IT IS HEREBY AGREED AS FOLLOWS:

WHEREAS, San Bernardino County (County) desires to designate a contractor of choice to perform a financial analysis and report, as further described in a statement of work (the "Services"); and

WHEREAS, the County conducted a competitive process to find Blue Sky Consulting Group, LLC (Contractor) to provide these services; and

WHEREAS, based upon and in reliance on the representations of Contractor in its response to the County's Request for Proposals, the County finds Contractor qualified to provide financial analysis and reporting services; and

WHEREAS, the County desires that such services be provided by Contractor and Contractor agrees to perform these services as set forth below;

NOW, THEREFORE, the County and Contractor mutually agree to the following terms and conditions:

A. DEFINITIONS

A.1 Services: The requested services described in this Contract.

B. CONTRACTOR RESPONSIBILITIES

Contractor shall perform the following Services to the complete satisfaction of the County:

B.1 *Meet with County and conduct discovery work:* Identify the most important concerns, issues, and opportunities as identified by the County and the community. Meet with relevant County

officials (and community stakeholders as appropriate) in order to identify the most important issue areas or potential sources of State and/or Federal funding inequity.

- B.2** *Collect financial data:* To conduct the initial quantitative analysis, Contractor shall collect the most up to date information on current service expenditure and revenues as well as needed data to develop benchmarks for appropriate service levels and the fair share analysis. Data sources may include the state controller's database of local expenditures and revenues (by revenue source and program area), the federal Census Bureau's Annual Survey of State and Local Government Finances (available for each county and metropolitan statistical area nationally), the Governor's budget, the San Bernardino County budget, and budgets for other comparable counties in California and neighboring states. Data shall be collected for all major state and federal subvention and grant programs as well as for infrastructure funding and spending levels for San Bernardino and other counties throughout California and nationally. In addition, Contractor shall collect needed data to develop appropriate benchmarks with which to evaluate the level and extent of funding being received by the County. These factors may include population and employment growth; extent of new development; tourism and travel activity in the County; size of populations eligible for programs such as specialty mental health, MediCal, and CalWORKS; number of road miles; geographic area; unemployment and poverty rates; vehicle miles traveled; and other factors.
- B.3** *Conduct initial data analysis:* Building on the data collected in Subsection B.2, Contractor shall conduct an initial analysis of actual funding levels in San Bernardino County and other counties both in California and nationally. In order to develop an accurate picture of actual funding levels, Contractor shall analyze historical data as well as data for the most recent period available. For each funding source, Contractor shall identify one or more metrics by which to evaluate the adequacy of the funding source.
- B.4** *Present initial data analysis and incorporate feedback from the County:* Following the initial data analysis, Contractor shall share preliminary results with the County and discuss the methodology, approach, and initial findings, as well as the funding needs and requirements for individual, relevant programs. Based on these discussions, Contractor shall refine the approach, identify any high priority areas to add or highlight, and collect any additional data needed to complete the analysis.
- B.5** *Develop fair share analysis measures:* Based on the initial data analysis and feedback from the County, the Contractor's project team shall develop (or refine) a series of specific measures tailored to each relevant state and federal revenue source. These measures will be intended to appropriately reflect a reasonable basis for allocating state and federal funding for the affected program areas. For each measure Contractor shall prepare a data analysis showing how the County's funding level compares to that of other counties in California and a sample of comparable counties nationally, both historically and for the most recent period. In addition, Contractor shall prepare a methodology discussion demonstrating why the measure(s) selected are appropriate and provide a fair and accurate means of analyzing the allocation of the funding source.
- B.6** *Develop options for improving engagement with state and federal decisionmakers:* Using the results of the fair share analysis as well as discussions with relevant County departments and staff and stakeholders knowledgeable about the County's advocacy in Sacramento and Washington, the Contractor's project team shall develop a strategy for improving engagement with state and federal decisionmakers. This strategy shall include suggestions for the best ways to communicate the County's unique challenges, recommendations for effective internal strategies and policies that can enhance the County's ability to secure additional state and federal funding, and identification of opportunities for regional collaboration with the potential to increase funding for (affected) counties.

- B.7** *Explore secession, joining neighboring state:* This analysis shall include an assessment of the legal, practical, and financial issues, obstacles and opportunities associated with secession from California or joining Arizona or Nevada. The foundation for this analysis will be a comparison of the financial condition of counties in Arizona and Nevada to that of San Bernardino County as well as an assessment of the potential financial condition that might result were San Bernardino County to become its own state. Specifically, comparing the revenue counties in Arizona and Nevada receive to those received by San Bernardino County to develop an assessment of whether joining one of these states would be likely to result in an improvement in the County's financial condition. In addition, Contractor shall analyze state tax revenues generated by San Bernardino County residents and businesses and compare the total to the level of expenditures made by the state in San Bernardino County to assess whether the County has the potential to be better off financially were it to secede from the State of California. These financial considerations will be accompanied by an analysis of the process for accomplishing each of these options, including constitutional provisions governing each option and an analysis of prior attempts to break apart or secede from the State of California.
- B.8** *Prepare deliverables:* Project deliverables shall include a project work plan and timeline, preliminary financial analyses, fair share measures, fair share analysis results, advocacy strategies, and statehood options analysis. These deliverables shall be combined into a final report that will explain in clear and concise language the results of Contractor's analysis, as well as methodologies employed, and data sources relied upon. Where relevant, Contractor shall produce and share outlines and drafts with the County to provide an opportunity for input and feedback and incorporate this feedback into the final products.
- B.9** *Work closely with the County:* Throughout the process the Contractor shall work closely with the County, both the immediate project team as well as relevant County departments as appropriate. By developing a close working relationship through regular meetings and project updates, Contractor shall ensure that the project and Services proceed efficiently along the lines most desired by the County and result in work products of the highest possible quality and usefulness. The Contractor shall foster this close working relationship through regular project and Service check-in meetings as desired as well as ad hoc meetings with relevant County staff as needed.

- E.3 Access to County employees as needed

F. FISCAL PROVISIONS

- F.1 The maximum amount of payment under this Contract shall not exceed \$192,400 and payment shall be as is shown on Attachment A. The consideration to be paid to Contractor, as provided herein, shall be in full payment for all Contractor's services and expenses incurred in the performance hereof, including travel and per diem.

Contractor bears the risk that it may not be able to generate its anticipated (or any) profit in completing its performance of all required items of work for the specified level of compensation. In no event shall Contractor be entitled to receive compensation for any item of work required of Contractor under the terms of the Contract, which item of work is not performed by Contractor (including Contractor's agents and approved subcontractors).

- F.2 Contractor's "Cost Proposal", attached as Attachment A, hereto, sets out the Contractor's estimate of the cost (including wages) of completing the Services. The Cost Proposal was used by the County to determine the reasonableness of the cost of Contractor's proposal and is further used in making progress payments to Contractor and in making payment to Contractor in the event of the termination of the Contract prior to the completion of all items of work. Contractor is not entitled to any additional compensation by virtue of its costs (including wages) for any item of work exceeding the cost set forth in its Cost Proposal, including excess costs related to delays in completion of the Project. Payment shall be made on a percent of task completed to the County's satisfaction pursuant to Attachment A.

- F.3 Contractor shall provide County itemized monthly invoices, in arrears, and in a format acceptable to the County for services performed under this Contract within twenty (20) days of the end of the previous month. Invoices shall be issued with a net sixty (60) day payment term with corresponding Purchase Order number stated on the invoice.
- F.3 Contractor shall accept all payments from County via electronic funds transfer (EFT) directly deposited into the Contractor's designated checking or other bank account. Contractor shall promptly comply with directions and accurately complete forms provided by County required to process EFT payments.
- F.4 County is exempt from Federal excise taxes and no payment shall be made for any personal property taxes levied on Contractor or on any taxes levied on employee wages. The County shall only pay for any State or local sales or use taxes on the services rendered or equipment and/or parts supplied to the County pursuant to the Contract.
- F.5 Costs for services under the terms of this Contract shall be incurred during the contract period except as approved by County. Contractor shall not use current year funds to pay prior or future year obligations.
- F.6 Funds made available under this Contract shall not supplant any federal, state or any governmental funds intended for services of the same nature as this Contract. Contractor shall not claim reimbursement or payment from County for, or apply sums received from County with respect to that portion of its obligations that have been paid by another source of revenue. Contractor agrees that it will not use funds received pursuant to this Contract, either directly or indirectly, as a contribution or compensation for purposes of obtaining funds from another revenue source without prior written approval of the County.
- F.7 Contractor shall adhere to the County's Travel Management Policy (8-02 and 08-02SP1) when travel is pursuant to this Contract and for which reimbursement is sought from the County. In addition, Contractor is encouraged to utilize local transportation services, including but not limited to, the Ontario International Airport.

G. INDEMNIFICATION AND INSURANCE REQUIREMENTS

G.1 Indemnification

The Contractor agrees to indemnify, defend (with counsel reasonably approved by County) and hold harmless the County and its authorized officers, employees, agents and volunteers from any and all claims, actions, losses, damages and/or liability arising out of contractor's negligent performance under this Contract, including the errors or omissions of any person employed by contractor and for any costs or expenses incurred by the County on account of any claim except where such indemnification is prohibited by law. The Contractor indemnification obligation applies to the County's "active" as well as "passive" negligence but does not apply to the County's "sole negligence" or "willful misconduct" within the meaning of Civil Code section 2782. In no event shall the contractor's liability exceed the dollar value of this contract.

G.2 Additional Insured

All policies, except for Worker's Compensation, Errors and Omissions and Professional Liability policies shall contain additional endorsements naming the County and its officers, employees, agents and volunteers as additional named insured with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the County to vicarious liability but shall allow coverage for the County to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO, CG 2010.11 85.

G.3 Waiver of Subrogation Rights

The Contractor shall require the carriers of required coverages to waive all rights of subrogation against the County, its officers, employees, agents, volunteers, contractors and subcontractors. All general or auto liability insurance coverage provided shall not prohibit the Contractor and Contractor's employees or agents from waiving the right of subrogation prior to a loss or claim. The Contractor hereby waives all rights of subrogation against the County.

G.4 Policies Primary and Non-Contributory

All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County.

G.5 Severability of Interests

The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the County or between the County and any other insured or additional insured under the policy.

G.6 Proof of Coverage

The Contractor shall furnish Certificates of Insurance to the County Department administering the Contract evidencing the insurance coverage at the time the Contract is executed, additional endorsements, as required shall be provided prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the Department, and Contractor shall maintain such insurance from the time Contractor commences performance of services hereunder until the completion of such services. Within fifteen (15) days of the commencement of this contract, the Contractor shall furnish a copy of the Declaration page for all applicable policies and will provide complete certified copies of the policies and endorsements immediately upon request.

G.7 Acceptability of Insurance Carrier

Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum "Best" Insurance Guide rating of "A- VII".

G.8 Deductibles and Self-Insured Retention

Any and all deductibles or self-insured retentions in excess of \$10,000 shall be declared to and approved by Risk Management.

G.9 Failure to Procure Coverage

In the event that any policy of insurance required under this contract does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right but not the obligation or duty to cancel the contract or obtain insurance if it deems necessary and any premiums paid by the County will be promptly reimbursed by the Contractor or County payments to the Contractor will be reduced to pay for County purchased insurance.

G.10 Insurance Review

Insurance requirements are subject to periodic review by the County. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County's risk.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this contract. Contractor agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

- G.11** The Contractor agrees to provide insurance set forth in accordance with the requirements herein. If the Contractor uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, the Contractor agrees to amend, supplement or endorse the existing coverage to do so.

Without in anyway affecting the indemnity herein provided and in addition thereto, the Contractor shall secure and maintain throughout the contract term the following types of insurance with limits as shown:

- G.11.1** Workers' Compensation/Employer's Liability – A program of Workers' Compensation insurance or a state-approved, self-insurance program in an amount and form to meet all applicable requirements of the Labor Code of the State of California, including Employer's Liability with \$250,000 limits covering all persons including volunteers providing services on behalf of the Contractor and all risks to such persons under this contract.

If Contractor has no employees, it may certify or warrant to the County that it does not currently have any employees or individuals who are defined as "employees" under the Labor Code and the requirement for Workers' Compensation coverage will be waived by the County's Director of Risk Management.

With respect to Contractors that are non-profit corporations organized under California or Federal law, volunteers for such entities are required to be covered by Workers' Compensation insurance.

- G.11.2** Commercial/General Liability Insurance – The Contractor shall carry General Liability Insurance covering all operations performed by or on behalf of the Contractor providing coverage for bodily injury and property damage with a combined single limit of not less than one million dollars (\$1,000,000), per occurrence. The policy coverage shall include:
- a. Premises operations and mobile equipment.
 - b. Products and completed operations.
 - c. Broad form property damage (including completed operations).
 - d. Explosion, collapse and underground hazards.
 - e. Personal injury.
 - f. Contractual liability.
 - g. \$2,000,000 general aggregate limit.

- G.11.3** Automobile Liability Insurance – Primary insurance coverage shall be written on ISO Business Auto coverage form for all owned, hired and non-owned automobiles or symbol 1 (any auto). The policy shall have a combined single limit of not less than one million dollars (\$1,000,000) for bodily injury and property damage, per occurrence.

If the Contractor is transporting one or more non-employee passengers in performance of contract services, the automobile liability policy shall have a

combined single limit of two million dollars (\$2,000,000) for bodily injury and property damage per occurrence.

If the Contractor owns no autos, a non-owned auto endorsement to the General Liability policy described above is acceptable.

G.11.4 Umbrella Liability Insurance – An umbrella (over primary) or excess policy may be used to comply with limits or other primary coverage requirements. When used, the umbrella policy shall apply to bodily injury/property damage, personal injury/advertising injury and shall include a “dropdown” provision providing primary coverage for any liability not covered by the primary policy. The coverage shall also apply to automobile liability.

G.11.5 Professional Liability – Professional Liability Insurance with limits of not less than one million (\$1,000,000) per claim and two million (\$2,000,000) aggregate limits
or

Errors and Omissions Liability Insurance – Errors and Omissions Liability Insurance with limits of not less than one million (\$1,000,000) and two million (\$2,000,000) aggregate limits
or

Directors and Officers Insurance coverage with limits of not less than one million (\$1,000,000) shall be required for Contracts with charter labor committees or other not-for-profit organizations advising or acting on behalf of the County.

If insurance coverage is provided on a “claims made” policy, the “retroactive date” shall be shown and must be before the date of the start of the contract work. The claims made insurance shall be maintained or “tail” coverage provided for a minimum of five (5) years after contract completion.

H. RIGHT TO MONITOR AND AUDIT

H.1 The County, State and Federal government shall have absolute right to review and audit all records, books, papers, documents, corporate minutes, and other pertinent items as requested, and shall have absolute right to monitor the performance of Contractor in the delivery of services provided under this Contract. Contractor shall give full cooperation, in any auditing or monitoring conducted. Contractor shall cooperate with the County in the implementation, monitoring, and evaluation of this Contract and comply with any and all reporting requirements established by the County.

H.2 All records pertaining to services delivered and all fiscal, statistical and management books and records shall be available for examination and audit by County representatives for a period of three years after final payment under this Contract or until all pending County, State and Federal audits are completed, whichever is later.

I. CORRECTION OF PERFORMANCE DEFICIENCIES

I.1 Failure by Contractor to comply with any of the provisions, covenants, requirements or conditions of this Contract shall be a material breach of this Contract.

I.2 In the event of a non-cured breach, County may, at its sole discretion and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:

- a. Afford Contractor thereafter a time period within which to cure the breach, which period shall be established at the sole discretion of County; and/or
- b. Discontinue reimbursement to Contractor for and during the period in which Contractor is in breach, which reimbursement shall not be entitled to later recovery; and/or
- c. Withhold funds pending duration of the breach; and/or

- d. Offset against any monies billed by Contractor but yet unpaid by County those monies disallowed pursuant to Item "b" of this paragraph; and/or
- e. Terminate this Contract immediately and be relieved of the payment of any consideration to Contractor. In the event of such termination, the County may proceed with the work in any manner deemed proper by the County.
