Project Title: Rancho Road Widening Project

Project Applicant: City of Hesperia

Project Location (include county): City of Hesperia and County of San Bernardino

Project Description:

The project proposes to widen Rancho Road from approximately 2,200 ft east of Mariposa Road on the west to Seventh Avenue on the east. The proposed project would involve widening Rancho Road from its current two-lane configuration to a four-lane facility within the City and County jurisdictions. The proposed project supports the ultimate planned development of the project corridor into a six-lane roadway, which is to be constructed as needed to accommodate projected future traffic demand. The proposed project involves securing right-of-way throughout the project corridor to construct the two additional lanes along Rancho Road. The California Aqueduct Bridge along Rancho Road would not be widened as part of this proposed project and would remain a two-lane roadway facility.

This is to advise that the City of Hesperia has approved the above (X) Lead Agency or () Responsible Agency

described project on June 18, 2013 and has made the following determinations regarding the above (date) described project.

- 1. The project [X] will [] will not] have a significant effect on the environment.
2. [X] An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. [] A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
