AMENDMENT NO. 2:

It is hereby agreed to amend **Contract No. 22-578** as follows:

ARTICLE I. Definition of Terminology

Paragraph K is hereby added to read as follows:

- K. Behavioral Health Services Act (BHSA) - Proposition 1 Behavioral Health Services Act (BHSA): The BHSA, passed in 2024, replaces the Mental Health Services Act (MHSA) of 2004. The MHSA imposed a one percent (1%) tax on personal income over one million dollars (\$1,000,000) to serve individuals with serious mental illness (SMI) and individuals that may be at risk of developing serious mental health conditions. The BHSA reforms funding to prioritize services for people with the most significant mental health needs, while adding the treatment of substance use disorders (SUD), expanding housing interventions, and increasing the behavioral health workforce. It also enhances oversight, transparency, and accountability at the state and local levels.

ARTICLE II. General Contract Requirements

Paragraph K is hereby added to read as follows:

- K. Executive Order N-6-22 Russia Sanctions

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. “Economic Sanctions” refers to sanctions imposed by the U.S. government in response to Russia’s actions in Ukraine (<https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/ukraine-russia-related-sanctions>), as well as any sanctions imposed under state law (<https://www.dgs.ca.gov/OLS/Ukraine-Russia>). The EO directs state agencies and their contractors (including by agreement or receipt of a grant) to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should it be determined that Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this agreement. Contractor shall be provided advance written notice of such termination, allowing Contractor at least 30 calendar days to provide a written response. Termination shall be at the sole discretion of the County.

ARTICLE IV. Performance

Paragraph F and G.1 are hereby amended to read as follows:

F. Data Collection and Performance Outcome Requirements

Contractor shall comply with all local, State, and Federal regulations regarding local, State, and Federal Performance Outcomes measurement requirements and participate in the outcomes measurement process, as required by the State and/or DBH. For Mental Health Services Act (MHSA) programs and/or Behavioral Health Services Act (BHSA) programs, Contractor agrees to meet the goals and intention of the program as indicated in the related MHSA/BHSA Component Plan and most recent update.

Contractor shall comply with all requests regarding local, State, and Federal Performance Outcomes measurement requirements and participate in the outcomes measurement processes as requested.

MHSOAC, DHCS, OSHPD, DBH and other oversight agencies or their representatives have specific accountability and outcome requirements. Timely reporting is essential for meeting those expectations.

1. Contractor must collect, manage, maintain and update client, service and episode data as well as staffing data as required for local, State, and Federal reporting.
2. Contractor shall provide information by entering or uploading required data into:
 - a. County’s billing and transactional database system.

 - e. Any other data or information collection system identified by DBH, the MHSOAC, OSHPD or DHCS.
3. Contractor shall comply with all requirements regarding paper or online forms:
 - a. Bi-Annual Client Perception Surveys (paper-based): twice annually, or as designated by DHCS. Contractor shall collect consumer perception data for clients served by the programs. The data to be collected includes, but not limited to, the

client's perceptions of the quality and results of services provided by the Contractor.

- b. Client preferred language survey (paper-based), if requested by DBH.
 - c. Intermittent services outcomes surveys.
 - d. Surveys associated with services and/or evidence-based practices and programs intended to measure strategy, program, component, or system level outcomes and/or implementation fidelity.
 - e. Network Adequacy Certification Tool (NACT) as required by DHCS and per DBH instructions.
4. Data must be entered, submitted and/or updated in a timely manner for:
- a. All FSP and non-FSP clients: this typically means that client, episode and service-related data shall be entered into the County's billing and transactional database system.
 - b. All service, program, and survey data will be provided in accordance with all DBH established timelines.
 - c. Required information about FSP clients, including assessment data, quarterly updates and key events shall be entered into the DCR online system by the due date or within 48 hours of the event or evaluation, whichever is sooner.
5. Contractor will ensure that data are consistent with DBH's specified operational definitions, that data are in the required format, that data is correct and complete at time of data entry, and that databases are updated when information changes.
6. Data collection requirements may be modified or expanded according to local, State, and/or Federal requirements.
7. Contractor shall submit, monthly, its own analyses of the data collected for the prior month, demonstrating how well the contracted services or functions provided satisfied the intent of the Contract, and indicating, where appropriate, changes in operations that will improve adherence to the intent of the Contract. The format for this reporting will be provided by DBH.
8. Independent research involving clients shall not be conducted without the prior written approval of the Director of DBH. Any approved research must follow the guidelines in the DBH Research Policy.

Note: Independent research means a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research for purposes of this policy, whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities

1. Right to Monitor

County or any subdivision or appointee thereof, and the State of California or any subdivision or appointee thereof, including the Auditor General, shall have absolute right

to review and audit all records, books, papers, documents, corporate minutes, financial records, staff information, patient records, other pertinent items as requested, and shall have absolute right to monitor the performance of Contractor in the delivery of services provided under this Contract. Full cooperation shall be given by Contractor in any auditing or monitoring conducted, according to this agreement.

Contractor shall make all of its premises, physical facilities, equipment, books, records, documents, contracts, computers, or other electronic systems pertaining to Medi-Cal enrollees, Medi-Cal-related activities, services, and activities furnished under the terms of this Contract, or determinations of amounts payable available at any time for inspection, examination, or copying by DBH, the State of California or any subdivision or appointee thereof, Centers for Medicare and Medicaid Services (CMS), U.S. Department of Health and Human Services (HHS) Office of Inspector General, the United States Comptroller General or their designees, and other authorized Federal and State agencies. This audit right will exist for at least ten (10) years from the final date of the contract period or in the event the Contractor has been notified that an audit or investigation of this Contract has commenced, until such time as the matter under audit or investigation has been resolved, including the exhaustion of all legal remedies. Records and documents include, but are not limited to, all physical and electronic records. Contractor shall cooperate with the County in the implementation, monitoring and evaluation of this Agreement and comply with any and all reporting requirements established by the County, including changes due to BHSA requirements. Should the County identify an issue or receive notification of a complaint or potential/actual/suspected violation of requirements, County may audit, monitor, and/or request information from Contractor to ensure compliance with laws, regulations, and requirements, including to BHSA requirements, as applicable. County reserves the right to place Contractor on probationary status, as referenced in the Probationary Status Article, should Contractor fail to meet performance requirements; including, but not limited to violations such as high disallowance rates, failure to report incidents and changes as contractually required, failure to correct issues, inappropriate invoicing, untimely and inaccurate data entry, not meeting performance outcomes expectations, and violations issued directly from the State. Additionally, Contractor may be subject to Probationary Status or termination if contract monitoring and auditing corrective actions are not resolved within specified timeframes.

ARTICLE V. Funding and Budgetary Restrictions

Paragraph H and I are hereby amended, and paragraph J is added, to read as follows:

- H. The maximum financial obligation under this contract shall not exceed \$2,002,000 for the contract term.
- I. Exhibit I includes: approved Schedules A and B for FY 2025-26, 2026-27, and 2027-28 through December 31, 2027. All previously approved schedules remain in effect.
- J. The allowable funding sources for this Contract may include: Mental Health Services Act funds (MHSA), Behavioral Health Services Act funds (BHSA), and Federal funds used as match funds to draw down federal funds.

ARTICLE VI. Provisional Payment

Paragraph C and G are hereby amended to read as follows:

- C. Contractor shall bill the County monthly in arrears for services provided by Contractor on claim

forms provided by DBH. All claims submitted shall clearly reflect all required information specified regarding the services for which claims are made. Contractor shall submit the organizations' Profit and Loss Statement with each monthly claim. Each claim shall reflect any and all payments made to Contractor by, or on behalf of patients. Claims for reimbursement shall be completed and forwarded to DBH within ten (10) days after the close of the month in which services were rendered. Following receipt of a complete and correct monthly claim, the County shall make payment within a reasonable period. Payment, however, for any mode of service covered hereunder, shall be limited to a maximum monthly amount, which amount shall be determined as noted.

- For each fiscal year period (FYs 2022-23, 2023-24, 2024-25, 2025-26, 2026-27, and 2027-28 through December 31, 2027), no single monthly payment for any mode of service shall exceed one-twelfth (1/12th) of the maximum allocations for the mode of service unless there have been payments of less than one-twelfth (1/12th) of such amount for any prior month of the Contract. To the extent that there have been such lesser payments, then the remaining amount(s) may be used to pay monthly service claims which exceed one-twelfth (1/12th) of the maximum for that mode of service. Each claim shall reflect the actual costs expended by the Contractor subject to the limitations and conditions specified in this Contract.

- G. As this Contract may be funded in whole or in part by both MHSA and BHSA funds, Contractor must verify client eligibility for other categorical funding, prior to utilizing MHSA/BHSA funds. Failure to verify eligibility for other funding may result in non-payment for services. Also, if audit findings reveal Contractor failed to fulfill requirements for categorical funding, funding source will not revert to MHSA or BHSA. Contractor will be required to reimburse funds to the county.

ARTICLE XIV. Duration and Termination

Paragraph A is hereby amended to read as follows:

- A. The term of this Contract shall be from July 1, 2022 through December 31, 2027.

Paragraph H.3.a is hereby amended to read as follows:

- a. S&I list can be accessed at <https://data.chhs.ca.gov/dataset/provider-suspended-and-ineligible-list-s-i-list>.

ADDENDUM I. ARTICLE I. BACKGROUND

Paragraph A and B are hereby amended to read as follows:

- A. The Mental Health Services Act (MHSA), approved by California voters in 2004 and effective January 1, 2005, was created to transform the state's public mental health system. Its purpose was to reduce the long-term impacts of untreated serious mental illness on individuals, families, and public systems by expanding services, improving access, and promoting culturally responsive, recovery-oriented care. MHSA directed counties to develop modern, community-based systems focused on wellness for adults with serious mental illness and on resilience for children, youth, and their families.

As the State continues to evolve its approach to behavioral health, MHSA has transitioned into the Behavioral Health Services Act (BHSA). While grounded in the original goals and spirit of MHSA, BHSA broadens the framework to support a more integrated behavioral health system that encompasses both mental health and substance use needs.

Under this framework, the new Act identifies the following six core components designed to transform the behavioral health system to better serve priority populations.

- Behavioral Health Services and Supports
- Children's, Adult, and Older Adult Systems of Care
- Community Planning and Reporting
- Housing and Treatment Integration
- Oversight and Accountability
- Innovation and Flexibility

- B. The Department of Behavioral Health (DBH) has long embraced the transformational principles established under MHSA and continues to advance them under the Behavioral Health Services Act (BHSA). These principles guide the development of a community-driven, culturally competent, wellness-focused Prevention and Early Intervention (PEI) Plan that supports individuals and families with a particular focus on underserved and historically marginalized communities.

Although prevention and early intervention efforts span the full range of behavioral health care, the PEI component of BHSA has been expanded and is intentionally positioned at the earliest points of need. Its purpose is to design and implement programs that:

- Prevent mental illnesses and substance use disorders from becoming severe and disabling.
- Reduce disparities in access, quality, and outcomes.
- Are culturally responsive and linguistically appropriate, addressing barriers for underserved populations.

ADDENDUM 1, ARTICLE II. DEFINITIONS

Add paragraph W to read as follows:

- W. Behavioral Health Services Act (BHSA) - Proposition 1 Behavioral Health Services Act (BHSA): The BHSA, passed in 2024, replaces the Mental Health Services Act (MHSA) of 2004. The MHSA imposed a one percent (1%) tax on personal income over one million dollars (\$1,000,000) to serve individuals with serious mental illness (SMI) and individuals that may be at risk of developing serious mental health conditions. The BHSA reforms funding to prioritize services for people with the most significant mental health needs, while adding the treatment of substance use disorders (SUD), expanding housing interventions, and increasing the behavioral health workforce. It also enhances oversight, transparency, and accountability at the state and local levels.
