Proposal Notes:

Product Notes:

Biomedical training credits issued to customers at the time of sale, are for the sole use of employees of the facility purchasing the equipment, and are non transferable.

Central Station - Hospitals, or buying groups, that require special containment procedures while opening plenum spaces including the use of a negative chamber tent system will be billed separately for the containment costs. These cost will include, but not be limited to, rental of a containment system, plus the additional cost incurred by the cable installer and the Mindray Representative who are required to use the system. This will also apply to any containment costs incurred after the installation for Mindray Representatives when performing maintenance on the system.

Trash Removal responsibility

Mindray is not responsible for the disposal of packing material associated with newly installed Mindray products. Mindray will work with the customer to collect and centralize the packing material for ease of disposal by the customers' personnel. The customer will be responsible for sorting and disposal of packing material.

De-Installation of existing cabling

Mindray is not responsible for the de-installation of existing cabling associated with an existing patient monitoring system. Mindray will provide this service on a time and material basis in the event that the customer would like to have this work done by Mindray at the time of the installation. Customer will be responsible for pulling of cable and certification, if these items are not charged on the body of this quote.

Fiber Optics Requirements

In the event that fiber optics network runs are necessary due to the location of the central rack, then it will be the customer's responsibility to add the necessary fiber optic run(s). Mindray Technology service will provide this service on a T+M basis in the event that the customer would like to have this work done by Mindray.

Pricing for cable pull and certification is based on nonunion labor. If Union labor is required customer will be invoiced for any additional cost. Pricing for cablepull includes installation of cables above ceilings or any horizontal/vertical pathways and shall be supported per BISC1 standards utilizing communications rated J-hooks. Pricing does not include major structural changes to go between walls or floors, e.g., penetration of interior or exterior cement walls or the installation of conduit/Raceway.

Certified Refurbished products is subject to inventory availability.
