**ORDINANCE NO.4501**

**An ordinance of San Bernardino County, State of California, to repeal Chapters 1, 1.5, 2, 3, 4, 5, 13, 14, 15, 18, 19, 20 and 21 of Division 3 of Title 6 of the San Bernardino County Code, and to add Chapters 1, 1.5, 2, 3, 4, 5, 6, 13, 14, 15, 18, 19, 20 and 21 to Division 3 of Title 6 of the San Bernardino County Code, relating to adoption and amendment of the codes set forth in the 2025 California Building Standards Code and the adoption of the 2024 International Property Maintenance Code, and the 2024 International Swimming Pool and Spa Code.**

The Board of Supervisors of the County of San Bernardino, State of California, ordains as follows:

**SECTION 1.** The Board of Supervisors of San Bernardino County finds as follows:

(a) The purpose of this ordinance is to repeal current applicable chapters of Division 3 of Title 6 of the San Bernardino County Code, which adopt by reference certain codes and appendices set forth in the 2022 California Building Standards Code, and to adopt by reference updated editions of these codes and appendices set forth in the 2025 California Building Standards Code (Title 24 of the California Code of Regulations), including the California Wildland-Urban Interface Code, 2025 Edition, contained in Part 7 of Title 24 of the California Code of Regulations.

(b) The purpose of this ordinance is also to repeal current applicable chapters of Division 3 of Title 6 of the San Bernardino County Code, which adopt by reference the 2021 International Property Maintenance Code and the 2021 International Swimming Pool and Spa Code, and to adopt by reference updated 2024 Editions of these codes.

(c) Only those appendices of the respective codes that are expressly identified and adopted by reference are adopted by San Bernardino County (County) pursuant to this ordinance.

(d) The adoption of amendments to some of these codes are reasonably necessary due to local climatic, geological, or topographical conditions, including, when

1 applicable, environmental conditions. Where the Board of Supervisors (Board) finds that  
2 amendments are necessary, this ordinance makes express findings supporting the  
3 amendment, identifies the section of the applicable code being amended, and  
4 distinguishes the amended text from the text of the code not otherwise being amended.

5 (e) Adoption of such codes provide minimum requirements and standards for  
6 the protection of the public safety, health, property, and welfare in the unincorporated  
7 area of the County.

8 (f) This ordinance is adopted under the authority of Government Code section  
9 50022.2 and Health and Safety Code sections 17958, 17958.5, 17958.7 and 18941.5,  
10 and is exempt from the California Environmental Quality Act (CEQA) in that, pursuant to  
11 CEQA Guidelines section 15061(b)(3), it can be seen with certainty that there is no  
12 possibility that the ordinance may have a significant effect on the environment.

13  
14 SECTION 2. Chapters 1, 1.5, 2, 3, 4, 5, 13, 14, 15, 18, 19, 20 and 21 of Division 3  
15 of Title 6 of the San Bernardino County Code are repealed.

16  
17 SECTION 3. Chapter 1 is added to Division 3 of Title 6 of the San Bernardino  
18 County Code, to read:

19 **CHAPTER 1: CALIFORNIA BUILDING CODE**

20 **Sections:**

- 21 63.0101 Adoption of California Building Code.
- 22 63.0102 Express Findings.
- 23 63.0103 Adoption of Code Appendices.
- 24 63.0104 Changes in the Appendices.
- 25 63.0105 Relocation Permits.
- 26 63.0106 Appeals Boards.

27 **63.0101 Adoption of California Building Code.**

28 A copy of the 2024 Edition of the International Building Code, volumes 1 and 2,

1 prepared and published by the International Code Council, with state amendments, also  
2 known as the 2025 California Building Code, contained in Part 2 of Title 24 of the  
3 California Code of Regulations, having been filed in the Office of the Clerk of the Board  
4 of Supervisors of San Bernardino County, is hereby designated and adopted by reference  
5 as the Building Code for the unincorporated area of San Bernardino County, State of  
6 California, subject to those amendments and limitations as set forth in this Chapter 1.

7 **63.0102 Express Findings.**

8 It is expressly found and determined that a less restrictive amendment to Appendix  
9 J in the 2025 California Building Code and as reflected in County Code section 63.0104  
10 is reasonably necessary due to local conditions, including administrative and  
11 topographical conditions as they relate to grading in the unincorporated region of San  
12 Bernardino County.

13 **63.0103 Adoption of Code Appendices.**

14 Appendix C - "Group U - Agricultural Buildings," Appendix I - "Patio Covers," and  
15 Appendix J - "Grading" of the 2025 California Building Code are hereby adopted by  
16 reference as part of the Building Code for the unincorporated area of San Bernardino  
17 County, State of California, with Appendix J being subject to those amendments and  
18 limitations as set forth in this Chapter 1.

19 **63.0104 Changes in the Appendices.**

20 (a) Appendix J - "Grading" is hereby amended by adding exemption 8 to  
21 Section J103.2 entitled "Exemptions" to read:

22 8. The sum of the total excavation and fill not exceeding 100 cubic  
23 yards.

24 **63.0105 Relocation Permits.**

25 (a) *Relocation Building Permit Required.* A person shall not move onto any  
26 premises, other than a commercial storage yard authorized for such use, any building or  
27 structure, except a contractor's tool shed, storage building or similar structure which is  
28 moved as construction requires, until he or she first secures a relocation building permit

1 as hereinafter provided.

2 (b) *Application.* An applicant for a relocation permit shall submit photographs  
3 of at least two separate elevations, one of which shall be the front, and a certificate from  
4 a pest control agency or operator licensed under the Structural Pest Control Act of  
5 California, showing freedom from termite infestation, for each building or structure to be  
6 moved, when application for a relocation permit is filed.

7 (c) *Structural Observation Report Fee.* An applicant for a relocation permit  
8 shall pay a structural observation report fee at the time of submittal. The fee shall be in  
9 accordance with Chapter 2 of Division 6 of Title 1 of the San Bernardino County Code  
10 (Schedule of Fees).

11 (d) *Building and Relocation Site Inspection Report.* Upon receipt of an  
12 application for permit to relocate a building or structure, a detailed structural observation  
13 report by a civil or structural engineer, or an architect licensed by the State of California  
14 to practice as such, shall be submitted. The report shall describe any structural  
15 deficiencies and all non-structural code-related deficiencies and be stamped and signed  
16 by the reporting engineer or architect. This report shall be approved or disapproved by  
17 the Building Official. If approved for moving, the report shall contain the requirements  
18 necessary to make the building or structure comply with Chapter 14 of the 2025 California  
19 Existing Building Code and any additional requirements necessary to assure that such  
20 relocation shall not have detrimental effect by size, design, or age on the living  
21 environment and property values in the area into which the building or structure is to be  
22 moved.

23 (e) *Report Validity.* Additional corrections may be added to the report  
24 whenever the structure has been vandalized, damaged during transportation, or altered  
25 in any manner after the structural observation report has been submitted for review.

26 (f) *Changes.* The applicant shall make all required changes within 180 days  
27 and shall agree in writing to do so. This time limitation may be extended by the Building  
28 Official upon receipt of evidence of just and proper cause; provided, however, that no

1 such extension shall be granted when, in his or her judgment, such an extension would  
2 be detrimental to the public welfare for any cause or reason.

3 (g) *Declaration of Public Nuisance.* When any relocated building or structure  
4 or portion thereof remains unfinished or unfit for occupancy after expiration of the time  
5 limit herein specified, any and all permits pertaining thereto shall expire by limitation and  
6 such building or structure or portion thereof is hereby declared a public nuisance and shall  
7 be abated as authorized by the County Code and as provided by law.

8 **63.0106 Appeals Boards.**

9 (a) *Building and Safety Appeals Board.* In order to hear and decide appeals of  
10 orders, decisions or determinations made by the Building Official relative to the  
11 application and interpretation of the California Building Standards Code, and its  
12 amendments, the County Code and the building requirements of the County, or other  
13 applicable law, the Building and Safety Appeals Board is hereby established pursuant to  
14 Section 1.8.8 of the California Building Standards Code, as adopted herein.

15 (1) *Membership.* The Building and Safety Appeals Board shall include  
16 five regular members and three alternate members. Members shall be appointed at large.  
17 No County employees shall be members of this board. All members - regular and  
18 alternate - must have knowledge, experience and training to review and reach decisions  
19 on matters pertaining to building construction and applicable building codes, regulations,  
20 and ordinances. Members shall serve a term of four years. In addition to the board  
21 members and the alternate members, the Building Official shall be an ex-officio member  
22 and shall act as secretary to the board. The members of the appeals board shall be  
23 appointed by the Board of Supervisors and shall hold office at its pleasure. Terms of  
24 office shall be staggered. Three of the initial appointments for regular members and one  
25 of the initial appointments for alternate members to the board shall be for two-year terms.  
26 A member whose term has expired shall continue to serve in that capacity until a new  
27 appointment is made by the Board of Supervisors. Upon recommendation of the County  
28 Chief Executive Officer or his or her designee, members may be removed by a majority

1 vote of the Board of Supervisors.

2 (2) *Meetings.* A quorum shall be a meeting of at least three members.  
3 Alternate members may sit on the board in the absence of any regular members and shall  
4 be counted towards the quorum of three if there is an insufficient number of regular  
5 members available. A regular meeting shall be held at least once annually at a date and  
6 time established by a resolution of the Board of Supervisors. Rules for notice and conduct  
7 of the Building and Safety Appeals Board meetings, including without limitation all regular,  
8 adjourned regular and special meetings, shall be pursuant to the terms of this section and  
9 shall be in accordance with the provisions of the Ralph M. Brown Act (Government Code  
10 section 54950 et seq.). The members shall be reimbursed as provided by County Code  
11 section 13.0618(b).

12 (3) *Responsibilities and Authority.* The Building and Safety Appeals  
13 Board shall conduct hearings on appeals of orders, decisions, and determinations made  
14 by the Building Official relative to the applications and interpretation of the California  
15 Building Standards Code, and other regulations governing the use, maintenance, and  
16 change of occupancy. The Building and Safety Appeals Board shall have no authority to  
17 waive requirements of the California Building Standards Code or the County Code. All  
18 decisions of the Building and Safety Appeals Board shall be rendered in writing. The  
19 Building and Safety Appeals Board shall meet as necessary in order to abide by the  
20 scheduling provisions of County Code section 63.0106(c)(4). An application for appeal  
21 shall be based on a claim that the Building Code, as adopted herein, or the County Code,  
22 or the rules legally adopted thereunder, have been incorrectly interpreted, or do not fully  
23 apply, or that an equally good or better form of construction is proposed. The Building  
24 and Safety Appeals Board shall also function as the “local appeals board” and the  
25 “housing appeals board” specified in the California Health and Safety Code sections  
26 17920.5 and 17920.6.

27 (b) *Physically Disabled Access Appeals Board.* For the purpose of considering  
28 written appeals to the actions taken by the Building Official in the exercise of its or his or

1 her responsibility and authority as specified herein and to ratify certain exemption actions  
2 of the Building Official in enforcing the accessibility requirements of Title 24 of the  
3 California Code of Regulations for privately funded construction, and to serve as an  
4 advisor to the Building Official on disabled access matters, there is hereby established  
5 the Physically Disabled Access Appeals Board.

6 (1) *Membership.* The Physically Disabled Access Appeals Board shall  
7 consist of five regular members as follows: a minimum of two physically disabled  
8 members; two members experienced in the professions or disciplines of construction; and  
9 one member of the public. The Building Official shall be an ex officio member and shall  
10 act as secretary to the board. The two members experienced in the professions or  
11 disciplines of construction shall be regular or alternate board members from the Building  
12 and Safety Appeals Board, and shall be so designated by majority vote of that board. The  
13 two physically disabled members and the one public member may, but are not required  
14 to be, members of the Building and Safety Appeals Board. The Physically Disabled  
15 Access Appeals Board shall also have a panel of three alternate members. Said alternate  
16 panel must consist of one physically disabled member, one member experienced in the  
17 professions or disciplines of construction as designated by the Building and Safety  
18 Appeals Board, and one member of the public. A regular member may only be substituted  
19 by an alternate member of the same classification. The members of the Physically  
20 Disabled Access Appeals Board shall be appointed by the Board of Supervisors and shall  
21 hold office at its pleasure. Terms of office shall be for four years, and for members  
22 appointed to both the Building and Safety Appeals Board and the Physically Disabled  
23 Access Appeals Board said terms shall be served concurrently. However, as to one of  
24 the initial appointments for an individual with a disability, the initial appointment shall be  
25 for two years to allow for the terms of office to be staggered. A member whose term has  
26 expired shall continue to serve in that capacity until a new appointment is made by the  
27 Board of Supervisors. Upon recommendation of the County Chief Executive Officer or  
28 his or her designee, members may be removed by majority vote of the Board of

1 Supervisors.

2 (2) *Meetings.* All meetings of the Physically Disabled Access Appeals  
3 Board, including without limitation, regular, adjourned regular and special meetings, shall  
4 be conducted pursuant to the terms of this section and called, noticed, held and  
5 conducted in accordance with the provisions of the Ralph M. Brown Act (Government  
6 Code section 54950 et seq.). The members shall be reimbursed as provided by County  
7 Code section 13.0618(b).

8 (3) *Responsibilities and Authority.* The Physically Disabled Access  
9 Appeals Board shall serve as the “local appeals board” specified in Section 19957.5 of  
10 the California Health and Safety Code in appeals relating to accommodations for the  
11 physically disabled. The authority of the Physically Disabled Access Appeals Board shall  
12 consist of the conducting of appeals for the purpose limited to that expressed in California  
13 Health and Safety Code sections 19955 through 19959. All decisions of the Physically  
14 Disabled Access Appeals Board shall be rendered in writing.

15 (c) *Appeal.* Unless otherwise provided, reference to “Appeals Board” shall  
16 refer to the Building and Safety Appeals Board or Physically Disabled Access Appeals  
17 Board, whichever is applicable.

18 (1) *Timing and Form of Appeal.* The Building Official shall have the right  
19 to appeal to the Appeals Board, provided that a written application for appeal is filed within  
20 20 days after the decision, determination, or notice and order was served. An application  
21 for appeal shall be based on a claim that the true intent of the applicable code or rules  
22 legally adopted thereunder have been incorrectly interpreted, or that the provisions of the  
23 applicable code or rules legally adopted thereunder do not fully apply or that the  
24 requirements of the applicable code or the rules legally adopted thereunder are  
25 adequately satisfied by other means. The appeal shall be made in writing and filed along  
26 with the appeal fee with the appropriate County office. The written appeal shall contain:

27 (A) A heading containing the words “Before the Building and  
28 Safety Appeals Board of San Bernardino County” or “Before the Physically Disabled

1 Access Appeals Board of San Bernardino County,” whichever is applicable.

2 (B) A caption reading: “Appeal of ... ” giving the names of all  
3 appellants participating in the appeal;

4 (C) A brief statement setting forth the legal interest of each of the  
5 appellants;

6 (D) A brief statement in ordinary and concise language of the  
7 specific order or action protested, together with any material facts claimed to support the  
8 contentions of the appellant;

9 (E) A brief statement in ordinary and concise language of the  
10 relief sought and the reasons why it is claimed the protested order or action should be  
11 reversed, modified, or otherwise set aside;

12 (F) The signatures of all parties named as appellants and their  
13 official mailing addresses; and

14 (G) The verification (by declaration under penalty of perjury) of at  
15 least one appellant as to the truth of the matters stated in the appeal.

16 (2) *Processing of Appeal.* Upon receipt of any appeal and the applicable  
17 fee filed pursuant to this section, the Building Official shall present it at the next regular  
18 or special meeting of the Appeals Board.

19 (3) *Limitation to Appeal.* Limit of one appeal hearing per property or  
20 parcel relative to the same notice and order or action of the Building Official may be heard  
21 by an Appeals Board. If appellants consist of both property owners and any interested  
22 parties of record, appellants must jointly file an appeal, and the appeal hearing must be  
23 conducted jointly amongst all appellants.

24 (4) *Scheduling and Noticing of Appeal Hearing.* As soon as practicable  
25 after receiving the written appeal and appeal fee, the Appeals Board shall fix a date, time,  
26 and place for the hearing of the appeal by the board. Such date shall not be less than 10  
27 days nor more than 60 days from the date the appeal was filed with the Building Official,  
28 subject to any stay pending a decision to grant or deny an appeal fee hardship waiver

1 request. Written notice of the time and place of the hearing shall be given at least 10  
2 days prior to the date of the hearing to each appellant and any interested parties of record  
3 discovered through reasonable diligence, through either personal service or first class  
4 mail, each appellant at the address shown on the appeal, and to the interested party of  
5 record at the party's last known address. Notice by mail shall be deemed effective on the  
6 date of deposit.

7 (5) *Open Hearing.* Hearings before the Appeals Board shall be open to  
8 the public. The appellant, the appellant's representative, the Code Official and any  
9 person whose interests are affected shall be given an opportunity to be heard.

10 (6) *Waiver of Appeal Fee for Financial Hardship.* Any appellant who is  
11 financially unable to pay the required appeal fee may file a written request for an appeal  
12 fee hardship waiver. The written request must be filed prior to or contemporaneous with  
13 the filing of the appeal. The written request shall be filed with the Building Official. The  
14 appellant requesting the appeal fee hardship waiver shall indicate on the written appeal  
15 that an appeal fee hardship waiver request has been filed.

16 (7) *Appeal Fee Hardship Waiver Evaluation Procedures.* Hardship  
17 waivers shall be granted based on the grounds provided by County Code section 16.0231  
18 or other applicable authority in the County Code or law. Requests will only be considered  
19 if the appellant requesting the waiver submits a sworn affidavit, together with any  
20 supporting documents or materials, reasonably demonstrating the appellant's actual  
21 financial inability to submit the appeal fee. A written decision to grant or deny the request  
22 shall be made not less than 10 days nor more than 60 days after submission of the  
23 request. If the request is denied, the written decision shall explain the reason for denial  
24 and shall state the due date - not less than 10 days nor more than 60 days from the date  
25 of the decision - for payment of the appeal fee. The written decision shall be sent via first  
26 class mail to the appellant and shall be final. An appeal hearing shall not be scheduled  
27 until the appeal fee is received. If the request is denied and the appeal fee is not remitted  
28 within the time indicated in the written decision, the right to an appeal shall be deemed

1 waived and the notice and order or the action of the Building Official shall become final.

2 (8) *Effect of Failure to Appeal.* Failure of any person or entity to file an  
3 appeal in accordance with the provisions of Section 63.0106(c)(1) shall constitute a  
4 waiver of the right to an appeal hearing and the Building Official or the Code Official's  
5 notice and order or action shall become final.

6 (9) *Scope of Hearing on Appeal.* Only those matters or issues  
7 specifically raised by the appellant shall be considered in the hearing of the appeal.

8 (10) *Stay Pending Appeal.* Except for vacation orders issued by the  
9 Building Official because of conditions that represent an immediate threat to life, limb,  
10 property, or safety of the public or adjacent properties, enforcement of any notice and  
11 order of the Building Official shall be stayed during the pendency of an appeal therefrom  
12 which is properly and timely filed.

13 (11) *Hearing and Decision.* The decision of the Appeals Board shall be  
14 final; there is no further administrative appeal.

15 (d) *Procedures for Conduct of Hearing of Appeals.*

16 (1) *Hearing Examiners.* The Appeals Board may designate one or more  
17 of its members to serve as a hearing examiner to conduct the hearing of an appeal to the  
18 board. The examiner hearing the case shall exercise all powers relating to the conduct  
19 of hearings until it is submitted to the Appeals Board for decision. Decisions and actions  
20 of the Building Official regarding the enforcement of the requirements of Health and  
21 Safety Code sections 19955 through 19959 shall be appealed to the Physically Disabled  
22 Access Appeals Board. Appeals to the Physically Disabled Access Appeals Board must  
23 be heard in front of that board as a whole.

24 (2) *Record.* A record of the entire proceedings shall be made by  
25 electronic recording or by any other means of tangible recording determined to be  
26 appropriate by the Appeals Board. A transcript of the recording will be made available to  
27 any party that requests a transcript in writing accompanied with the transcription fee  
28 established by the County Fee Ordinance. If no transcription fee has been established

1 by the County Fee Ordinance, then the fee shall be the full actual cost of transcribing the  
2 requested recordings into print form as established by a transcription service, and shall  
3 be paid prior to transcription services being rendered.

4 (3) *Continuances and Postponements.* The Appeals Board may grant a  
5 continuance for good cause shown. If a hearing examiner has been assigned to a  
6 hearing, the examiner may grant a continuance for good cause shown so long as the  
7 matter remains before the examiner.

8 (4) *Oaths—Certification.* In any proceedings under this chapter, the  
9 Appeals Board, any board member, or the hearing examiner has the power to administer  
10 oaths and affirmations and to certify official acts.

11 (5) *Reasonable Dispatch.* The Appeals Board and its representatives  
12 shall proceed with reasonable dispatch to conclude any matter before it. Due regard shall  
13 be shown for the convenience and necessity of any parties and/or their representatives.

14 (6) *Form of Notice of Hearing.* The notice to appellant shall be  
15 substantially in the following form, but may include other information:

16 “You are hereby notified that a hearing will be held before (the Building and  
17 Safety Appeals Board, Physically Disabled Access Appeals Board or name  
18 of hearing examiner, whichever is applicable) at \_\_\_\_\_ on the day  
19 \_\_\_\_\_ of \_\_\_\_\_, 20\_\_\_\_, at the hour of \_\_\_\_\_. You may be present at the  
20 hearing. The hearing will proceed as noticed in absentia if you elect not to  
21 be present. You may be, but need not be, represented by counsel, even if  
22 you elect not to be present. You may present any relevant evidence and  
23 will be given full opportunity to cross-examine all witnesses testifying  
24 against you. You may request the issuance of subpoenas to compel the  
25 attendance of witnesses and the production of books, documents, or other  
26 things by filing an affidavit therefore with (Building and Safety Appeals  
27 Board, Physically Disabled Access Appeals Board or name of hearing  
28 examiner, whichever is applicable).”

(7) *Subpoenas.*

(A) *Filing of Affidavit.* A subpoena may be issued for the attendance of witnesses or the production of other evidence at a hearing upon the request of a member of the Appeals Board or a hearing examiner, or upon the written demand of any party. The subpoena must be accompanied by an affidavit that states the name and address of the proposed witness and/or specifies the exact things sought to be produced and the materiality thereof, and states that the witness has the desired things in possession or under control. A subpoena need not be issued when the affidavit is defective.

(C) *Penalties.* Any person who refuses without lawful excuse to attend any hearing or produce material evidence which the person possesses or controls, as required by any subpoena served upon such person as provided herein, shall be guilty of a misdemeanor.

(8) *Conduct of Hearing.*

(A) *Rules.* Hearings need not be conducted according to the technical rules of evidence. The following rules shall apply:

(I) *Oral Evidence.* Oral evidence shall be taken only on oath or affirmation.

(II) *Hearsay Evidence.* Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence, but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions in a court of competent jurisdiction in this state.

(III) *Admissibility of Evidence.* Any relevant evidence shall be admitted if it is the type of evidence that responsible persons are accustomed to relying on in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of such evidence over objection

1 in civil actions in courts of competent jurisdiction in this state.

2 (IV) *Exclusion of Evidence.* Irrelevant and unduly  
3 repetitious evidence shall be excluded.

4 (B) *Rights of Parties.* Each party shall have these rights, among  
5 others:

6 (I) To call and examine witnesses on any matter relevant  
7 to the issues of hearing;

8 (II) To introduce documentary and physical evidence;

9 (III) To cross-examine opposing witnesses on any matter  
10 relevant to the issues of the hearing;

11 (IV) To impeach any witness regardless of which party first  
12 called the witness to testify;

13 (V) To rebut evidence; and

14 (VI) To be represented by anyone who is lawfully permitted  
15 to do so.

16 (9) *Official Notice.*

17 (A) *What may be noticed.* The Appeals Board or hearing  
18 examiner may take official notice of any matter that may be judicially noticed by the courts  
19 of this state or any official records of the County or any department and ordinances of the  
20 County or rules and regulations of the County.

21 (B) *Parties to be notified.* Parties present at the hearing shall be  
22 informed of the matters to be noticed, and these matters shall be noted in the record,  
23 referred to therein, or appended thereto.

24 (C) *Opportunity to refute.* Parties present at the hearing shall be  
25 given a reasonable opportunity, upon the request of a party, to refute any officially noticed

12 examiner, the examiner shall prepare a report and proposed decision as provided in  
13 subdivision (11)(B) hereof after any additional evidence is submitted. Consideration of  
14 such proposed decision by the board shall comply with the provisions of this section.

23           63.0305       Changes in the Appendices.

24 **63.0301       Adoption of California Plumbing Code.**

25           A copy of the Uniform Plumbing Code, 2024 Edition, prepared and published by  
26 the International Association of Plumbing and Mechanical Officials, with state  
27 amendments, also known as the 2025 California Plumbing Code, contained in Part 5 of  
28 Title 24 of the California Code of Regulations, having been filed in the Office of the Clerk

1 of the Board of Supervisors of San Bernardino County, is hereby designated and adopted  
2 by reference as the Plumbing Code for the unincorporated area of San Bernardino  
3 County, State of California, subject to those amendments and limitations as set forth in  
4 this Chapter 3.

5 **63.0302 Express Findings.**

6 It is expressly found and determined that more restrictive amendments to the 2025  
7 California Plumbing Code adopted in Section 63.0301 and its appendices adopted in  
8 Section 63.0304 are reasonably necessary because of local climatic, geological, and  
9 topographical conditions existing in the County which are more specifically described as  
10 follows:

11 (a) The buildup of nitrate in groundwater poses a threat to public health and is  
12 one of the potentially significant long-term consequences of on-site sewage disposal  
13 practices; on-site private sewage disposal systems contribute to the discharge of nitrates  
14 and other pollutants into the groundwater table within the planning areas for the spheres  
15 of influence of the Cities of Chino and Montclair; the failure of private sewage disposal  
16 systems is a threat to the health of the public; and the orderly development of these areas  
17 is promoted by requiring development to connect to public sewers in order to obtain the  
18 maximum benefit from existing infrastructure.

19 (b) The mountain areas of the County are generally unsuitable for the  
20 installation of private sewage disposal system seepage pits due to thin soils over bedrock,  
21 steep slopes and/or locally high groundwater.

22 (c) Geologic conditions within the County make increasing the minimum  
23 separation between a well and a septic tank from 50 feet to 100 feet reasonably necessary  
24 for the protection of water quality in water supply wells. Soils are generally sufficiently  
25 porous so that should a septic tank have structural failure due to corrosion, earthquake  
26 damage, or by other means, 50 feet does not provide sufficient separation to prevent  
27 contamination of nearby wells from the leaking contents.

28 (d) Geologic conditions within the County make increasing the minimum

1 separation between a well and a soil absorption portion of a sewage disposal system  
2 discharging 5,000 gallons per day or more from 100 feet to 200 feet reasonably necessary  
3 for the protection of water quality in water supply wells. Local soils are generally porous  
4 so that where large volumes of sewage effluent are discharged closer than 200 feet, the  
5 cone of depression created by pumping a well may intercept significant amounts of  
6 sewage effluent, thereby contaminating the water produced by the well.

7 (e) Geologic conditions within the County in the vicinities of the Colorado and  
8 Mojave Rivers make increasing the minimum separation from the soil absorption portion  
9 of a sewage disposal system from 100 feet to 200 feet reasonably necessary to protect  
10 the beneficial uses of these rivers as drinking water supplies. Both rivers flow through  
11 highly porous material and both rivers either directly or by nearby wells provide the  
12 primary sources of drinking water to residents and communities along their courses.

13 **63.0303 Changes in the Code.**

14 The following changes are hereby made to the 2025 California Plumbing Code, as  
15 adopted herein.

16 Section 713.3 is amended by adding the following sentence at the end of that  
17 section to read as follows:

18 Within the sphere of influence boundaries for the Cities of Chino and Montclair, as  
19 adopted by the Local Agency Formation Commission for San Bernardino County, the  
20 installation of building sewers shall connect to a public sewer.

21 **63.0304 Adoption of Code Appendices**

22 Appendices A, B, D, G, H, and I of the 2025 California Plumbing Code are hereby  
23 adopted by reference as part of the Plumbing Code for the unincorporated area of San  
24 Bernardino County, State of California, subject to those amendments and limitations as  
25 set forth in this Chapter 3.

26 **63.0305 Changes in the Appendices**

27 (a) Table H – 101.8 of Appendix H is amended in its entirety to read as follows:

1. Drainage piping will clear Domestic Water supply wells by no less than 50 feet. This distance will be permitted to be reduced to no less than 25 feet where the drainage piping is constructed of materials approved for use within a building.

2. For any system discharging 5,000 Gallons Per Day, or more, the required setback will be increased to 200 feet.

3. Includes porches and steps whether covered or uncovered, breezeways, roofed porte cocheres, roofed patios, carports, covered walls, covered driveway, and similar structures or appurtenances.

4. Any tree within 5 feet of the system that will not be removed during construction, or at the professional discretion of the contractor.

5. The highest known level is based on current or historical data to which groundwater is known to have occurred.

6. Plus 2 feet for each additional foot or depth more than 1 foot below the bottom of the drain line.

7. For any system utilizing advanced treatment, this minimum separation may be reduced to 2 feet with approval under the Advanced Protection Management Program (refer to Chapter 7 of the Local Agency Management Program for more information regarding the Advanced Protection Management Program) and the Regional Water Quality Control Board.

8. Unless regulatory requirements necessitate that monitoring wells be located closer.

9. Where the edge of the water body is the natural or levied bank for creeks and rivers or may be less where site conditions prevent mitigation of wastewater to the water body.

10. Where the edge of the water body is the high-water mark for lakes and reservoirs and the mean high tide line for tidally influenced water bodies.
11. Where the effluent dispersal system is within 1,200 feet from a public water systems' surface water intake point, within the catchment of the drainage, and located such that it may impact water quality at the intake point (such as upstream of the intake point for flowing water bodies), the dispersal system will be no less than 400 feet from the high-water mark of the reservoir, lake or flowing water body. Where the effluent dispersal system is located more than 1,200 feet but less than 2,500 feet from a public water systems' surface water intake point, the dispersal system will be no less than 200 feet from the high-water mark of the reservoir, lake or flowing water body.
12. Dispersal Systems which exceed 20 feet in depth and are located within 600 feet of a public water supply well will be required to have the qualified professional evaluate the two-year travel time for microbial contaminants to determine required setback. In no case will the setback be less than 200 feet.
13. As measured from the high-water mark which would result from a 100-year flood
14. As measured from the apparent edge of the channel
