**FINANCIAL IMPACT**

Approval of this item will not result in the use of Discretionary General Funding (Net County Cost).

Amendment No. 2 to Grant Agreement No. 22-1008 (Agreement) with the University of California (UC) Davis for the Koret Shelter Medicine Program, increasing the amount by \$200,000 for the California for All Animals Program (Program), does not require a local match. Adequate appropriation and revenue are included in the Department of Public Health's (DPH) 2024-25 recommended budget.

**BACKGROUND INFORMATION**

UC Davis was awarded \$50,000,000 in state funding to provide a variety of programs and direct support through grant allocations to local animal shelters through the statewide Program. The intent of this Program is to reduce the euthanasia of adoptable, healthy, and treatable pets.

The County is mandated to provide prompt veterinary care by state licensed veterinarians to injured, stray, and homeless pets. The DPH Animal Care Division, currently uses the grant award to increase the level of care for pets in need of enhanced veterinary services in Animal Care facilities and for spay/neuter for community cats, which aligns with the goals of the Program.
