Hardware purchased under these terms will be shipped from either GPMS's or its third-party contractor's facility to the accepted County shipping address from the applicable Order.

5. RISK/RETENTION OF TITLE

The risk in respect of all the Hardware supplied under these terms and conditions shall pass to the County upon the delivery of the Hardware to County. Notwithstanding such risk allocation and any delivery, title to the Hardware shall not pass to the County until the purchase price of the Hardware comprised in this or any other terms and conditions made between GPMS and the County shall have been paid or satisfied in full.

6. TERMS OF PAYMENT

Invoices shall be paid within sixty (60) days of the date of invoice. County will reconcile and make Software Services payments on all Services once per calendar year in advance, or other interval in GPMS's sole discretion. Each County remittance shall include the number of the invoice(s) to which such remittance relates.

7. WARRANTY

(A) Subject to the disclaimers and limitations set forth herein and in the terms and conditions on Schedule 1, GPMS warrants the Hardware will be free from defects in material and workmanship and that the Hardware and Services will conform to applicable GPMS Documentation; provided, however that the foregoing warranty shall be provided only to County and only for the period of time that County maintains a contractual commitment to GPMS for receipt of the Services and the associated payment of the Service fee identified in the Order. In the event of a breach of warranty, County's sole remedy shall be, at GPMS's option, either repair or replacement of the Hardware (or component thereof). Defective Hardware will be returned by County to GPMS at County's expense. County will provide all cooperation that GPMS reasonably requests to assist GPMS with identification of the cause of any failures. This warranty shall terminate upon the expiration, termination, or County's breach of a contractual commitment for receipt of the Services and the associated payment of a Service fee in accordance with the applicable Order.

(B) Notwithstanding anything to the contrary contained herein, GPMS shall not be responsible for any Hardware or Services where there has been (i) improper installation or testing, (ii) failure to provide a suitable operating environment; (iii) use of the Hardware for purposes other than that for which it was designed; (iv) failure to monitor or operate the Hardware in accordance with GPMS's instructions, specifications and good industry practice; (v) unauthorized attachment or removal or alteration of any part of the Hardware; (vi) unusual mechanical, physical or electrical stresses; (vii) modifications or repairs done by entities other than GPMS; (viii) mishandling during shipment of the Hardware; (ix) failure to notify GPMS of the alleged breach of warranty within thirty (30) days of County's discovery of a defect in material or workmanship; and/or (x) any other abuse, misuse, neglect, or accident not attributable to GPMS.

Revision Date: November 12, 2024

(C) THE WARRANTY SET FORTH IN THIS SECTION IS THE SOLE AND EXCLUSIVE WARRANTY PROVIDED FOR THE HARDWARE AND SERVICES AND IS GIVEN IN PLACE OF (I) ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY, NONINFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE, (II) ANY WARRANTY, EXPRESS OR IMPLIED, OF SOFTWARE OR RELATED SERVICES, AND (III) ANY OBLIGATION, LIABILITY, RIGHT, CLAIM OR REMEDY IN CONTRACT OR IN TORT, INCLUDING HARDWARE LIABILITIES BASED ON STRICT LIABILITY, NEGLIGENCE OR IMPLIED WARRANTY IN LAW. WITHOUT LIMITING THE FOREGOING, WE PROVIDE NO WARRANTY OR UNDERTAKING, AND MAKE NO REPRESENTATION OF ANY KIND THAT THE HARDWARE OR SERVICES WILL MEET YOUR REQUIREMENTS, ACHIEVE ANY INTENDED RESULTS, BE COMPATIBLE OR WORK WITH ANY OTHER APPLICATIONS, SOFTWARE, SYSTEMS OR SERVICES, OPERATE WITHOUT INTERRUPTION, MEET ANY PERFORMANCE OR RELIABILITY STANDARDS, BE ERROR FREE, ARE SECURE, OR THAT ANY ERRORS OR DEFECTS CAN OR WILL BE CORRECTED.

(D) By using the Hardware and Services, County acknowledges and agrees that the Hardware and Services (i) are merely support tools, (ii) that not all faults or failures will be identified by the Hardware and Services, and (iii) that any maintenance recommendations made by GPMS personnel, Hardware or Services are merely suggestions. County acknowledges and agrees that it must exercise its own best judgment regarding, and will have sole liability for, whether and how to implement any suggested maintenance recommendations. The Hardware and Services are not a substitute for (a) normal maintenance practices or (b) regulatory agency or aircraft manufacturer required or recommended maintenance intervals. GPMS makes no warranty regarding the impact of use of the Hardware or Services on the use, operation, or performance of the Aircraft and County acknowledges and agrees that GPMS shall have no liability associated with performance or failure to perform of the Aircraft.

8. LIMITATION OF LIABILITY

COUNTY RECOGNIZES THAT THE PRICE PAID FOR THE HARDWARE AND SERVICES COVERED HEREIN MAY BE SUBSTANTIALLY DISPROPORTIONATE TO THE VALUE OF THE ASSETS, HARDWARE OR SERVICES PROVIDED BY COUNTY. FOR THE EXPRESS PURPOSE OF LIMITING THE LIABILITY OF GPMS TO AN EXTENT WHICH IS REASONABLY PROPORTIONATE TO THE COMMERCIAL VALUE OF THIS TRANSACTION, COUNTY AGREES TO THE FOLLOWING LIMITATIONS ON GPMS'S LIABILITY:

(A) IN NO EVENT SHALL GPMS BE LIABLE FOR ANY INCIDENTAL, INDIRECT, CONSEQUENTIAL OR SPECIAL DAMAGES. GPMS SHALL NOT BE LIABLE FOR ANY CLAIM OR LOSS ASSOCIATED WITH ANY CONSEQUENTIAL OR INCIDENTAL INJURY REGARDLESS OF ITS BASIS OR FOR ANY OTHER DAMAGES, REGARDLESS OF THEIR BASIS, WHETHER IN CONTRACT OR IN TORT (INCLUDING NEGLIGENCE ON THE PART OF GPMS, ITS EMPLOYEES OR ITS AGENTS) ARISING OUT OF OR IN CONNECTION WITH ANY DEFECT OF THE HARDWARE, SERVICES, OR ANY ACT, OMISSION, NEGLIGENCE OR DEFAULT OF GPMS, ITS EMPLOYEES, OR AGENTS.

(B) IN NO EVENT WILL GPMS BE LIABLE FOR ANY USE, INTERRUPTION, DELAY OR INABILITY TO USE THE SERVICES, LOST REVENUES OR PROFITS, DELAYS, BUSINESS OR GOODWILL, LOSS OR CORRUPTION OF DATA, LOSS RESULTING FROM SERVICE FAILURE, MALFUNCTION OR SHUTDOWN, FAILURE TO ACCURATELY TRANSFER, READ OR TRANSMIT INFORMATION, FAILURE TO UPDATE OR PROVIDE CORRECT INFORMATION, INCOMPATIBILITY OR PROVISION OF

INCORRECT COMPATIBILITY INFORMATION OR BREACHES IN SECURITY, WHETHER ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, REGARDLESS OF WHETHER SUCH DAMAGES WERE FORESEEABLE AND WHETHER OR NOT GPMS WAS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

(C) IN NO EVENT SHALL GPMS'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT, WHETHER ARISING OUT OF OR RELATED TO BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, EXCEED TEN PERCENT (10%) OF THE ANNUAL REVENUE'S RECEIVED BY GPMS BY COUNTY FOR THE HARDWARE OR SOFTWARE SERVICES PURCHASED UNDER THIS AGREEMENT DURING THE ONE (1) YEAR PERIOD PRECEDING THE EVENT GIVING RISE TO THE CLAIM. THE FOREGOING LIMITATION SHALL NOT APPLY IN THE CASE OF GPMS'S INDEMNIFICATION OBLIGATIONS, FRAUD, GROSS NEGLIGENCE, WILLFUL MISCONDUCT, OR VIOLATION OF LAW.

(D) COUNTY ACKNOWLEDGES AND AGREES THAT THE LIMITATIONS SET FORTH IN THIS AGREEMENT FORM A FUNDAMENTAL PART OF THIS AGREEMENT AND THESE LIMITATIONS SHALL APPLY EVEN IF COUNTY'S REMEDIES UNDER THIS AGREEMENT FAIL OF THEIR ESSENTIAL PURPOSE.

9. INDEMNITY AND INSURANCE

(A) GPMS will indemnify, defend, and hold harmless County and its officers, employees, agents and volunteers, from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses for infringement of any United States patent, copyright, trademark or trade secret (Intellectual Property Rights) by any GPMS Hardware or Software Services; provided, however that GPMS shall have no obligations hereunder arising from any infringement caused by (i) use of the GPMS Hardware or Software Services by County outside of the scope of this Agreement or (ii) any modification of the GPMS Hardware or Software Services by or on behalf of County. If a credible claim is made or threatened, including without limitation the filing of a lawsuit against County, or County receives a demand or notice claiming actual or potential infringement or misappropriation of any Intellectual Property Rights, County will notify GPMS promptly of such lawsuit, claim or election. However, County's failure to provide or delay in providing such notice will relieve GPMS of its obligations only if and to the extent that such delay or failure materially prejudices Consultant's ability to defend such lawsuit or claim. County will give GPMS sole control of the defense (with counsel reasonably acceptable to County) and settlement of such claim; provided that GPMS may not settle the claim or suit absent the written consent of County unless such settlement (a) includes a release of all claims pending against County, (b) contains no admission of liability or wrongdoing by County, and (c) imposes no obligations upon County other than an obligation to stop using the goods or services that are the subject of the claim. In the event that GPMS fails to or elects not to defend County against any claim for which County is entitled to indemnity by GPMS, then GPMS shall reimburse County for all reasonable attorneys' fees and expenses associated with County's defense of itself within sixty (60) days from date of invoice or debit memo from County. In the event that GPMS fails to make timely payment for such invoice amount, and has not disputed (in good faith) such amount, then County will be entitled to deduct any unpaid invoice or debit memo amount from any amounts owed by County to GPMS.

(B) If, in GPMS's opinion, any GPMS Hardware or Software Services become, or are likely to become, the subject of a claim of infringement of Intellectual Property Rights, GPMS may, at its option: (i) procure for County the right to continue using the goods or receiving the services; (ii) replace or modify the goods or services to be non-infringing, without incurring a material diminution in performance or function; or (iii) if neither of the foregoing is feasible, in the reasonable judgment of GPMS, County shall cease use of the goods or services upon written notice from GPMS, and GPMS shall provide County with a pro-rata refund of the unearned fees paid by County to GPMS for such goods or services.

(C) The rights and remedies set forth in Section 9 (A) and (B) shall be County's sole and exclusive remedies for any infringement by the GPMS Hardware or Software Services of any intellectual property rights.

(D) GPMS shall secure and maintain throughout the Agreement term the types of insurance with limits as shown and under the requirements set forth in Attachment A, as attached hereto and incorporated herein.

10. FORCE MAJEURE

Neither party shall be liable to any person for failure to perform any of its obligations under these Terms when the failure is caused in whole or in part by the occurrence of any contingency beyond the reasonable control of such party, including but not limited to war or hostility; sabotage, insurrection,

riot or other act of civil disobedience, crime, tort or other unlawful act; act of a public enemy; failure or delay in transportation; act of any government or agency, subdivision or branch thereof; accident, fire, explosion, flood, storm, pandemic or act of God.

11. INSTALLATION OF THE HARDWARE

In connection with the purchase of the Hardware, County acknowledges and agrees that it will be required to install the Hardware on the applicable Aircraft(s). County acknowledges and agrees that (i) it will provide competent personnel to complete such installation; (ii) will follow all installation instructions provided with the Hardware; and (iii) sale of the Hardware and Services hereunder does not constitute a commitment by GPMS to install the Hardware.

12. TERMINATION

(A) County may terminate the Software Services Term in whole or in part upon at least 30 days' written notice to GPMS at any time.

(B) Either Party may terminate the Software Services Term in the event that the other Party commits a material breach of these Terms and fails to remedy such breach (if capable of remedy) within a period of (i) five (5) days for breach of payment obligations; and (ii) thirty (30) days for any other breach, from receipt of a notice in writing from the non-breaching Party requesting such remedy.

(C) GPMS may suspend County's access to the Services without notice if County violates any material provision of these Terms, including but not limited to failure to make timely payment.

(D) Upon termination of the Software Services Term, GPMS shall be entitled, without prejudice to its other rights hereunder, to terminate further deliveries of Hardware. Upon termination of the Software Services Term for any reason, the licenses granted hereunder shall immediately terminate, and County shall cease using the Services. Upon termination for any reason, County shall promptly pay to GPMS all unpaid fees, expenses or other amounts owed hereunder. In the event of terminations in whole or in part by County in accordance with Sections 12(A) or by GPMS in accordance with Section 12(B), the balance of all effected Service fees for the period of time constituting the remainder of the then-current initial or renewal term as if the Software Services Term had not been terminated.

13. LICENSE GRANT AND SCOPE

Subject to and conditioned upon County's strict compliance with all terms and conditions set forth in the Terms, and solely for as long as County purchases the Services, GPMS hereby grants County a non-exclusive, non-transferable, non-sublicensable, limited license to, during the Software Services Term identified in the applicable Order, access and use the Services and any Documentation, solely in connection with County's internal business purposes to monitor the status and use of the Hardware. Full use of the Services is dependent upon County's use of adequate and compatible internet access, software and hardware. County is responsible for securing such access, software and equipment, and County's failure to do so could affect County's access to, and the functioning of, the Services. Without limiting the foregoing, County acknowledges that the Hardware and Services rely on access to third party cellular service providers for data transmission to offload Data at the end of an operation. Thus, the Services may be affected by the performance of these third parties and their systems.

14. USE RESTRICTIONS

County shall not, and shall not allow, encourage, enable or solicit any individual to, directly or indirectly: (a) use (including make any copies of) the Services or Documentation beyond the scope of the license granted under Section 14; (b) use any information or data obtained through the Services for unlawful or infringing purposes; (c) provide any third party who is not an Authorized User (as defined below) with access to or use of the Services, Documentation, or Data; (d) copy, modify, translate, adapt or otherwise create derivative works or improvements, whether or not patentable, of the Services or Documentation or any part thereof; (e) combine the Services or Documentation or any part thereof with, or incorporate the Services or Documentation or any part thereof in, any other programs or services; (f) reverse engineer, disassemble, decompile, decode or otherwise attempt to derive or gain access to the source code of the Services or any part thereof; (g) remove, delete, alter or obscure any trademark, copyright, patent or other intellectual property or proprietary rights notices provided on or with the Services or Documentation, including any copy thereof; (h) rent, lease, lend, sell, sublicense, assign, distribute, publish, transfer or otherwise make available the Services or Documentation, or any features or functionality of the Services, to any Third Party for any reason; (i) use the Services or Documentation in violation of any law, regulation or rule; (j) remove, disable, circumvent, or otherwise create or implement any workaround to any copy protection or security features in the Services or Documentation; or (j) use the Services or Documentation for purposes of competitive analysis of a competing Hardware or service or any other purpose that is to GPMS's commercial disadvantage.

15. RESPONSIBILITY FOR USE OF SERVICES

County shall safeguard the confidentiality of its password and login

information and County is responsible and liable for all activity and uses of the Services and Documentation through its passwords and/or in conjunction with the Hardware owned by County and GPMS is not responsible for any damage or injury caused by County's failure to monitor which employees, contractors or other individuals County permits to access and use the Services, or their acts or omissions in using the Services, or County's failure to keep its information confidential. Any act or omission of County's employees, contractors or other individuals that County permits to access the Services (collectively "**Authorized Users**") that would constitute a breach of these Terms if taken by County will be deemed a breach of these Terms by County. County shall make all Authorized Users aware of these Terms as applicable to such Authorized Users' use of the Services and cause Authorized Users to comply with such provisions. Without limiting any other provision of these Terms, County agrees not to use the Services or Documentation to upload, post, email or otherwise transmit any materials that are objectionable or in violation of any applicable laws or regulations. County's right to use and/or access the Services and Documentation is conditioned upon County's compliance with the standards and conduct guidelines set forth above.

County acknowledges and agrees that GPMS has no liability or responsibility to County or to any other party for any damages, costs, or expenses arising out of or relating to County's (i) failure to install the Hardware in accordance with STC instructions provided at delivery in connection with the 8130-3 Airworthiness Certificates for the Hardware; or (ii) failure to use or operate the Hardware and Software Services in accordance with the Documentation and other instructions provided, from time to time, by GPMS.

16. MONITORING, AUDIT AND EXPECTATIONS OF PRIVACY

The Services and associated Hardware are subject to monitoring by GPMS at all times to ensure proper functioning, to prevent unauthorized use and violations of laws and regulations, to deter criminal activity, and for other business purposes. As a user of the Services, County hereby acknowledges and agrees that any information placed in or collected by the Hardware or Services is subject to monitoring and is not subject to any expectation of privacy from GPMS beyond the obligations of applicable law and GPMS's applicable policies.

17. COLLECTION AND USE OF DATA

County acknowledges that when it uses the Services, GPMS may use automatic means (including, for example, cookies and web beacons) to collect information about County and about County's and its Authorized Users use of the Services and related Hardware. By using the Hardware and Services and providing information to or through the Services, County consents to all actions taken by GPMS with respect to County's information in compliance with GPMS's applicable policies and applicable law. County acknowledges and agrees that GPMS shall have the right to share Data with GPMS's third party partners unless County informs GPMS in writing that it elects to opt out of such share. County further acknowledges and agrees that GPMS shall have the right to use any and all Data to support the performance of its obligations under these Terms, to improve its Hardware and Services, to provide the Services to any entity or person who acquires a Hardware from County, and for any other business purpose for which aggregated and/or de-identified Data could be used. For the avoidance of doubt, Data is owned by the person or entity who holds a license from GPMS for the Services associated with the Hardware from which such Data was derived and use of such Data by GPMS shall be limited to the uses permitted under these Terms.

18. UPDATES

GPMS may from time to time in its sole discretion develop and provide updates to the Documentation or Services, which may include upgrades, bug fixes, patches and other error corrections and/or new features (collectively, including related documentation, "**Updates**"). Updates may also modify or delete in their entirety certain features and functionality of the Services. County agrees that GPMS has no obligation to provide any Updates or to continue to provide or enable any particular features or functionality of the Services. From time to time the Services will be inaccessible due to Updates or other causes such as maintenance. GPMS will endeavor to notify County of such in-availability in advance, however, there may be situations when this is not possible.

19. INTELLECTUAL PROPERTY

County acknowledges that any drawings, sketches, quotations and other documents supplied by GPMS with the Hardware and the actual design and construction of the Hardware together with the code and format of the Services constitutes valuable intellectual property of GPMS and, as such, County agrees not to (a) challenge, damage or otherwise threaten such rights; (b) use or disclose, directly or indirectly, such materials, design and construction to any third parties without the prior written consent of GPMS; or (c) copy or otherwise manufacture the Hardware, Services, Documentation, or any other materials distributed with or otherwise relating to the Hardware or Services. County does not acquire any ownership

interest in the Services or Documentation under these Terms, or any other rights thereto other than to use the Services and Documentation in accordance with the license granted, and subject to all terms, conditions and restrictions, under these Terms. GPMS reserves and shall retain entire right, title and interest in and to the Hardware, Services and Documentation and all intellectual property rights arising out of or relating thereto. County shall promptly notify GPMS if County becomes aware of any infringement of GPMS's intellectual property rights in the Hardware, Services or Documentation, and County agrees to fully cooperate with GPMS, at GPMS's sole expense, in any legal action taken by GPMS against a third party to enforce GPMS's intellectual property rights.

20. CONFIDENTIALITY

21. UNITED STATES GOVERNMENT EXPORT REGULATIONS

County and GPMS agree to comply with all applicable governmental regulations which control the export or re-export of commercial, military and/or dual-use Hardware and technology which are obtained from GPMS under these Terms. Without limiting the foregoing, County and GPMS agree to comply with all laws and regulations, including but not limited to the U.S. Export Administration Act (50 USC 2401, et seq.), the U.S. Arms Export Control Act of 1976 (22 USC 2751-2779), and the Canadian Export and Import Permits Act (RS Chap.
