San Bernardino, CA 92415-0130

Project Description

Project Title: Lakeview Lift Station Renovation Project
H14694

Project Location: The Lakeview Lift Station is located on a 0.12-acre parcel, 18335 Lakeview Drive, Spring Valley Lake, CA 92395; APN 0480-241-01, between Spring Valley Lake and Lakeview Drive.

Project Description: The sewer lift station was constructed in 1971 and consists of two existing concrete wet well structures with hatches, screw pumps, electrical equipment, and a Supervisory control and data acquisition system (SCADA). The two manholes in Lakeview Drive are connected by a sewer bypass to accommodate sewage flow during construction or maintenance to the lift station. The sewer lift station will be rehabilitated and will involve replacing the existing screw pumps and submersible pump with new submersible pumps and additional electrical connections. Phase II will include installation of a dedicated odor control system. The project renovations of mechanical and electrical systems will be conducted within the existing vault.

Anthony Pham, P.E.
