5. PROGRAM REPLENISHMENT FUNDS:

- A. The DSH shall reimburse Contractor for program replenishment costs incurred under this Agreement. The replenishment costs shall include, but are not limited to:
- Setup of patient rooms as well as treatment and office space;
 - Administrative operating expenses and equipment; and
 - Treatment and testing materials.

6. SUMMARY OF WORK TO BE PERFORMED:

- A. Contractor shall provide access to portions of its WVDC for the purposes of administering a Jail-Based Competency Treatment (JBCT) program for the provision of restoration of competency treatment services for male and female individuals, hereafter referred to as "Patient Inmates," found by the courts to be Incompetent to Stand Trial (IST) under Penal Code section 1370. Contractor shall provide restoration of competency treatment services to felony IST Patient Inmates participating in the JBCT program pursuant to the DSH JBCT Policy and Procedures Manual.

7. CONTRACTOR RESPONSIBILITIES:

- A. Contractor shall designate an area within the WVDC dedicated to the administration of a JBCT program and provide restoration of competency treatment services that, either directly or through contract, may restore trial competency for incarcerated felony IST Patient Inmates committed to the DSH under Penal Code section 1370. Contractor shall submit any proposed changes to the JBCT program's designated area to the DSH Contract Manager and/or their designee for its prior written approval.
- B. In providing restoration of competency treatment services, Contractor shall adhere to the program outlines contained in Exhibit A-1, Program Elements and the DSH JBCT Policy and Procedures Manual, hereafter referred to as the "Manual." Contractor acknowledges it has received a copy of the Manual and has had an opportunity to review the terms and conditions of the Manual and consult with independent counsel. Contractor agrees to the terms and conditions of the Manual and that the

terms and conditions of the Manual are incorporated into this Agreement by reference. The meanings of the terms and requirements in this Agreement, unless otherwise defined in this Agreement, are defined in the Manual. In the event of an inconsistency between the Manual, attachments, specifications, or provisions which constitute this Agreement, the following order of precedence shall apply:

- i. DSH JBCT Policy and Procedures Manual (the "Manual");
- ii. Standard Agreement, STD. 213;
- iii. This Exhibit A, Scope of Work, including specifications incorporated by reference; and
- iv. All attachments incorporated in this Agreement by reference.

The Manual, as referenced in this Agreement, may be amended by the DSH from time to time. Contractor shall operate the JBCT program in accordance with the Manual, including any future amendments to the Manual. From the effective date of any amendment, Contractor shall follow the amendments required by any change in California statute or regulation. For all other amendments, Contractor shall present any of Contractor's concerns to the DSH within 10 business days from the date of notification, which does not relieve Contractor from adhering to any amendment, unless agreed upon in writing by the DSH. The DSH and Contractor shall negotiate, in good faith, changes to the Manual.

- C. Contractor shall ensure that a preliminary evaluation of each potential JBCT Patient Inmate is conducted through, at a minimum, a review of the medical and mental health records of each prospective Patient Inmate, prior to admission into the JBCT program.
 - i. Contractor shall ensure that priority for admissions to the JBCT program shall be based on commitment date, unless an exception is made based on one of the factors listed in California Code of Regulations (CCR), Title 9, Section 4710.
 - ii. Upon admission into the JBCT program, Contractor shall ensure that a more thorough assessment is conducted as indicated in Exhibit A-1, Program Elements, and the DSH JBCT Policy and Procedures Manual.
- D. Contractor shall provide a total of 64 beds to Patient Inmates located in the JBCT program's designated area.

Contractor shall be paid in full for the minimum of 55 beds (*Allocated Beds*) at the per diem rate, regardless of the number of Patient Inmates admitted.

Contractor shall be paid for additional beds (*Non-Allocated Beds*) at the per diem rate for the actual number of days that each individual Patient Inmate is in the JBCT program.

If, over the course of any consecutive 90-day period during the term of this Agreement, the average JBCT program census is below 90 percent occupancy rate, the DSH and Contractor shall execute an amendment to this Agreement upon jointly developing a plan. This plan shall ensure the 90 percent occupancy rate requirement is reliably met. Should another mutually agreeable plan not be identified within a time period which shall not exceed 90 days, the parties will negotiate a contract amendment. This provision shall correspond to the standard quarter periods commencing annually on July 1.

- E. Patient Inmates housed at the WVDC shall remain under the legal and physical custody of Contractor.

- F. Contractor retains the right to exclude specific individual Patient Inmates from the JBCT designated area for security and classification reasons at the time of assignment or at any point during their incarceration at the WVDC.
- G. Should Contractor determine, based on clinical considerations, patient history, or other factors, that a current or potential Patient Inmate is, or likely shall be, violent and a significant danger to others participating in the JBCT program, Contractor shall inform the DSH Contract Manager and/or their designee immediately in writing, and by phone. Contractor agrees that the decision to remove such a Patient Inmate from the JBCT program shall require mutual consent between Contractor and the DSH. Contractor shall not unreasonably request Patient Inmate removal from the JBCT program, and the DSH shall not unreasonably withhold such permission to remove Patient Inmates. In the event a Patient Inmate is removed from the JBCT program, the DSH shall arrange to have such Patient Inmate admitted to a state hospital or other DSH facility forthwith as is permitted under the admission requirements set forth in CCR, Title 9, sections 4700, et seq. Contractor shall continue to treat the Patient Inmate in the JBCT program until such arrangements are made and will transport the Patient Inmate to the assigned DSH facility on a mutually agreed upon date.
- H. Notwithstanding Sections F and G, Contractor shall make every reasonable effort to ensure that the contracted 55 Allocated Beds provided for treatment services under this Agreement are occupied by Patient Inmates at all times. This includes, but is not limited to, admitting Patient Inmates of increasing levels of acuity.
 - i. The DSH shall make every reasonable effort to ensure adequate Patient Inmate referrals are sent to Contractor throughout the term of this Agreement.
 - ii. By mutual agreement, in writing, and at the request of the DSH, Contractor may admit Patient Inmates into the JBCT program above the 55 Allocated Beds up to 64 beds.
- I. Contractor shall provide for the care, confinement, and security of the Patient Inmates in accordance with all federal and state laws, standards, regulations, policies, procedures, and court orders applicable to the WVDC.
- J. Contractor's custody staff assigned to the JBCT program shall receive Enhanced Mentally Ill Offender or Crisis Intervention Training (CIT) provided by Contractor and shall participate in the JBCT program's treatment team meetings.
- K. Contractor shall administer psychotropic/antipsychotic medications to patients who have a court order, when clinically appropriate. For patients without court ordered medication, and when clinically appropriate, Contractor shall obtain a court order via the Administrative Law Judge (ALJ) process as outlined in the Manual. Contractor has been funded with additional nursing positions to support the administration of court ordered involuntary medication, when clinically appropriate through any necessary coordination between the Contractor and subcontractor.
- L. Regional Meetings and Forensic Trainings:
 - i. Contractor and/or its subcontractor may be required to attend virtual meetings at least three times per year and DSH sponsored or required trainings in person up to twice per year, as determined by the DSH in its sole and absolute discretion.
 - ii. Travel related expenses shall be reimbursed as outlined in Exhibit B, Budget Detail.

M. Responsibilities for Medical Care:

- i. Contractor shall provide all Patient Inmates, with the full range of Routine Medical Care available to other inmates of the WVDC and is financially responsible for such care. Contractor agrees that the cost of all Routine Medical Care is included in the per diem rate charged to the DSH.
- ii. For the purposes of this Agreement, Routine Medical Care shall be defined as all medical, dental, and mental health care as well as the cost of medical supplies, formulary prescription medications which are provided to Patient Inmates, and restoration of competency treatment services which are provided by the WVDC to Patient Inmates, including prescribed psychotropic medications. Non-formulary prescription medications shall be provided to Patient Inmates as clinically indicated for both Routine and Non-Routine Medical Care. Minor medical procedures shall be considered routine medical care. Minor medical procedures involve minimally invasive procedures. In most cases, these are performed laparoscopically or arthroscopically. Procedure is performed without damaging extensive amounts of tissue. Risk of infection is reduced, and recovery time is shorter. Some surgical procedures are superficial in that they only affect the outermost portions of the body, and thus shall be considered Routine Medical Care.
- iii. For the purposes of this Agreement, Non-Routine Medical Care shall be defined as 1) major medical operations, surgeries, or procedures which would require admittance to a hospital longer than one day; 2) continuation of experimental medication; 3) critical life-saving services that cannot be provided onsite at the WVDC or via a county-contracted hospital; 4) dialysis service whether onsite or otherwise; and 5) emergency medical treatment that cannot be provided onsite at the WVDC. Major Medical Operations/Surgeries/Procedures shall be considered non-routine medical care. Major medical operations/surgeries/procedures involve opening the body allowing surgeon access to the area where the work needs to be completed. They involve major trauma to the tissue, a high risk of infection, and an extended recovery period. These shall be considered non-routine medical care. Emergency medical care shall be defined as situations that pose an immediate risk to health and life and require immediate intervention to prevent a worsening of the situation. These shall be considered non-routine medical care.
- iv. If a Patient Inmate requires Non-Routine Medical Care, Contractor shall notify the DSH Contract Manager or designee immediately in writing and by phone for pre-approval. For such patients, the DSH further reserves the right to either admit them to a state hospital for treatment or require Contractor to provide Non-Routine Medical Care. Should the DSH elect to require Contractor to provide the Non-Routine Medical Care, Contractor shall ensure that the Patient Inmate is provided care at a facility designated by the DSH Contract Manager. In the event the DSH directs Contractor to provide Non-Routine Medical Care, the DSH shall direct Contractor to instruct the facility providing care to invoice the DSH directly for the full cost of care provided by submitting the invoice to the attention of the DSH Contract Manager.
- v. In the event of an emergency, Contractor shall proceed immediately with necessary medical treatment. In the event of such an emergency, Contractor shall invoice the DSH directly for the full cost of care provided by submitting the invoice to the attention of the DSH Contract Manager. In such an event, Contractor shall notify the DSH immediately regarding the nature of the illness or injury as well as the types of treatment provided.

- vi. In the event a Patient Inmate requires Non-Routine Medical Care, Contractor shall communicate to the facility providing care to invoice the DSH directly for the full cost of care provided, which shall be offset by the Patient Inmate's Medicare or private health insurance plan when applicable. Contractor shall instruct the facility providing care to submit the Explanation of Benefits, reflecting Medicare or private health insurance payments or denials, with an original invoice when billing the DSH for the remaining balance (i.e., deductible, copay, and coinsurance amounts)
- N. For all Routine and Non-Routine Medical Care, Contractor shall be responsible for the security and transportation, including emergency transportation. Contractor agrees that all such costs are included in the per diem rate charged to the DSH.
- O. Upon Restoration of Competency:
Contractor shall be responsible for coordinating with San Bernardino County behavioral health programs for the continued mental health care, crisis intervention, ongoing counseling and care, and psychotropic medication compliance for the Patient Inmates restored to competence and transferred from the JBCT program.
- P. Contractor and its subcontractors shall procure and keep in full force and effect during the term of this Agreement all permits, registrations, and licenses necessary to accomplish the work specified in this Agreement and shall give all notices necessary and incident to the lawful prosecution of the work. Contractor shall provide proof of any such license(s), permits(s), and certificate(s) upon request by the DSH. Contractor agrees that failure by itself or its subcontractors to provide evidence of licensing, permits, or certifications shall constitute a material breach for which the DSH may terminate this Agreement with cause.
- Q. Contractor shall provide services as outlined in this Agreement. Contractor shall be responsible to fulfill the requirements of this Agreement and shall incur expenses at its own risk and invest sufficient amount of time and capital to fulfill the obligations as contained herein.
- R. Contractor and its subcontractors shall keep informed of, observe, comply with, and cause all of its agents and employees to observe and to comply with all prevailing Federal, State, and local laws, and rules and regulations made pursuant to said Federal, State, and local laws which in any way affect the conduct of the work of this Agreement. If any conflict arises between provisions of the plans and specifications and any such law above referred to, then Contractor shall immediately notify the State in writing.
- S. The DSH may terminate the Agreement pursuant to section 7 of Exhibit C if Contractor or its subcontractors fails to comply with a federal, state, or local law and the noncompliance, based on the facts and circumstances, would constitute a material breach of this Agreement under California law.
- T. Contractor may terminate this Agreement at its discretion upon 50 days' advance written notice.
- U. On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. By submitting a bid or proposal, Contractor represents that it is not a target of Economic Sanctions. Should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities,

that shall be grounds for rejection of the Contractor's bid/proposal any time prior to contract execution, or, if determined after contract execution, shall be grounds for termination by the State.

8. DSH RESPONSIBILITIES:

- A. The DSH shall provide an orientation of the JBCT program to Contractor at the discretion of the DSH. Such orientation shall include an overview of State policies and procedures, the DSH JBCT Policy and Procedures Manual, and appropriate statutes related to the JBCT program.
- B. The DSH shall be responsible for the development and maintenance of the DSH JBCT Policy and Procedures Manual concerning JBCT program operations and treatment consistent with State and federal laws and the DSH policies and procedures.
- C. Rights of the DSH to Perform Quality Assurance and Financial Audits/Reviews
 - i. The DSH may routinely evaluate the work performance of Contractor, Contractor's personnel, subcontractors, or other parties associated with Contractor to determine if the DSH standards and departmental policies and procedures are being maintained. If it is found that any party fails to perform or is physically or mentally incapable of providing services as required by this Agreement, then that party shall not perform services for the DSH.
 - ii. The DSH may monitor and evaluate services provided in fulfillment of the requirements of this Agreement, as detailed in Exhibit A. Such monitoring and evaluation may occur on a regular cycle or as deemed necessary by the DSH Contract Manager and/or their designee. The DSH retains sole and absolute discretion in determining any such evaluation schedule.
 - iii. Inspections may be conducted by the DSH staff at any time during the Agreement term to check on the quality of work. Payment shall not be provided for services deemed unacceptable by the DSH Contract Manager and/or their designee.
 - iv. The DSH may audit and examine Contractor's records and accounts which pertain, directly or indirectly, to services performed under this Agreement. The DSH may hire third parties to perform the audit and examination, including but not limited to, accountants, consultants, or service providers in the applicable field. Contractor shall cooperate fully with the audits and examinations.
 - v. If, as a result of an audit and examination, the DSH is informed of underpayments or overpayments, the DSH shall notify Contractor of the need for payment or reimbursement. Upon receipt of a final audit report, Contractor has 30 days to reimburse any overpayment or to dispute or challenge the report. If an underpayment has been identified, the Contractor may submit the necessary invoices for payment as outlined in Exhibit B, Section 2, "Instructions to the Contractor." All payment will be made in accordance with the timelines in Exhibit B.. Contractor and the DSH shall confer and negotiate in good faith with respect to any disputed portion of the final audit report to reach agreement with respect to adjustments, payments, and reimbursements.
 - vi. The DSH shall submit its findings to Contractor and establish a deadline for correcting any deficiencies in fulfilling the obligations set forth in this section. Failure by Contractor to timely correct deficiencies shall be reason for termination of services under this Agreement.

9. PERFORMANCE MEASURES:

A. Complete and Timely Provision of Services

- i. Expectations: Contractor is expected to provide all services, including any and all required reports, in a timely manner—in accordance with timelines established in Exhibit A, Scope of Work and the DSH JBCT Policy and Procedures Manual.
- ii. Penalties: Should Contractor not provide all services, including any and all required reports in a timely manner, the DSH may choose to terminate this Agreement. Additionally, the DSH may find Contractor to be not responsible in provision of services and evaluate this in future contracting opportunities.

10. AMENDMENTS:

- A. The parties reserve the right to amend this Agreement by extending its term for two additional terms of up to one year each, and to add funding sufficient for these periods at the same rates or to negotiate a new rate. All rate increases will be dependent on available funding and are not guaranteed (see Exhibit B Section 3). This right to amend is in addition to the right to amend for other reasons contained in this Agreement or noted in the solicitation that resulted in this Agreement, if applicable. Any amendment shall be in writing and signed by both parties and be approved by the Department of General Services and the San Bernardino County Board of Supervisors, if such approval is required.
- B. This Agreement and, if applicable, any subsequent amendments, may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts shall together constitute one and the same Agreement. The parties shall be entitled to sign and transmit an electronic signature of this Agreement (whether by facsimile, PDF or other mail transmission), which signature shall be binding on the party whose name is contained therein. Each party providing an electronic signature agrees to promptly execute and deliver to the other party an original signed Agreement upon request.

The DSH Patient Management Unit (PMU) shall coordinate with the committing court to ensure all required documents listed under Penal Code section 1370, subdivision (a)(3) are provided by the court for all Patient Inmates upon admission. If at any time Contractor receives court correspondence directly from the court, Contractor shall provide copies of these documents to the DSH immediately, no later than 24 hours from receipt of the documents.

B. Referrals Determined to be Not Suitable for Admission

Should Contractor determine, based on clinical or custodial considerations, that a felony IST referral is not suitable for admission into the JBCT program, Contractor shall inform the DSH Contract Manager and/or their designee and the PMU immediately via the JBCT Enterprise Data Platform (EDP) application.

C. Removal of Patient Inmates No Longer Clinically Suitable

- i. Upon admission, Contractor shall assess each Patient Inmate to ascertain if restoration of trial competence is likely as required in the DSH JBCT Policies and Procedures Manual.
- ii. Should Contractor determine, based on clinical considerations or other factors, that a Patient Inmate admitted into the JBCT program is no longer clinically suitable for participation in the program, Contractor shall contact the DSH Contract Manager, and/or their designee, to discuss treatment options. Contractor agrees that the decision to remove such a Patient Inmate from the JBCT program shall require mutual consent between Contractor and the DSH. Contractor shall not unreasonably request Patient Inmate removal from the JBCT program and the DSH shall not unreasonably withhold such permission to remove Patient Inmates.
- iii. Should Contractor and the DSH determine a Patient Inmate should be removed from the JBCT program, Contractor shall continue to provide treatment until arrangements are made to admit the Patient Inmate to another DSH facility. Within seven days of making this determination, Contractor shall also provide the documents, listed in the current Manual, as well as any other additional documents requested by the DSH.

D. Psychological Assessment Protocol

- i. Contractor shall administer a battery of individualized psychological assessments and testing upon admission and throughout the Patient Inmate's stay with the JBCT. Standardized structured professional judgement measures and structured psychological assessments that are generally accepted by the field shall be utilized to complete assessments of the Patient Inmate's current functioning, cognitive abilities, likelihood of malingering, and current competency to stand trial. Full requirements for assessment and a non-exhaustive list of appropriate assessment measures are included in the Manual.

In addition to the use of structured assessments of patient response style, effort, and symptom validity as they relate to the potential that a patient is malingering and/or has cognitive dysfunction,

Contractor shall integrate additional observable data reported by various disciplines on a 24/7 basis in coming to diagnoses for Patient Inmates. Full requirements for assessment and a non-exhaustive list of appropriate assessment measures are included in the Manual.

E. Individualized Treatment Program

- i. Contractor shall provide an individualized restoration program according to the treatment approach subscribed to by the individual treatment teams and indicated by the Patient Inmate's psychiatric condition, level of functioning, and legal context.

Deficits identified in the competency assessment upon admission to the JBCT program, or in subsequent assessments, shall be listed in the individual treatment plan and addressed by specific treatment interventions.
- iii. Contractor shall conduct case conferences weekly or as needed to reassess Patient Inmates' progress toward restoration of competence to allow the treatment teams to measure whether their treatment interventions are working, and whether additional treatment elements need to be incorporated into Patient Inmates' treatment plans.

F. Multi-model, Experiential Competency Restoration Educational Experience and Components

- i. Contractor shall provide educational materials presented in multiple learning formats by multiple staff to each Patient Inmate, e.g., a simple lecture format may be replaced with learning experiences involving discussion, reading, video, and experiential methods of instruction, such as role-playing or mock trial.

G. Medication Administration and Consent

- ii. Contractor shall provide strategies to promote and incentivize voluntary psychotropic medication compliance.
- iii. If involuntary psychotropic medication is not ordered by the Court at time of commitment of a Patient Inmate to the JBCT program and the treating psychiatrist determines that psychotropic medication has become medically necessary and appropriate, Contractor shall request that the Court issue an order for the administration of involuntary psychotropic medication as outlined in the DSH JBCT Policy and Procedures Manual.
- iv. The Contractor will enact policies and procedures to ensure that within 14 days of admission from when a patient is admitted to the JBCT, and the Court has authorized administration of involuntary medication either:
 - a. The treating medical professional prescribes psychotropic medications to be administered over the patient's objection if the patient does not voluntarily comply with administration. The Contractor's policies and procedures will ensure that involuntary medication is administered over the patient's objection, if necessary, beginning with the date of the medical professional's prescription.

Or

 - b. The treating medical professional determines that medications that could be provided involuntarily are not currently medically appropriate or necessary for the patient and documents their reasoning in the medical record.
