STATEMENT OF WORK #20250520

This Statement of Work (“SOW”) describes services to be performed by Origami Risk LLC (“Origami”) for County of San Bernardino (“Client”). This SOW is subject to all the terms and conditions of the underlying agreement between Client and Origami (the “Agreement”). Capitalized terms used herein shall have the meanings set forth in the Agreement.

OVERVIEW

This SOW sets forth the Professional Services to conduct the implementation of the Service. The term of this SOW shall begin on the Effective Date as set forth in the Order Form #20250520 and continue until completion of Go-Live Support (as described below).

This SOW does not include subscriptions to the Service. All subscriptions and associated fees are set forth in a separate Order Form between the parties.

IMPLEMENTATION

Implementation Process

Implementation is the process of configuring the Service for use by Client including system settings, supporting Client in loading data, initial user training, and other work identified in this section of the SOW. The implementation phase is completed (“Go-Live”) when Client is able to utilize the Service for the purposes contemplated by the implementation tasks set forth below in this SOW, referred to by Origami as being Live in the system. Once Origami moves Client from its staging environment to its live production environment, any additional use of Origami’s staging environment after Go- Live will incur additional hosting fees.

Client’s provision of timely and accurate specifications, direction and feedback is essential to the implementation. Both parties understand that time is of the essence with regard to the implementation and agree to use reasonable and good faith efforts to promptly complete the implementation. Any voluntary project interruptions or stoppages ordered by Client outside of the project plan or any failures by Client to meet the obligations in the preceding sentence may result in the conversion of the implementation to a time and expense engagement, effective upon email notice from Origami to Client and billed monthly as incurred at Origami’s bundled hourly rate after crediting Client for any remaining unused portion of the fixed price.

Origami provides fixed price implementations based on (i) reasonable estimates from Client to complete the deliverables as scoped in this SOW and (ii) Client’s continued and uninterrupted effort toward Go-Live. Based on conversations with the Client, Origami estimates that it will need to provide 664 hours of Professional Services for the implementation deliverables set forth in this SOW (including, without limitation, training and project management hours). If there are any changes to the scope of such deliverables, the parties will agree to meet and negotiate in good faith an amendment to this SOW to resolve any issues and to address any additional requirements.

Agent: A third-party individual or firm who, for compensation, is representing a party or a participant in the matter submitted to the Board of Supervisors. If an agent is an employee or member of a third-party law, architectural, engineering or consulting firm, or a similar entity, both the entity and the individual are considered agents.

- (3) a controlling owner (50% or greater interest as a shareholder or as a general partner) in one entity also is a controlling owner in the other entity.

For purposes of (2), "shared management and control" can be found when the same person or substantially the same persons own and manage the two entities; there are common or commingled funds or assets; the business entities share the use of the same offices or employees, or otherwise share activities, resources or personnel on a regular basis; or there is otherwise a regular and close working relationship between the entities.

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below.
