## A. DEFINITIONS

- A.1 Community Development and Housing Department (CDH):** The County department responsible for the strategic investment and alignment of resources for affordable housing related functions. As such CDH prepares a strategic plan which governs the use of federal housing and community development grant funds that it receives from the U. S. Department of Housing and Urban Development (HUD), which includes the Community Development Block Grant Program, HOME Program and Emergency Solutions Grant. In addition, CDH is responsible for administering the state funded HDAP that assists homeless individuals who are likely eligible for disability programs, while also providing housing supports.
- A.2 Continuum of Care (CoC):** The regional or local planning body that coordinates housing and service funding for homeless families and individuals. The program is designed to promote a communitywide commitment with the goal of ending homelessness by providing funding to nonprofit providers, and State and local governments. These agencies will rehouse homeless individuals and families while minimizing the trauma and dislocation caused by homelessness. The program will also optimize self-sufficiency among individuals and families experiencing homelessness. The CoC Program funds two (2) types of permanent housing: permanent supportive housing (PSH) for persons with disabilities and rapid re-housing (RRH). Permanent supportive housing is permanent housing with indefinite leasing or rental assistance paired with supportive services to assist homeless persons with a disability or families with an adult or child member with a disability achieve housing stability.
- A.3 Continuum of Care (CoC) Housing Providers:** A network of Community Based Organizations partnered with the County to provide public and private services to homeless individuals and families.
- A.4 Contractor:** Any individual, company, firm, corporation, partnership, or other organization to whom a contract award is made by the County.
- A.5 Coordinated Entry System (CES):** The system used to identify, assess, and prioritize homeless individuals and families for housing and services based on vulnerability and severity of need. Designed to ensure people experiencing homelessness receive the right housing intervention and prioritize people who need supportive housing the most to be able to access it as quickly as possible.
- A.6 Emergency Shelter:** The emergency shelter must be owned by a government entity or private nonprofit organization. The shelter must serve homeless persons for at least 3 or 10 years, depending on the type of renovation and the value of the building. See 24 CFR 576.102.
- A.7 Homeless:** Refers to homeless as defined in 24 CFR Part 582.5.
- A.8 Homeless Management Information System (HMIS):** A web-enabled database used by homeless service providers to capture information about services provided to homeless individuals and families by collaborative agencies.
- A.9 Homelessness Prevention:** Housing relocation and stabilization services and short-and/or medium-term rental assistance as necessary to prevent the individual or family from moving to an emergency shelter, a place not meant for human habitation, or another place described in paragraph (1) of the homeless definition. See 24 CFR 576.103.
- A.10 Housing First:** An evidenced-based model that uses housing as a tool, rather than a reward, for recovery and that centers on providing or connecting homeless people to permanent housing as quickly as possible. Housing First providers offer services as needed and requested on a voluntary basis and that do not make housing contingent on participation in services. The approach is to

connect individuals and families experiencing homelessness quickly and successfully to permanent housing without preconditions and barriers to entry, such as sobriety, treatment, or service participation requirements. Supportive services are offered to maximize housing stability and prevent returns to homelessness as opposed to addressing predetermined treatment goals prior to permanent housing entry.

- A.11 Housing Search and Placement:** Services to assist clients to locate, secure, and navigate the rental market. Housing Placement activities may include, but are not limited to, unit identification, unit inspection, determining rent reasonableness, contracts, advocating for households, landlord/tenant mediation, housing navigation and any other housing requirements.

- A.13 No Wrong Door (NWD) Approach:** A comprehensive system accessible to individuals where they can access information about available services and resources through the County and community partners/providers. Regardless of where an individual goes in the system, he/she will be able to ascertain how to access services, including eligibility requirements, in a timely manner. This is accomplished through coordination with the County and community partners/providers to ensure services meet the needs of the individual, including emergency shelter and permanent housing.
- A.14 Permanent Housing (PH):** Community-based housing, without a designated length of stay in which formerly homeless individuals and families live as independently as possible and maintain stability. Under PH, a program participant must be the tenant on a lease (or sublease) for an initial term of at least one (1) year that is renewable and is terminable only for cause. Further, leases (or subleases) must be renewable for a minimum term of one (1) month.
- A.15 Rapid Re-Housing (RRH):** A short-term intervention designed to help individuals and families quickly exit homelessness and return to permanent housing. Using the Housing First model, moves families and individuals into permanent affordable housing as quickly as possible, assists with move-in costs such as security and utility deposits and short-medium term declining rental subsidies, and provides intensive social services while families or individuals are in their home. Supportive services are designed to enhance each family or individual's stability and equip them with skills and resources they need to sustain and thrive in housing and avoid future homelessness. RRH program may serve up to twenty-four (24) months of assistance during a three (3) year period.
- A.16 Street Outreach:** Essential Services related to reaching out to unsheltered homeless individuals and families, connecting them with emergency shelter, housing, or critical services, and providing them with urgent, non-facility-based care. See 24 CFR 576.101.
- A.17 U.S. Department of Housing and Urban Development (HUD):** A Federal agency established in 1965. HUD's mission is to increase homeownership, support community development, and increase access to affordable housing free from discrimination. through natural supports and progressive engagement of “lighter touch” solutions before providing a more intensive response through the shelter system or any other homeless service. Diversion includes services such as: creative problem-solving conversations; connecting with community resources and family supports; housing search and placement to help individuals and families resolve their immediate housing crisis.

#### A.7 UNIVERSAL ASSESSMENT

If an individual or family cannot be diverted from the homeless system of care, street outreach workers will complete the Vulnerability Index Service Prioritization Decision Assistance Tool (VI- SPDAT). The Coordinated Entry System utilizes the VI-SPDAT, TAY VI-SPDAT, and Family VI- SPDAT for determination of housing needs and vulnerability prioritization. The VI-SPDAT is a brief survey that can be conducted to quickly determine whether a client has high, moderate, or low acuity and vulnerability. These are taken into consideration with other factors to determine housing and services prioritization.
