The San Bernardino County Solid Waste Management Division (County) has entered into an agreement with Biofuels San Bernardino Biogas, LLC (Biofuels) to provide for the sale of processed landfill gas from the Mid Valley Landfill. A portion of the Mid Valley Sanitary Landfill will be leased for 24 years to Biofuels for the siting and operation of the landfill gas processing facility. The final processed product, pipeline quality renewable natural gas fuel, will be delivered to market utilizing Southern California Gas Company infrastructure.
